A Journey Of Peace And Pain Learning From Loss:

A Journey of Peace and Pain Carolyn DeArmond Blevins, 2012-04-01 Walking helps Walking is therapy for me When I walk I think I sort I get in touch with my anger I relive my pain as a way of coming to terms with it I process I do some of my best thinking when I walk Often something that I am dealing with is much clearer when I return from a walk Much of this book was born as I walked in our neighborhood I relived the pain I relived the compassion I struggled with loss I tried to sort out how I live with this loss I prayed Thoughts about pain loss and peace became clearer as I walked Heading to the computer as I entered the house to jot down those thoughts was a typical experience Perhaps it is appropriate that a book about a personal journey was significantly birthed as I walked Walking is therapy for me So is reading A few months after our daughter Kym's death I began to search for books to guide me on this new journey Many good books by others who had walked similar journeys or by professional grief counselors stimulated and comforted me I learned so much from them Writing about what I learned became another avenue of healing Walking reading and writing pave the path of this journey

A Journey of Pain and Peace Carolyn DeArmond Blevins, 2012 *Hidden Grace: Growing Through Loss and Grief* William L. Blevins, 2014-11-26 Hidden Grace Growing through Loss and Grief offers a hopeful model of bereavement for persons experiencing painful losses Rather than viewing this universal human experience as an illness to be cured or sorrow to be tolerated Blevins portrays grief as a holistic process that offers the possibility of personal transformation when life is shattered by a significant loss Blevins draws upon his experience as a mental health professional and university professor and the traumatic loss of his daughter He affirms that while grief is agonizing it is a normal and instinctive human response that can nurture personal growth and wholeness grounded in meditative spirituality In this way grief can become both gift and grace in responding to a significant loss depending upon how one chooses to respond **Love and Loss: A Journey through Fear to Peace - Volume Three** Betty Hibod, 2025-01-20 Many books have been written as histories recounting events that shaped the life of a group society nation or civilization or as biographies recounting events and achievements relating to one person's life and work Many books have been written putting forth ideas philosophies and words of wisdom to live by Some of these we call holy books or scripture Fewer books have been written like this one which go behind the scenes of history lay bare the feelings behind the philosophies and document the painful and joyful inner path along which historical events and philosophical ideas emerge This book is intensely even shockingly personal not clinical or abstract or detached It is an intimate detailed sensual and sometimes disturbing account of a life lived on the cusp that bridges time and eternity Its focus is narrow it does not reveal much at all about anyone's visible public life or accomplishments but it explores in great depth the invisible contents of minds hearts and souls The scriptures and scriptural commentaries of most religions describe a path to salvation or bliss and provide instructions or guideposts for moving along the path but they are still only theoretical hypothetical mythical or metaphorical accounts This book seeks to show how the theories and hypotheses play out

pragmatically in real time and space how the myths come alive in flesh and spirit how the metaphors become the very things they symbolize How does daily life look from inside someone in the throes of awakening How does she know who or what she is How is her destiny revealed How do seemingly ordinary mundane events become miracles This book begins to answer those questions **Embracing the Horizon: A Journey to Peace with Our Own Mortality** Casey Rivera, 2025-09-18 Embracing the Horizon A Journey to Peace with Our Own Mortality Imagine living fully cherishing every moment and approaching life's inevitable end not with fear but with grace and acceptance Embracing the Horizon offers a gentle compassionate guide to navigating the profound truths of mortality turning the unspoken companion of death into a catalyst for deeper living Through insightful reflections practical tools and timeless wisdom this book invites you to confront your fears explore diverse cultural and spiritual perspectives and discover how awareness of our finiteness can ignite a richer more meaningful life From unraveling the tapestry of anxiety surrounding death to cultivating gratitude forging authentic connections and embracing the beauty of impermanence each chapter empowers you to live with purpose presence and peace Whether you're seeking solace clarity or a renewed zest for life Embracing the Horizon offers a heartfelt journey that honors the universal human experience reminding us that in accepting our mortality we find the true essence of living Step into this transformative exploration and discover how the horizon of death can become the gateway to a life of profound meaning and unshakable serenity **Living the Truth in Love** Janet Smith, 2015-07-08 Living the Truth in Love grew out of the desire to provide answers to the questions posed for the Synod on Marriage called by Pope Francis How can the Christian community give pastoral attention to families with persons with same sex attraction While avoiding any unjust discrimination how can the Church give such persons pastoral care in light of the Gospel How can God's will be proposed to them in their situation People who want to be instruments of Christ's love to those who experience same sex attraction SSA seek guidance on how best to do so They need to listen to the stories of those who experience SSA and the stories of those who have accompanied them on their journeys They also need to ground their responses in a genuine Christian understanding of the human person and of human sexuality This volume includes essays that lay out the Christian view of the human person and of human sexuality essays that challenge the bifurcation of sexualities into heterosexual and homosexual Topics include an explanation of the meaning of the word disorder a discussion of the therapeutic power of friendship and an application of Saint John Paul II's personalism to the question of same sex attraction Psychologists and counselors explain various ways of affirming those who experience SSA and of leading them to experience the power of Christ's healing love Several of those who experience SSA tell their touching and inspiring stories **First Love** Gopal Kolekar, 2024-03-12 I am also seriously wondering why I am writing this book on this subject but what should I say I also had my first love and it compelled me to write this book Love is a natural phenomenon associated with human life We can't get freedom from love I think God also can't escape from this We can say there is a strong relationship between males and females in human life Scientifically the particular male and

