

— THE OVERLOOK —
**MARTIAL ARTS
READER**

"An extraordinarily informative book. The *Overlook Martial Arts Reader* is an excellent volume that belongs in the libraries of all serious students of the martial arts, regardless of their length of practice." — *Yogi Journal*

Literature in the field of martial arts is both impressive and wide ranging, but until now has been largely unavailable to the general reader. This remarkable collection brings together historical and philosophical works which range from dynastic Japan to present day America.

The writings are organized in sections of history, training and discipline, philosophy, and other aspects. Together for the first time are selections from such works as Eugen Herrigel's *The Way Of Zen*, *Art Of Archery*, Maxine Hong Kingston's *The Woman Warrior*, Miyamoto Musashi's classic *A Book Of Five Rings*, and *Exercises: The Way* by the father of modern karate, Gichin Funakoshi.

Writing about subjects as diverse as the training of women samurai and the contribution of Jujitsu to education in 19th century Japan, acknowledged experts address such disciplines as aikido, judo, karate, kung-fu, kempo, tai chi chuan, tai kwondo, and weapons techniques. The *Overlook Martial Arts Reader* emphasizes the many common elements of the Asian fighting arts: the development of moral character, the art of defensive victory, and above all the mastery of certain skills and attitudes that allow one to achieve the transcendence accompanying all martial arts endeavors.

Roderic F. McLuish is a student of tai kwondo and has a strong interest in the literature of the martial arts. He is the author of numerous books, including *The Martial Arts Book*, and is currently Professor of English at Davidson College in North Carolina.

Yoga Journal, 1990-05 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty Academic Approaches to Martial Arts Research, Vol. 2 Michael DeMarco, This two volume anthology conveniently contains useful academic tools for studying the combative arts Each chapter will prove special to all interested in the intellectual side to the martial arts Some chapters provide fine details for categorizing the variety of what we commonly refer to as martial arts Other chapters focus on the martial arts as living culture and social implications The quality of instruction can either encourage negative traits such as violence or allow a practitioner to experience a self transformation that improves character NOTE print edition is a single volume **America's Fascination with Asian Martial Arts** Michael DeMarco, Chapters in this book present meticulous research into the adaptation and significance of Asian combatives as infused within American society These chapters are presented here as published according to their original chronological appearance in the Journal of Asian Martial Arts In the first chapter Dr John Donohue presents an anthropological perspective on what Asian martial arts represent to Americans and why Americans choose to study them The attraction goes far beyond the physical aspects of self defense embracing the symbolic associations of warrior heros grasping of power and skills through mythical means and a quest for a coherent world view Though Asian martial systems do establish high principles their interpretation and evolution are affected by powerful societal trends ranging from the inclination toward mutual improvement to commercialism and militarism In chapter two Dr Daniel Rosenberg brings a realistic picture of the favorable and not so favorable aspects of martial art studies In chapter three martial arts coverage by four major market American newspapers are analyzed by Ellen Levitt Since the articles reflect trends and attitudes we should be concerned with how they and their styles are presented in newspapers Frederick Lohse s chapter shows that by identifying or contrasting ourselves with shared ideas and images we construct an identity that is both salient to ourselves and understandable to those around us Her examines some aspects of how practitioners in the USA use the martial arts as one means of constructing their narratives of Self In chapter five by Geoffrey Wingard an ethnographic snapshot is examined to illustrate the validity of the seminal studies of martial arts and aggression This chapter shows how students representing traditional and non traditional martial arts engage each other represent their arts and exhibit aggressive and non aggressive behaviors The final chapter by John Donohue examines how the revolution in communications technology has altered American understanding regarding the relationship between skill acquisition training and the end result of such training Just what attracts people to study fighting arts What psychological needs are met when one joins an instructional class Practitioners and scholars will find much in this anthology to broaden the perspective and understanding

of why Americans are so fascinated with the Asian martial traditions **Legacies of the Sword** Karl F. Friday, Seki Humitake, 1997-07-01 Western scholars and educators are generally far less familiar with the samurai in his original and ostensibly primary role as warrior and masters of arms than in his other functions as landowner feudal lord literature or philosopher Yet any attempt to comprehend fully the samurai without considering his military abilities and training bugei is futile With verve and wit Karl Friday combines the results of nearly two decades of fieldwork and archival research to examine samurai martial culture from a broad perspective as a historical phenomenon as a worldview and as a system of physical spiritual and moral education *Stay Safe!* Sara Kirsten Nelson, 2008-09-01 Tips for dealing with threats to personal safety whether from a bully in school or a stranger on a street corner **Oxford Studies in Agency and Responsibility** David Shoemaker, Neal A. Tognazzini, 2013 Oxford Studies in Agency and Responsibility is a series of volumes presenting outstanding new work on a set of connected themes in moral philosophy and philosophy of action This special volume in the series presents ten new papers marking the fiftieth anniversary of P F Strawson s landmark essay Freedom and Resentment Some of the papers offer critical interpretation of Strawson s essay some expand on his insights into the nature of interpersonal relationships and some develop his overall themes in new and challenging directions *The Elements of Skill* Theodore Dimon, Jr, 2013-01-08 Why do so many beginners both children and adults fail to master chosen skills The Elements of Skill was inspired by and addresses that question with a program based on proven techniques The book written by a renowned practitioner of the Alexander Technique outlines an educational system that makes the process of learning a performance or athletic skill more conscious and therefore more successful Its principles include breaking down a skill into manageable parts setting realistic goals observing mind body processes overcoming blocks controlling habits and achieving heightened awareness and self mastery Included are inspiring examples of people who have benefited from the method
