A History Of Russian Literature:

A History of Russian Literature Andrew Kahn, Mark Lipovetsky, Irina Reyfman, Stephanie Sandler, 2018-04-13 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century A History of Russian Literature provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and personal Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular brings out trans historical features that contribute to the notion of a national literature The volume s time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia s literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation

Excerpt from *A Short History of Russian Literature* The period of the greatest activity of the two brothers was during their residence in Moravia The Moravian princes seeing that the people were unable to apprehend even the elementary truths of Christianity addressed them selves to the Byzantine Emperor Michael who selected Cyril for the purpose The success of the Slavonic mission in Moravia aroused and alarmed the German Hierarchy which dreading the loss of its influence on the Moravians impugned these first missionaries before Pope Nicholas I The Pope summoned the brothers to Rome for trial but it was his successor Adrian II who heard them and so far from letting them be tried made Methodius a Bishop and sent him to Moravia where he lived for sixteen years more Cyril worn out with toil died at Rome About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Excerpt from *The History of Russian Literature With a Lexicon of Russian Authors* That the kingdoms of Europe are daily becoming more exposed to the risk of being subjugated by the barbarism of Russia is the constant theme of declamation among a numerous and influential party in this country It will be evident however on the slightest reflection that it is not the barbarism of Russia which is to be dreaded but her civilisation Not only year after year is some new province added to the formidable acquisitions of the imperial sceptre but day after day the internal resources of the people are becoming more and more developed and the Russian language is rendered richer in its attractions in the same proportion as it is more widely diffused in extent About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
