The Mustard Seed By Osho:

The Mustard Seed Osho, 2010-02-01 This timely book explores the wisdom of the Gnostic Jesus who challenges our preconceptions about the world and ourselves Based on the Gospel of Thomas the book recounts the missing years in Jesus life and his time in Egypt and India learning from Egyptian secret societies then Buddhist schools then Hindu Vedanta Each of Jesus original sayings is the seed for a chapter of the book each examines one aspect of life birth death love fear anger and more counterpointed by Osho s penetrating comments and responses to questions from his audience [The Mustard Seed](#) Osho, 1994 The Gospel According to Thomas discovered at Nag Hammadi in Egypt in the 1940s is claimed by many to be a collection of the authentic sayings of Jesus as recorded by the Apostle Thomas This series of discourses on the sayings presents them in a language designed for the modern seeker Osho uses each of Jesus s sayings as the seed for a discourse that encompasses many realms of experience philosophy science religion birth death love fear anger and guilt Taking the sayings out of their narrower Christian context he blends their wisdom with that of other religious traditions **The**

Osho, India and Me Jack Allanach, **Our Beloved Osho** Arvind Swami Chaitanya, 2001 *The Rebellious Enlightened Master* Osho Swami Jñānabhedha, 2006 On the life and visions of Osho 1931 1990 Indian spiritual leader

Osho Rajneesh and His Disciples Harry Aveling, 1999 Osho Never Born Never Died Only visited this Planet Earth between December 11 1931 January 19 1990 As this final inscription suggests Osho Rajneesh was a paradox an individual with no claims to being an individual a Master with thousands of disciples who refused to be a Master He has variously been seen as the god that failed the most dangerous man since Jesus Christ and the Buddha for the future This book brings together some of the best short writings in English on Osho and neo Sannyasa Some of the pieces are celebratory some inquisitive but uncommitted some scholarly and some frankly sceptical The book is divided into four parts dealing with Osho himself his Community Meditation and Therapy and the Decline and Renewal of his movement with a postscript on the present commune Together the papers provide a full picture of a complex man and a vibrant if turbulent religious movement

Zorba the Buddha Hugh B. Urban, 2016-01-12 *Zorba the Buddha* is the first comprehensive study of the life teachings and following of the controversial Indian guru known in his youth as Bhagwan Shree Rajneesh and in his later years as Osho 1931 1990 Most Americans today remember him only as the sex guru and the Rolls Royce guru who built a hugely successful but scandal ridden utopian community in central Oregon during the 1980s Yet Osho was arguably the first truly global guru of the twentieth century creating a large transnational movement that traced a complex global circuit from post Independence India of the 1960s to Reagan s America of the 1980s and back to a developing new India in the 1990s The Osho movement embodies some of the most important economic and spiritual currents of the past forty years emerging and adapting within an increasingly interconnected and conflicted late capitalist world order Based on extensive ethnographic and archival

research Hugh Urban has created a rich and powerful narrative that is a must read for anyone interested in religion and globalization *A Reader in New Religious Movements* George D. Chryssides, Margaret Wilkins, Margaret Z. Wilkins, 2006-05-10 There are over 600 New Religious Movements NRMs in Great Britain alone and more than 2000 in the United States A Reader in New Religious Movements provides an introduction to the main teachings of a selection of these organizations focusing on those that are well established in the West The contemporary and in some cases controversial NRMs covered include the Unification Church the International Society for Krishna Consciousness the Family Osho Soka Gakkai International and the Western Buddhist Order **Back To The Truth** Dennis Waite, 2010-05-11 A systematic treatment of Advaita which demystifies it differentiating between approaches and teachers enabling you to decide which approach is most suitable for you **SELF SEEKING** Dennis Waite, 2025-10-14 Separate the true teachers from the self seeking gurus **The Cosmic Lady Was Right** Marshall Motz, 2009-09-28 No ordinary memoir this book aspires to be more than a mere exercise in narcissism A street person in a zany California beach town at the end of the author's days provides the theme planet Earth is the Galaxy Lunatic Training Asylum upon which each of us has been planted with one purpose namely to rise from the stupidity and the darkness around us into the light to regain in fact our sanity Mama Earth is really tired of it all the Lady opines and recommends a journey inward Taking a literary look back at his life he sees she was right In a series of poignant vignettes it becomes clear that he and the whole country have been progressively descending into hopeless lunacy Ah but there's more there's an agenda here It seems it's all been a macho ego trip the whole of human history in fact an unfortunate male mistake a mere prelude to the new paradigm the return of the goddess meaning the spiritual androgyny that Jesus talks about in the Gospel of Thomas We need to restore the balance between male and female In a hilarious final chapter set in the aforementioned California city it all comes together Mama Earth the Goddess Sophia and the Cosmic Lady who is vindicated in an eschatological grand finale She was right all along To Believe Or Not To Believe: The Social and Neurological Consequences of Belief Systems Rahasya Poe, 2009-11-06 To Believe or not To Believe The Social and Neurological Consequences of Belief Systems An in depth look at how we limit our conscious evolution by maintaining rigid belief systems that no longer serve us and are lacking any logic or reason considering today's advances in physics neuroscience and recent archaeological finds Neuroscience has shown that people who meditate have much higher brain coherence than people who don't this balance is thought to be the gateway for spiritual enlightenment which could be viewed as a bioneurological event Through a better understanding of reality and our relationship to it humankind will be able to see through the veils of illusion that keep us in constant conflict with one another Included are interviews with Dr Bruce Lipton Dr Joe Dispenza Dr Andrew Newberg Fred Alan Wolf Neale Donald Walsch Lynne McTaggart Gary Zukav Amit Goswami Shakti Gawain Dan Millman Byron Katie Alberto Villoldo PhD Drunvalo Melchizedek Peter Russell Timothy Freke and Rollin McCraty of HeartMath The book's message reflects the words of Voltaire Those who can make you believe

Discourses of Jesus Koshy Mathew Thachireth, 2019-05-15 This book brings out the pearls of divine wisdom imparted by Jesus to his followers presented by way of comparative study of the four gospels His discourses covered great spiritual truths like the need for spiritual rebirth to be born again by abandoning the lower instincts to accept what he taught us as the bread of life that came from heaven to give us eternal life to accept God the Father as a loving and merciful Father meditate over the words of Jesus until you succeed in breaking the barriers of discriminatory and logical intellectual dimensions to reach the superconscious state of mind and get self realized you will not find God in temples or churches but within you and worship him in truth and spirit not through rites rituals and ceremonies you are not the owner but the steward of all your talents and possessions so take care of the poor and needy etc to be remembered by Christians to avoid decline and fall of the great religion This book gives a comprehensive study of the above and related facts and warns the reader not to wait for the Second Coming of Jesus The great tribulation is over animal sacrifices has stopped forever the Jerusalem temple will not be rebuilt etc are the salient points covered here
