A History of Pan-African Revolt C. L. R. James, Cyril Lionel Robert James, 2012 A classic history of revolts by African peoples worldwide up until the early 20th century explores the wide range of methods used by Africans to resist oppression and the negative effects of imperialism and colonization Reissue [History of Pan-African Revolt](#) C.L.R. James, 2012-10-25 Originally published in England in 1938 the same year as his magnum opus *The Black Jacobins* and expanded in 1969 this work remains the classic account of global black resistance Robin D G Kelley s substantial introduction contextualizes the work in the history and ferment of the times and explores its ongoing relevance today *A History of Pan African Revolt* is one of those rare books that continues to strike a chord of urgency even half a century after it was first published Time and time again its lessons have proven to be valuable and relevant for understanding liberation movements in Africa and the diaspora Each generation who has had the opportunity to read this small book finds new insights new lessons new visions for their own age No piece of literature can substitute for a crystal ball and only religious fundamentalists believe that a book can provide comprehensive answers to all questions But if nothing else *A History of Pan African Revolt* leaves us with two incontrovertible facts First as long as black people are denied freedom humanity and a decent standard of living they will continue to revolt Second unless these revolts involve the ordinary masses and take place on their own terms they have no hope of succeeding Robin D G Kelley from the Introduction I wish my readers to understand the history of Pan African Revolt They fought they suffered they are still fighting Once we understand that we can tackle our problems with the necessary mental equilibrium C L R James **Revolution in 35mm** Andrew Nette, Samm Deighan, 2024-09-24 *Revolution in 35mm* Political Violence and Resistance in Cinema from the Arthouse to the Grindhouse 1960 1990 examines how political violence and resistance was represented in arthouse and cult films from 1960 to 1990 This historical period spans the Algerian war of independence and the early wave of post colonial struggles that reshaped the Global South through the collapse of Soviet Communism in the late 80s It focuses on films related to the rise of protest movements by students workers and leftist groups as well as broader countercultural movements Black Power the rise of feminism and so on The book also includes films that explore the splinter groups that engaged in violent urban guerilla struggles throughout the 1970s and 1980s as the promise of widespread radical social transformation failed to materialize the Weathermen the Black Liberation Army and the Symbionese Liberation Army in the United States the Red Army Faction in West Germany and Japan and Italy s Red Brigades Many of these movements were deeply connected with and expressed their values through art literature popular culture and of course cinema Twelve authors including academics and well know film critics deliver a diverse examination of how filmmakers around the world reacted to the political violence and resistance movements of the period and how this was expressed on screen This includes looking at the financing distribution and screening of these films audience and critical reaction the attempted censorship or suppression of much of this work and how directors and producers eluded these

restrictions Including over two hundred illustrations the book examines filmmaking movements like the French Japanese German and Yugoslavian New Waves subgenres like spaghetti westerns Italian poliziotteschi Blaxploitation and mondo movies and films that reflect the values of specific movements like feminists Vietnam War protesters and Black militants The work of influential and well known political filmmakers such as Costa Gavras Gillo Pontecorvo and Glauber Rocha is examined side by side with grindhouse cinema and lesser known titles by a host of all but forgotten filmmakers including many from the Global South that are deserving of rediscovery

Rebel Speak Bryonn Bain,2022-04-19 Through dialogues with activists including Albert Woodfox founder of the first Black Panther Party prison chapter and Susan Burton founder of Los Angeles s A New Way of Life Reentry Project a conversation with a warden pushing beyond traditions at Sing Sing Correctional Facility and an intimate exchange with his brother returning from prison Bryonn reveals countless unseen spaces of the movement to end human caging Sampling his provocative sessions with influential artists and culture workers like Public Enemy leader Chuck D and radical feminist MC Maya Jupiter Bryonn opens up and guides discussions about the power of art and activism to build solidarity across disciplines and demand justice With raw insight and radical introspection Rebel Speak embodies the growing call for credible messengers on prisons policing racial justice abolitionist politics and transformative organizing

