A History of Reading Stuart Hylton, 2007 Few towns of its size have as rich and varied a history as Reading and few hide the fact better For the past two centuries and more growth and modernisation have swept away much of the evidence of the past But for a thousand year before that Reading played a major role in the affairs of the nation King Alfred fought in the town for control of his kingdom and in medieval times Reading was an international centre for pilgrimage and governance Parliaments met here and kings and princes were married and buried locally The town has been sacked by Vikings besieged in the Civil War and saw fighting in the streets during the so called Bloodless Revolution that overthrew King James II in 1688 Since then Reading s fortunes have been transformed by a series of revolutions in transport The town today serves as an effective illustration of the benefits and the challenges that improvements have brought to the nation as a whole Its individual character is exemplified by the extraordinary range of people who have lived here from Thomas a Becket to the most controversial person ever to hold the office of Archbishop of Canterbury from the man who effectively ran the country through the minority of a king to one of our least competent prime ministers This lively and well illustrated account of Reading s colourful history will shed surprising light on the rich past of a community that has never been slow in embracing the future

A History of Women in Ireland, 1500-1800 Mary O'Dowd, 2016-02-17 The first general survey of the history of women in early modern Ireland Based on an impressive range of source material it presents

the results of original research into women's lives and experiences in Ireland from 1500 to 1800. This was a time of considerable change in Ireland as English colonisation, religious reform and urbanisation transformed society on the island. Gaelic society based on dynastic lordships and Brehon Law gave way to an anglicised and centralised form of government and an English legal system. [The History of Reading](#) S. Towheed, W. Owens, 2011-08-25. Gabriel Harvey and the History of Reading Anthony Grafton, Nicholas Popper, William H. Sherman, 2024-01-08. Few articles in the humanities have had the impact of Lisa Jardine and Anthony Grafton's seminal *Studied for Action* (1990), a study of the reading practices of Elizabethan polymath and prolific annotator Gabriel Harvey. Their excavation of the setting, methods and ambitions of Harvey's encounters with his books ignited the History of Reading, an interdisciplinary field which quickly became one of the most exciting corners of the scholarly cosmos. A generation inspired by the model of Harvey fanned out across the world's libraries and archives seeking to reveal the many creative, unexpected and curious ways that individuals throughout history responded to texts and how these interpretations in turn illuminate past worlds. Three decades on, Harvey's example and Jardine's work remain central to cutting-edge scholarship in the History of Reading. By uniting *Studied for Action* with published and unpublished studies on Harvey, by Jardine, Grafton and the scholars they have influenced, this collection provides a unique lens on the place of marginalia in textual, intellectual and cultural history. The chapters capture subsequent work on Harvey and map the fields opened by Jardine and Grafton's original article, collectively offering a posthumous tribute to Lisa Jardine and an authoritative overview of the History of Reading.

The History of Reading, Volume 2 K. Halsey, W. Owens, 2011-08-26. Reading has a history. But how can we recover it? This volume brings together original research essays focusing on the history of reading in the British Isles, using evidence ranging from library records to Mass Observation surveys to highlight the social factors that influence a seemingly private individual activity.