female child so attracted to each other with their closed minds that they do not want to be separated from their entire lives is called the first love Keeping scientific thoughts in mind I also ignored my first love and took it lightly because I wanted to get a doctorate before my death For that I studied my entire life and finally I got it But somewhere in my heart was clicking the pains of my first love and I forcefully agreed that to date I couldn't escape from my first love and I think it was impossible for me Because of this happening to me I am quite surprised at what is true and wrong in my life Now this question has been arising seriously in my life Being a science student I know the function of the human brain and my brain functions under no control it automatically tunes up with my first love So I suggested to people please don't take it lightly otherwise you will suffer from your first love And request that society and the government please take care of the physical and financial help of their young children from this first love depression otherwise their lives will be meaningless and this will become the only cause of depression in their lives without any proper reason so we have to take the utmost care in this regard Please follow the guidelines mentioned in this book to be saved from the depression of first love Hence this handbook

LOSS TEAR Dr. Walter Banks,2025-09-03 Writing this book has been an agonizing yet cathartic experience The act of putting my grief into words of piecing together the fragments of a shattered life has been a slow painstaking process It has forced me to confront the rawness of my emotions to grapple with the unanswered questions that plague me and to reconcile my faith with the reality of my loss This is not a neatly packaged story with a tidy resolution Rather it is a raw and honest exploration of the complexities of grief a journey through the darkest corners of sorrow and a testament to the enduring power of love faith and the human spirit s capacity to endure and perhaps even heal It is my hope that this book will offer solace to others who have experienced similar losses a reminder that they are not alone in their sorrow It is also my hope that readers will discover within these pages the profound value of cherishing each day each moment each relationship a testament to how fleeting and how precious life truly is It is my hope that the strength found in faith will inspire others The path to healing is a personal journey but I found it impossible to navigate alone Sharing Caitlyn s story has allowed me to connect with those who have experienced similar pain and find kinship in our shared grief

Hendery, 2024-05-09 This practical book is for people who are grieving for people who want to support them as they undertake the painful journey of grief and for anyone who wants to reflect on their own experiences of loss When Alister asked Isobel whose husband had died a few years before what would have helped her most then her response was immediate Someone who would walk with me Not people who would talk at me and give me answers but simply listen to me and walk with me The grief walk Grieving and loss are universal experiences but how you experience grief is unique to you In his ministry Alister has found that models of the stages of grief are unhelpful as is the idea of closure Instead he gives you permission to work through your grief in the ways and at the times that are helpful to you Alister explores disenfranchised grief that occurs when we are denied the right to grieve and our loss isn't recognised Our lives are marked by countless losses and we all carry grief about many losses in our life If we embrace our grief we can journey on to something new and find fresh hope Praise for The Grief Walk The Grief Walk has a freshness and honesty about grief beginning with its imaginative title and sustained until the final affirmation of hope We all experience loss and grief in our lives But as Hendery writes until we name and acknowledge a loss and recognise that we have a right to grieve we are unable to come to terms with it He emphasises that grief doesn't follow a predetermined path and nor can we close it off like a tap He describes a perceived end process of closure as psychobabble While grief may not be permanently disabling we learn to encompass it This is not the same as closure Grief may find expression in different physical and emotional symptoms and we can't expect religious faith to provide a magical answer Finding someone who listens and understands who in a sense personifies the presence of God can help us with the grief journey The Grief Walk confronts the idea that grief is momentary or experienced in clearly defined stages and points to a hope This book is a gift for all who grieve or who walk with those who grieve John Meredith in Tui Motu Magazine Issue 253 October 2020 27 Far too often people present grieving as a one way process with well defined stages concluding with something they call closure I strongly reject such an extremely unhelpful model Alister does also he is clear that your grieving is unique to you Rev d Bosco Peters on Liturgy.co.nz This book will read you as you are reading it It is a book you will pick up and put down and pick up and put down as you find yourself walking again through parts of your life maybe unexpectedly rediscovering boggy patches you had forgotten or not realised are still painful There is ancient wisdom here alongside modern psychology There is gentleness and there is a reality faced that grief is universal painful and not always an easy walk But beware As I read Alister's words I found myself thinking lamenting crying and laughing I surprised myself with the depth of some of what rose to the surface for me Ancient griefs recent disappointments and the ambivalent feelings that came like fish to breathe the air again From the Foreword by The Rev d Rob Ferguson Contents Title and Copyright Foreword Preface Acknowledgements How I use certain Words Authors who have Influenced Me 1 Introduction 2 Our Lives are Laden with Losses Acknowledging our Losses Disenfranchised Losses and Grievs 3 Experiences of Disenfranchised Loss
