A Versatile American Institution The Changing Ideals And Realities Of Philanthropic Foundations

Thomas Adam

A Versatile American Institution The Changing Ideals And Realities Of Philanthropic Foundations:

A Versatile American Institution David C. Hammack, Helmut K. Anheier, 2013 America's grantmaking foundations have grown rapidly over the course of recent decades even in the face of financial and economic crises Foundations have a great deal of freedom enjoy widespread legitimacy and wield considerable influence In this book David Hammack and Helmut Anheier follow up their edited volume *American Foundations* with a comprehensive historical account of what American foundations have done with that independence and power While philanthropic foundations play important roles in other parts of the world the U S sector stands out as exceptional Nowhere else are they so numerous prominent or autonomous What have been the main contributions of philanthropic foundations to American society And what might the future hold for them *A Versatile American Institution* considers foundations in a new way Previous accounts typically focused narrowly on their organization donors and leaders and their intentions but not on the outcome of philanthropy Rather than looking at foundations in a vacuum Hammack and Anheier consider their roles and contributions in the context of their times and their economic and political circumstances

American Philanthropic Foundations David C. Hammack, Steven Rathgeb Smith, 2018-04-16 Once largely confined to the biggest cities in the mid Atlantic and Great Lakes states philanthropic foundations now play a significant role in nearly every state Wide ranging and incisive the essays in *American Philanthropic Foundations* Regional Difference and Change examine the origins development and accomplishments of philanthropic foundations in key cities and regions of the United States Each contributor assesses foundation efforts to address social and economic inequalities and to encourage cultural and creative life in their home regions and elsewhere This fascinating and timely study of contemporary America's philanthropic foundations vividly illustrates foundations commonalities and differences as they strive to address pressing public problems

A Versatile American Institution David C. Hammack, Helmut K. Anheier, 2013-02-27 America's grantmaking foundations have grown rapidly over the course of recent decades even in the face of financial and economic crises Foundations have a great deal of freedom enjoy widespread legitimacy and wield considerable influence In this book David Hammack and Helmut Anheier follow up their edited volume *American Foundations* with a comprehensive historical account of what American foundations have done with that independence and power While philanthropic foundations play important roles in other parts of the world the U S sector stands out as exceptional Nowhere else are they so numerous prominent or autonomous What have been the main contributions of philanthropic foundations to American society And what might the future hold for them *A Versatile American Institution* considers foundations in a new way Previous accounts typically focused narrowly on their organization donors and leaders and their intentions but not on the outcome of philanthropy Rather than looking at foundations in a vacuum Hammack and Anheier consider their roles and contributions in the context of their times and their economic and political circumstances

American Philanthropy in Its Global Context Thomas Adam, 2025-03-18 Philanthropy has become a staple