C. L. R. James Aldon Lynn Nielsen,2010-12 This study of C L R James s writings is the first to look at them as literature and not as theory This sustained analysis of his major published works places them in the context of his less well known writings and offers an encompassing critique of one of the African diaspora s most significant thinkers and writers Here the author of Black Jacobins World Revolution A History of Pan African Revolt Beyond a Boundary and the lyric novel Minty Alley is seen not only as among the great political philosophers but also as the literary artist that he remained from his first writings in his native Trinidad through his underground years in America to his final essays and speeches in London The writings of James have inspired revolutionaries on three continents They have altered the course of historiography shown that way toward independent black political struggles and established a base for much of today s study of culture This study evaluates them as powerful works of literature

In the Spirit of Critique Andrew J. Douglas,2013-12-02 Focusing on the critical postures of Hegel Marx and a series of twentieth century intellectuals including Sartre Adorno and C L R James this book explores what dialectical thinking entails and how such thinking might speak to the lived realities of the contemporary political moment What is revealed is not a formal method or a grand philosophical system but rather a reflective energy or disposition a dialectical spirit of critique that draws normative sustenance from an emancipatory moral vision but that remains attuned principally to conflict and tension and to the tragic uncertainties of political life In light of the unique challenges of the late modern age as theorists and citizens struggle to sustain an active and coherent critical agenda In the Spirit of Critique invites serious reconsideration of a rich and elusive intellectual tradition

Rethinking Race, Politics, and Poetics Brett St Louis,2007-12-12 Rethinking Race Politics and Poetics offers a critical

appraisal of C L R James as a major twentieth century activist intellectual exploring his prolific output spanning decades within genres as diverse as history philosophy sociology literary and cultural criticism prose fiction and reportage The book also analyzes some of the flaws and contradictions that surfaced within James writings as a consequence of the difficult circumstances in which he worked and lived as an itinerant migrant intellectual invariably involved with fringe political groups Assessing James as a lifelong committed Marxist and humanist the book argues that his core concern with racial political and cultural questions as central to human and social understanding led him to develop a distinctive critique of the modern world *Newsletter of the Black Caucus of the American Library Association* ,1999 *American Imperialism's Undead* Raphael Dalleo,2016-09-02 As modern Caribbean politics and literature emerged in the first half of the twentieth century Haiti as the region s first independent state stood as a source of inspiration for imagining decolonization and rooting regional identity in Africanness Yet at precisely the same moment that anticolonialism was spreading throughout the Caribbean Haiti itself was occupied by U S marines a fact that regional political and cultural histories too often overlook In *American Imperialism's Undead* Raphael Dalleo examines how Caribbean literature and activism emerged in the shadow of the U S military occupation of Haiti 1915-34 and how that presence influenced the development of anticolonialism throughout the region The occupation was a generative event for Caribbean activists such as C L R James George Padmore and Marcus and Amy Jacques Garvey as well as for writers such as Claude McKay Eric Walrond and Alejo Carpentier Dalleo provides new ways of understanding these luminaries while also showing how other important figures such as Aimé Césaire Arturo Schomburg Claudia Jones Frantz Fanon Amy Ashwood Garvey H G De Lissers Luis Palés Matos George Lamming and Jean Rhys can be contextualized in terms of the occupation By examining Caribbean responses to Haiti s occupation Dalleo underscores U S imperialism as a crucial if unspoken influence on anticolonial discourses and decolonization in the region Without acknowledging the significance of the occupation of Haiti our understanding of Atlantic history cannot be complete

