Alcohol in the Writings of Herman Melville Corey Evan Thompson, 2015-05-11 In early to mid-19th century America there were growing debates concerning the social acceptability of alcohol and its consumption. Temperance reformers publicly decried the evils of liquor, and America's greatest authors began to write works of temperance fiction, stories that urged Americans to refrain from imbibing. Herman Melville was born in an era when drunkenness was part of daily life for American men, but came of age at a time when the temperance movement had gained social and literary momentum. This first full-length analysis of alcohol and intoxication in Melville's novels, short fiction, and poetry shows how he entered the debate in the latter half of the 19th century. Throughout his work he cautions readers to avoid alcohol and consistently illustrates negative outcomes of drinking.

American Literature Before 1880 Robert Lawson-Peebles, 2003-11-13 *American Literature Before 1880* attempts to place its subject in the broadest possible international perspective. It begins with Homer looking westward and ends with Henry James crossing the Atlantic eastward. In between, the book examines the projection of images of the East onto an as yet unrecognised West, the cultural consequences of Viking, Colombian, and then English migration to America, the growth and independence of the British American colonies, the key writers of the new Republic, and the development of the culture of the United States before and after the Civil War. It is intended both as an introduction for undergraduates to the richness and variety of American Literature and as a contribution to the debate about its distinctive nature. The book therefore begins with a lengthy survey of earlier histories of American Literature.