of American society and culture Associations endowments foundations and limited dividend companies have funded education culture healthcare religion and social welfare Yet American philanthropy is not as exceptional as it appears to European observers American philanthropy was built upon European and Mediterranean precedents and evolved through the constant influence of philanthropic practices in other parts of the world This book explores how philanthropic practices and institutions were introduced into American society and how they were Americanised during the 19th century It provides a comprehensive history of American philanthropy and positions it within its wider global context *A Versatile American Institution* David C. Hammack, Helmut K. Anheier, 2013-02-26 America's grantmaking foundations have grown rapidly over the course of recent decades even in the face of financial and economic crises Foundations have a great deal of freedom enjoy widespread legitimacy and wield considerable influence In this book David Hammack and Helmut Anheier follow up their edited volume *American Foundations* with a comprehensive historical account of what American foundations have done with that independence and power While philanthropic foundations play important roles in other parts of the world the U S sector stands out as exceptional Nowhere else are they so numerous prominent or autonomous What have been the main contributions of philanthropic foundations to American society And what might the future hold for them *A Versatile American Institution* considers foundations in a new way Previous accounts typically focused narrowly on their organization donors and leaders and their intentions but not on the outcome of philanthropy Rather than looking at foundations in a vacuum Hammack and Anheier consider their roles and contributions in the context of their times and their economic and political circumstances **The Routledge Companion to Philanthropy** Tobias Jung, Susan D. Phillips, Jenny Harrow, 2016-05-17 Philanthropy the use of private resources for public purposes is undergoing a transformation both in practice and as an emerging field of study Expectations of what philanthropy can achieve have risen significantly in recent years reflecting a substantial but uneven increase in global wealth and the rolling back of state services in anticipation that philanthropy will fill the void In addition to this experiments with entrepreneurial and venture philanthropy are producing novel intersections of the public non profit and private spheres accompanied by new kinds of partnerships and hybrid organisational forms *The Routledge Companion to Philanthropy* examines these changes and other challenges that philanthropists and philanthropic organisations face With contributions from an international team of leading contemporary thinkers on philanthropy this Companion provides an introduction to and critical exploration of philanthropy discussing current theories research and the diverse professional practices within the field from a variety of disciplinary perspectives *The Routledge Companion to Philanthropy* is a rich and valuable resource for students researchers practitioners and policymakers working in or interested in philanthropy *Philanthropic Foundations and Social Welfare* Sarah Förster, 2019-10-29 The existing welfare regime literature identifies differences in welfare state systems Sarah Förster asks if we can learn something on the organizational level about the embedding of philanthropic foundations in the field of social welfare in different welfare state systems This

investigation is based on comparative insights from the three country cases of Germany Sweden and the UK England Guided by propositions from theoretical analysis of welfare regime literature comparative explorative case studies based on interview data and secondary sources give insights into the field and the embedding of philanthropic social welfare foundations in the three different welfare state systems Each type of foundation has different levels of independence from external constraints and is embedded to different degrees according to the propositions from welfare regime theory These differences hold further implications for the investigation of foundations as a special organizational form

date information on this growing sector **Civil Society: Concepts, Challenges, Contexts** Michael Hoelscher, Regina A. List, Alexander Ruser, Stefan Toepler, 2022-05-10 This volume is a collection of original essays prepared by colleagues collaborators and former students on the occasion of Helmut K Anheier's 65th birthday and retirement from the University of Heidelberg An internationally recognized pioneer of nonprofit and civil society studies Anheier focused his work on providing clarity around 1 civil society local and global observing its origins and trajectory and developing theories to explain it 2 the nonprofit sector and institutions within and extending from it including nonprofit organizations philanthropy and social investment and 3 culture as it relates to democracy and back to civil society The essays in this volume refer to these concepts and position them in the context of developments over the last two to three decades The volume is arranged in three sections The first section comprises essays that elucidate concepts and probe theories in the field The second section presents chapters discussing current global challenges and trends in the focal areas The third and final section then comprises country and regional case studies illustrating important aspects of the global challenges or theoretical issues of the two preceding sections A fascinating and up to date overview of key issues and trends in civil society and nonprofit research by an international collection of eminent scholars in these fields this book will be attractive to civil society and nonprofit sector researchers as well as a broader academic community of political scientists sociologists economists and cultural experts

Europa International Foundational Directory 2024 Europa Publications, 2024-08-22 This fully revised directory of international foundations trusts charitable and grantmaking NGOs and other similar non profit institutions provides a comprehensive picture of foundation activity on a worldwide scale Now in its 33rd edition The Europa International Foundation Directory includes Information on some 2 700 organizations organized by country or territory including details of funding priorities and projects geographical area of activity principal staff and contact details Details of co ordinating bodies and centres that assist foundations grantmaking organizations and other NGOs Bibliography Comprehensive index section This new edition has been revised and expanded to include the most comprehensive and up to date information on this growing sector **Foundations and American Political Science** Emily Hauptmann, 2022-11-01 Foundations in the United States have long exerted considerable power over education and scholarly production Although today's titans of philanthropy proclaim more loudly their desire to transform schools and universities than did some of their predecessors philanthropic programs designed to reshape educational institutions are at least a century old In *Foundations and American Political Science* Emily Hauptmann focuses on the postwar Carnegie Ford and Rockefeller programs that reshaped political science She shows how significant changes in the methods and research interests of postwar political scientists began as responses to the priorities set by their philanthropic patrons Informed by years of research in foundation and university archives *Foundations and American Political Science* follows the course of several streams of private philanthropic money as they wended their way through public universities and political science departments in the postwar period The programs

