inception to the present day His underlying assumption is that the different values attributed to the Zohar are not inherent qualities of the zoharic texts but rather represent the way it has been perceived by its readers in different cultural contexts He therefore considers not only the attribution of different qualities to the Zohar through time but also the people who were engaged in attributing such qualities and the social and cultural functions associated with their creation re creation and rejection For each historical period from the beginning of Zohar scholarship to the present Huss considers the social conditions that stimulated the veneration of the Zohar as well as the factors that contributed to its rejection alongside the cultural functions and consequences of each approach Because the multiple modes of the reception of the Zohar have had a decisive influence on the history of Jewish culture this highly innovative and wide ranging approach to Zohar scholarship will have important repercussions for many areas of Jewish studies *The Readers Guide to Judaism and Jewish Studies* Sarah Imhoff,2013 The Zohar Daniel C. Matt,2003 **A Guide to Hidden Wisdom of Kabbalah** Rav Michael Laitman,2003-01-01 An important goal in the study of Kabbalah is to use one s knowledge to influence one s destiny Firstly one has to realise what life is what its meaning is why it is given to us where it begins and where it ends After pondering and meditating on the above questions one has to relate all this to Kabbalah Kabbalah states that the Creator created all the worlds simultaneously including our world and we human beings have to use Kabbalah in our world the finite material world In order to further advance our understanding of the wisdom of Kabbalah we need to lift our mind s eye above the horizon of our material world Kabbalah clarifies our perception of reality What we see around us is subjective and exists only in relation to ourselves Our perception depends on our organs of sensation if they were different we would perceive another world around us This book provides the reader with a solid foundation for understanding the role of Kabbalah in our world The contents was designed to allow individuals all over the world to begin traversing the initial stages of spiritual ascent toward the apprehension of the upper realms **The Wisdom of the Zohar** Isaiah Tishby,1989-09-01 The Zohar is the fundamental work of Jewish mysticism Isaiah Tishby s classic and definitive Wisdom of the Zohar makes the world of the Zohar available to the English speaking reader in all its complexity and poetry The extended extracts are arranged by topic each section being prefaced by introductory explanations and accompanied by copious notes There is also a General Introduction on the complex symbolism of the Zohar and on its historical and literary background The scholarly value of David Goldstein s acclaimed translation is enhanced by an index expanded to include references to passages cited in the introduction and notes and by the addition of a subject index and an index of biblical references Isaiah Tishby was awarded the Bialik Prize 1972 the Israel Prize 1979 and the Rothschild Prize 1982 mainly for his work on The Wisdom of the Zohar David Goldstein was awarded the Webber Prize 1987 for this translation The Land Is Mine Andrew D. Berns,2022-04-12 After their expulsion from Spain in 1492 Sephardi Jews such as Isaac Abravanel Abraham Saba and Isaac Arama wrote biblical commentaries that stressed the significance of land They interpreted Judaism as a tradition whose best expression

and ultimate fulfillment took place away from cities and in rural settings Iberian Jewish authors rooted their moral teachings in an ethical treatment of the natural world elucidating ancient agricultural laws and scrutinizing the physical context and built environments of Bible stories *The Land Is Mine* asks what inspired this and suggests that the answer lies not in timeless exegetical or theological trends but in the material realities of late medieval and early modern Iberia during a period of drastic changes in land use The book uses a highly traditional source base in a decidedly untraditional way In *Jewish Studies* Andrew D Berns observes biblical commentary is typically studied as an intramural activity Though scholars have conceded that Jewish scriptural exegesis welcomes material and ideas from other fields and traditions little to no work treats premodern Hebrew Bible commentary as also drawing upon Classical and Christian sources as well as contemporary writings on land management and political economy Abravanel Saba and Arama were engaged with questions that had broad resonance during their lives the proper way to treat the land the best occupations to pursue and the ideal setting for human community Scriptural commentary was the forum in which they addressed these problems and posed solutions to them A work of intellectual history *The Land Is Mine* demonstrates that it is impossible to understand Jewish culture without considering the physical realities on which it depended

Mothers in the Jewish Cultural Imagination Marjorie Lehman, Jane L. Kanarek, Simon J. Bronner, 2017-08-01 Most Jews will feel intimately familiar with and attached to the figure of the Jewish mother yet few have questioned representations of mothers and motherhood in Jewish culture This volume aims to fill this gap by bringing to the fore the vast network of symbols and images which Jews have associated with mothers from the Bible to the modern period It demonstrates the complex ways in which the Jewish mother has been used to construct and frame Jewish religion and culture

Claussen, 2024-12-04 *Jewish Ethics The Basics* demonstrates how ancient and contemporary ideas have shaped and reshaped Jewish traditions about how to act toward others Readers are introduced to foundational questions controversies and diverse ethical conclusions developed by Jewish thinkers throughout the ages Topics addressed include Assumptions about Authority Love Compassion Justice and Humility Human Rights War Land and Power Gender and Sexuality Personal and Social Ethics Environmental and Animal Ethics Bioethical Issues Concise readable and engaging this is the ideal introduction for anyone interested in religious ethics secular traditions Judaism and the field of Jewish ethics

