GDR Literature in German Curricula and Textbooks Elizabeth Priester Steding, 2023-09-15 This book analyzes the changing portrayal of GDR literature in German Gymnasium textbooks 1985/2015 Addressing the need for textbook research to broaden its focus from GDR history to GDR literature the author presents case studies of well known GDR authors Bertolt Brecht Johannes R. Becher Anna Seghers Wolf Biermann and Christa Wolf each examining a particular aspect of the societal discourse about GDR literature and the tension between literary text and historical context Taken together the case studies reveal the frequently underestimated power of ideology in literature textbooks They also show how attempts to package these authors into simplified categories ultimately reveal the profound complexities of the GDR literary legacy By examining the clear tension between literature and politics in textbooks and curricula the author demonstrates how ideological messages are transmitted in all textbooks as well as the importance of attending to overt and covert ideology
