**The Quiddity of Will Self** Sam Mills, 2012-03-15 The ghost of a beautiful young woman Sylvie hovers outside the window of Will Self's study She is seeking to influence his latest novel before she can rest in peace Sylvie was a member of the WSC a mysterious cult of charismatic writers who appear to worship Will Self When Richard a twenty something idler and literary wannabe discovers Sylvie's dead body he gets sucked into their dark world of absinthe cloaks and bizarre initiation rites slowly losing his sense of perspective on the strange events that encircle him What is the true nature of the WSC What did they do to Sylvie And does Richard now face a similar fate *Real Monsters* Liam Brown, 2015-03-01 As a soldier's wife awaits information about his whereabouts overseas he descends further into the madness of war in this memorable and moving novel Benjamin Myers author of *Pig Iron* Reeling from the terrorist attack that killed her father Lorna lurches through an inebriated adolescence until she finds love and redemption in a young soldier named Danny But her dream of a stable life is once again shattered when Danny is called to serve overseas and soon lost in the desert Most of Danny's unit is dead They are victims it would seem of a brutal ambush With their equipment destroyed and food running out the small band of men stumble through the sand and shadows desperate to find salvation As their hope fades they begin to turn on each other When it finally becomes clear that only the most vicious will survive what will Danny be if he ever does return to Lorna [The Watermark](#) Sam Mills, 2024-08-01 Rachel and Jaime their story isn't simple It might not even be their story Augustus Fate a once lauded novelist and now renowned recluse is struggling with his latest creation But when Jaime and Rachel stumble into his remote cottage he spies opportunity imprisoning them inside his novel in progress Now the fledgling couple must try to find their way back home through a labyrinthine network of novels And as they move from Victorian Oxford to a utopian Manchester a harsh Russian winter to an AI dominated near future so too does the narrative of their relationship change time and again Together they must figure out if this relationship of so many presents can have any future at all *The Watermark* is a heart stopping exploration of the narratives we cling to in the course of a life and the tendency of the world to unravel them Kaleidoscopic and wildly imaginative it asks how can we truly be ourselves when Fate is pulling the strings *Will Self and Contemporary British Society* G. Matthews, 2016-04-08 This stimulating and comprehensive study of Will Self's work spans his entire career and offers insightful readings of all his fictional and non-fictional work up to and including his Booker prize nominated novel *Umbrella* *Uneven* Sam Mills, 2025-01-23 *Uneven* tells the stories of nine pioneering bisexual artists writers and musicians that will change our understanding of the world's largest sexual minority Bisexuality is often seen as something temporary in spite of increasing openness around it a sign of immaturity or a waystation on the road to a different sexuality altogether rather than its own distinct entity In this beautifully written cultural history Sam Mills reclaims bisexuality as its own identity interweaving her experience of being bisexual with illuminating portraits of a clutch of artists writers and musicians including Colette Bessie Smith Marlene Dietrich Anaïs Nin

Jean Michel Basquiat and Madonna Celebrating the resilience diversity and spirit of the bisexual community through the ages Uneven explores how each of these trailblazing figures have been misunderstood how social attitudes affected their sexuality their relationships and their work how LGBTQ identities have been portrayed from the Victorian era to the present day and how attitudes have progressed Illuminating personal and entertaining Uneven paints a nuanced portrait of a sidelined community **The Utopia Experiment** Dylan Evans, 2015 Vivid blackly comic a thought provoking tale full of splendidly unlikely characters Mail on Sunday Control of Our Destinies Sam Mills, 2021-06-18 Current attacks on women who failed to fight or speak up remind me of the way that men were treated when they came back from the First World War Their shell shock was initially downplayed and derided because in the public imagination the men ought to have returned as jolly war heroes rather than wrecked and distraught souls suffering hallucinations and the shakes As we come to understand more about trauma however we realize that for those who suffer PTSD whether men on the battlefield or women suffering assault the body keeps their score Sam Mills author of Chauvo Feminism On Sex Power and MeToo Sam Mills Control of our destinies is part of The Indigo Press's short form Indigo Express series short essays and fiction commissioned in companion with and in celebration of our authors books Find out more on [www.theindigopress.com](http://www.theindigopress.com) exclusive writing The Literary Review, 2012