Gender and Scientific Discourse in Early Modern Culture Professor Kathleen Perry Long, 2013-04-28 In the wake of new interest in alchemy as more significant than a bizarre aberration in rational Western European culture this collection examines both alchemical and medical discourses in the larger context of early modern Europe How do early scientific discourses infiltrate other cultural domains such as literature philosophy court life and the conduct of households How do these new contexts deflect scientific pursuits into new directions and allow a larger participation in the elaboration of scientific methods and perspectives Might there have been a scientific subculture particularly surrounding alchemy which allowed women to participate in scientific pursuits long before they were

admitted in an investigative capacity into official academic settings This volume poses those questions as a starting point for a broader discussion of scientific subcultures and their relationship to the restructuring and questioning of gender roles

The Jewish Middle Ages Carol Bakhos, Gerhard Langer, 2023-03-15 For many the Middle Ages in general evokes a sense of the sinister and brings to mind a world of fear superstition and religious fanaticism For Jews it was a period marked by persecutions pogroms and expulsions Yet at the same time the Middle Ages was also a time of lively cultural exchange and heightened creativity for Jews In *The Jewish Middle Ages* contributors explore the ways in which the stories of biblical women including Eve Sarah Hagar Rebekah Zipporah Ruth Esther and Judith make their way into the rich tapestry of medieval Jewish literature mystical texts and art particularly in works emanating from Ashkenazic circles Contributors include Carol Bakhos Judith R Baskin Elisheva Baumgarten Dagmar Branner Klein Constanza Cordoni Rachel Elior Meret Gutmann Gr n Robert A Harris Yuval Katz Wilfing Sheila Tuller Keiter Katrin Kogman Appel Gerhard Langer Aurora Salvatierra Ossorio and Felicia Waldman These essays give us a glimpse into the role women played and the authority they assumed in medieval Jewish culture beyond the rabbinic centers of Palestine and Babylonia **The Jews of Medieval**

Western Christendom Robert Chazan, 2006-11-23 A comprehensive synthesis of medieval Jewish history between AD 1000 and 1500 **The Scandal of Kabbalah** Yaacob Dweck, 2013-12-26 The Scandal of Kabbalah is the first book about the

origins of a culture war that began in early modern Europe and continues to this day the debate between kabbalists and their critics on the nature of Judaism and the meaning of religious tradition From its medieval beginnings as an esoteric form of Jewish mysticism Kabbalah spread throughout the early modern world and became a central feature of Jewish life Scholars have long studied the revolutionary impact of Kabbalah but as Yaacob Dweck argues they have misunderstood the character and timing of opposition to it Drawing on a range of sources Polemical Encounters Olav Hammer, Kocku Von Stuckrad, 2007 In its historical development from late antiquity to the present western esotericism has repeatedly been the issue of polemical discourse This volume engages the polemical structures that underlie both the identities within and the controversy about esoteric currents in European history From Jewish and Christian kabbalah through heretical discourse and interconfessional polemics in early modernity to the legitimization of esoteric identity in modern culture the 12 chapters accompanied by an editors introduction provide a cornucopia of relevant cases that are interpreted in a framework of polemical discourse and Othering This volume sheds new light on the ultimately polemical structure of western esotericism and thus opens new vistas for further research into esoteric discourse **Hasidic Commentary on the Torah** Ora Wiskind-Elper, 2018-03-13

Hasidism a movement of religious awakening and social reform originated in the mid eighteenth century After two and a half centuries of crisis upheaval and renewal it remains a vibrant way of life and a compelling aspect of Jewish experience This book explores the profound intellectual and religious issues that the hasidic masters raised in their Torah commentary and brings to the fore the living qualities of their sermons **Zohar, the Book of Enlightenment** Daniel Chanan Matt, 1983

This is the first translation with commentary of selections from The Zohar the major text of the Kabbalah the Jewish mystical tradition This work was written in 13th century Spain by Moses de Leon a Spanish scholar **The Art of Deception is the Rule of Life** Albert Amao Soria Ph.D.,2024-07-09 This book is a spiritual journey of self discovery for those open minded and willing to embrace the truth even if it means confronting deep rooted false beliefs inherited from our ancestors It is a call to step out of the comfort of blissful ignorance and into the light of personal enlightenment Ignoring the truth may provide temporary solace but it can lead to greater despair and fear in the long term This existential gap is usually filled with religions myths and legends however these stories may not be entirely factual Nevertheless they provide solace and a sense of purpose in life so they are often considered well intentioned pious fiction Many desire to know the truth but few are genuinely prepared to handle it This book challenges many core beliefs and convictions held as accurate it may lead to existential conflict As King Solomon wisely said For with much wisdom comes much sorrow the more knowledge the more grief Ecclesiastes 1 18 These words resonate with the essence of this book inviting you to embark on a journey of self discovery and truth seeking It highlights the transformative potential of this process as those who can confront the truth honestly undergo a psychological catharsis a liberation of erroneous assumptions Thus this book is not for the faint of heart More than 2 500 years ago Buddha stated that life is an illusion and today s most accurate science quantum physics asserts that we live in virtual reality The truth can challenge our deepest convictions and induce confusion because we live based on false assumptions imposed by our ancestors mass media outdated education systems and traditional erroneous beliefs

Radical Judaism Arthur Green,2010-03-30 How do we articulate a religious vision that embraces evolution and human authorship of Scripture Drawing on the Jewish mystical traditions of Kabbalah and Hasidism path breaking Jewish scholar Arthur Green argues that a neomystical perspective can help us to reframe these realities so they may yet be viewed as dwelling places of the sacred In doing so he rethinks such concepts as God the origins and meaning of existence human nature and revelation to construct a new Judaism for the twenty first century
