book mainly highlights case studies that have been conducted in various countries and which employ or depart from the theoretical epistemological and methodological proposals that guide this book The research discussed here introduces readers to new discussions on theoretical and methodological issues in subjectivity that have increasingly attracted interest

Contemporary Spanish cinema and genre Jay Beck, Vicente Rodríguez Ortega, 2019-01-04 This volume is the first English language collection exclusively dedicated to the study of genre in relation to Spanish cinema Providing a variety of critical perspectives the collection gives the reader a thorough account of the relationship between Spanish cinema and genre drawing on case studies of several of the most remarkable Spanish films in recent years The book analyses the significant changes in the aesthetics production and reception of Spanish film from 1990 onwards It brings together European and North American scholars to establish a critical dialogue on the topics under discussion while providing multiple perspectives on the concepts of national cinemas and genre theory In recent years film scholarship has attempted to negotiate the tension between the nationally specific and the internationally ubiquitous discussing how globalisation has influenced film making and surrounding cultural practice These broader social concerns have prompted scholars to emphasise a redefinition of national cinemas beyond strict national boundaries and to pay attention to the transnational character of any national site of film production and reception This collection provides a thorough investigation of contemporary Spanish cinema within a transnational framework by positing cinematic genres as the meeting spaces between a variety of diverse forces that necessarily operate within but also across territorial spaces Paying close attention to the specifics of the Spanish cinematic and social panorama the essays investigate the transnational economic cultural and aesthetic forces at play in shaping Spanish film genres today

Power, Knowledge and Feminist Scholarship Maria do Mar Pereira, 2017-02-10 Feminist scholarship is sometimes dismissed as not quite proper knowledge it s too political or subjective many argue But what are the boundaries of proper knowledge Who defines them and how are they changing How do feminists negotiate them And how does this boundary work affect women s and gender studies and its scholars and students lives These are the questions tackled by this ground breaking ethnography of academia inspired by feminist epistemology Foucault and science and technology studies Drawing on data collected over a decade in Portugal and the UK US and Scandinavia this title explores different spaces of academic work and sociability considering both official discourse and corridor talk It links epistemic negotiations to the shifting political economy of academic labour and situates the smallest but fiercest departmental negotiations within global relations of unequal academic exchange Through these links this timely volume also raises urgent questions about the current state and status of gender studies and the mood of contemporary academia Indeed its sobering yet uplifting discussion of that mood offers fresh insight into what it means to produce feminist work within neoliberal cultures of academic performativity demanding increasing productivity As the first book to analyse how academics talk publicly or in off the record humour about feminist scholarship *Power Knowledge and Feminist Scholarship* is essential

Contexts for Amos M. Daniel Carroll R.,1992-01-01 Border Culture Ilan Stavans,2010-02-09 The border between the United States and Mexico despite attempts at containment remains a vast and uniquely malleable yet indefinable region With *Border Culture* Ilan Stavans has collected essays representative of the tangled experiences and issues central to life between cultures Divided into two sections *Border Culture* covers topics essential to better understanding this often misunderstood region and state of mind The first section *Considerations* culls essays covering socio economic and political topics illustrating the hyper reality of life and living on *La Frontera* Section two *Testimonios* takes careful consideration of lives affected by the border either as a finite place alternate universe or the framework of the border as a state of mind through various historic and literary accounts of *La Frontera* This enlightening and comprehensive collection will no doubt help readers better understand border culture Ethnography at the Border Pablo Vila,2003 For cultural theorists the border has proven a fluid and hybrid space profitably explored for new ideas about identity gender and ethnicity But for those who occupy this region the border is not merely a metaphor but a lived experience yielding immediate often pressing ambiguities problems and

perils Focusing on a particular area of the U S Mexico border Ciudad Juarez El Paso Ethnography at the Border brings out the complexity of the border experience through the voices of the diverse people who inhabit the region In a series of ethnographic essays that investigate specific aspects of border existence the contributors provide rich and detailed insights into such topics as life in illegal subdivisions called colonias in Texas the experience of actually crossing the bridge between El Paso and Ciudad Juarez the impact of Operation Blockade on illegal crossings the controversy surrounding El Paso Border Patrol s proposal for a border wall in Sunland Park the paradoxes of making American products using Mexican workers and the relevance of grassroots efforts environmental problems and the multiple meanings of Mexican The final chapter offers a critique of the all too metaphorical border often depicted by cultural studies Painstakingly conveying how the border looks and feels to those on both sides Ethnography at the Border transmutes statistics on migration labor markets and economic trends as well as conceptualizations of cross cultural identities into the experience the observations and the troubling lessons of border life

Caught Between the Lines Carlos Riobó, 2019-04 Caught between the Lines examines how the figure of the captive and the notion of borders have been used in Argentine literature and painting to reflect competing notions of national identity from the nineteenth to the twenty first centuries Challenging the conventional approach to the nineteenth century trope of civilization versus barbarity which was intended to criticize the social and ethnic divisions within Argentina in order to create a homogenous society Carlos Riob traces the various versions of colonial captivity legends He argues convincingly that the historical conditions of the colonial period created an ethnic hybridity a mestizo or culturally mixed identity that went against the state compulsion for a racially pure identity This mestizaje was signified not only in Argentina s literature but also in its art and Riob thus analyzes colonial paintings as well as texts Caught between the Lines focuses on borders and mestizaje both biological and cultural as they relate to captives specifically how captives have been used to create a national image of Argentina that relies on a logic of separation to justify concepts of national purity and to deny transculturation