The Revolution Will Not Be Theorized Errol A. Henderson,2019-01-01 Studies the revolutionary theory of the Black Power Movement in the 1960s through 70s placing it within the broader social theory of black revolution in the United States since the nineteenth century The study of the impact of Black Power Movement BPM activists and organizations in the 1960s through 70s has largely been confined to their role as proponents of social change but they were also theorists of the change they sought In *The Revolution Will Not Be Theorized* Errol A Henderson explains this theoretical contribution and places it within a broader social theory of black revolution in the United States dating back to nineteenth century black intellectuals These include black nationalists feminists and anti imperialists activists and artists of the Harlem Renaissance and early Cold War era black revolutionists The book first elaborates W E B Du Bois s thesis of the General Strike during the Civil War Alain Locke s thesis relating black culture to political and economic change Harold Cruse s work on black cultural revolution and Malcolm X s advocacy of black cultural and political revolution in the United States Henderson then critically examines BPM

revolutionists theorizing regarding cultural and political revolution and the relationship between them in order to realize their revolutionary objectives Focused more on importing theory from third world contexts that were dramatically different from the United States BPM revolutionists largely ignored the theoretical template for black revolution most salient to their case which undermined their ability to theorize a successful black revolution in the United States This book is not only one of the most intellectually ambitious works but also the most comprehensive examination of revolutionary theory in the Black Power Era A monumental accomplishment Bravo Komozi Woodard author of A Nation within a Nation Amiri Baraka LeRoi Jones and Black Power Politics

Decolonizing Knowledge Radha D'Souza, Sunera

Thobani,2025-04-24 Interdisciplinary scholars rethink strategies for moving contemporary decolonization politics forward by revisiting the writings of the mid 20th century anti colonial movements leading intellectuals Decolonizing Knowledge draws on intellectual histories of anti colonial thinkers who developed their ideas of decolonization through practical engagement with struggles for freedom from colonialism Reading works by J P S Uberoi Frantz Fanon Aim C saire C L R James and Andaiye among others interdisciplinary activist scholars reflect on the meaning of decolonization that emerged from anti colonial struggles of the past and its relevance today Each chapter in the volume reflects on one or more texts from anti colonial thinkers of the past to draw out the meaning of decolonization as conceptualized by earlier generations providing key insights from their thinking and examining their relevance for contemporary struggles for racial gender and class justice With authors writing from multiple disciplines these essays straddle a range of themes from theory and practice art and literature gender and violence and political economy to address a subject that is preoccupying academia and activists in the 21st century Decolonizing Knowledge is an intervention into contemporary debates on decolonizing curricula and universities arguing that these calls need to be firmly engaged in wider social practices for justice and that they can learn much from those who wrote on the topic amid the 20th century s many struggles for freedom Our Time Is Now Selma

James,2021-07-20 For over sixty years Selma James has been organizing from the perspective of unwaged women who with their biological and caring work reproduce the whole human race along with whatever other labor they are performing This work goes on almost unnoticed everywhere on the planet and in every culture When this work is not economically prioritized politically protected or socially supported there are dire consequences for the whole of humanity beginning with women and children This much anticipated follow up to her first anthology Sex Race and Class compiles several decades of James s work with a focus on her more recent writings including a groundbreaking analysis of C L R James s two masterpieces The Black Jacobins and Beyond a Boundary and an account of her formative partnership with him over three decades Her experience with the Caribbean movement for independence and federation is reflected in her introduction to Ujamaa the extraordinary work of Tanzanians to bypass capitalism and much more Steeped in the tradition of Marx James draws on half a century of organizing across sectors struggles and national boundaries with others in the Wages for Housework Campaign and the Global Women s Strike an autonomous network of women men and other genders that agree with their perspective There is one continuum between the care and protection of people and of the planet both must be a priority beginning with a care income for everyone doing this vital work James makes the powerful argument that the climate justice movement can draw on all the movements people have formed to refuse their particular exploitation to destroy the capitalist hierarchy that is destroying the world Our time is now **The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University** Hoover Institution on War, Revolution, and Peace,1969 Catalog of the Tamiment Institute Library of New York University Tamiment Library,1980 **Freedom, Equality and Solidarity** Lucy Eldine Parsons,2004