launched by the Carnegie Ford and Rockefeller philanthropies as well as their reception at the universities of California and Michigan steered political scientists towards particular problems and particular ways of studying them The rise of statistical analyses of survey data the decline of public administration and persistent conflicts over the discipline's purpose and the best methods for understanding politics Hauptmann argues all had their roots in the ways that postwar universities responded to foundations programs Additionally the new emphasis universities placed on sponsored research sparked sharp disputes among political scientists over what should count as legitimate knowledge about politics and what the ultimate purpose of the discipline should be

Philanthropy in Education Natasha Y. Ridge, Arushi Terway, 2019 Challenging commonly held perceptions of philanthropic organisations this book brings together a range of interdisciplinary contributors from across the globe to explore the most pressing issues facing those working in and with philanthropy and education It focuses on the increasing influence of new philanthropic actors on the global education sector offering a thorough insight into the topic

Approaches to the Study of Intercultural Transfer Thomas Adam, 2019-10-31 Approaches to the Study of Intercultural Transfer presents a collection of compelling case studies in the areas of social reform museums philanthropy football nonviolent resistance and holiday rituals such as Christmas that demonstrate key mechanisms of intercultural transfers Each chapter provides the application of the intercultural transfer studies paradigm to a specific and distinct historical phenomenon The chapters not only illustrate the presence or even the depth and frequency of intercultural transfer but also reveal specific aspects of the intercultural transfer of phenomena the role of agents of intercultural transfer and the transformations of ideas transferred between cultures thereby contributing to our understanding of the mechanisms of intercultural transfers

Cleveland Jews and the Making of a Midwestern Community Sean Martin, John J. Grabowski, 2020-02-28 This volume gathers an array of voices to tell the stories of Cleveland's twentieth century Jewish community Strong and stable after an often turbulent century the Jews of Cleveland had both deep ties in the region and an evolving and dynamic commitment to Jewish life The authors present the views and actions of community leaders and everyday Jews who embodied that commitment in their religious participation educational efforts philanthropic endeavors and in their simple desire to live next to each other in the city's eastern suburbs The twentieth century saw the move of Cleveland's Jews out of the center of the city a move that only served to increase the density of Jewish life The essays collected here draw heavily on local archival materials and present the area's Jewish past within the context of American and American Jewish studies

The Europa International Foundation Directory 2022 Europa Publications, 2022-07-21 Now in its 31st edition the Europa International Foundation Directory 2022 provides an unparalleled guide to the foundations trusts charitable and grantmaking NGOs and other similar not for profit organizations of the world It provides a comprehensive picture of third sector activity on a global scale Users will find names and contact details for some 2 690 institutions worldwide This new edition has been revised and expanded to include the most comprehensive and up to date information on

Philanthropy: Multidisciplinary Perspectives Giulia Neri-Castracane, Giuseppe Ugazio, 2025-05-13 Philanthropy Multidisciplinary Perspectives is a reference for academics and professionals engaged in philanthropy It brings together scholars from fields such as economics finance law philosophy and sociology showcasing the power of a multidisciplinary approach in providing a comprehensive view of this complex subject The book addresses foundational questions in philanthropy and is divided into four parts The first part asks the crucial question of why philanthropy matters exploring the motivations behind giving and how beneficiaries are selected The second part looks at the interaction between business and philanthropy It examines the rise of social enterprises the shift toward purpose driven businesses and the evolution of corporate social responsibility into sustainable enterprises This part also addresses tax considerations that impact philanthropy s ability to scale The book explores the synergies between finance and philanthropy to foster sustainable development and how philanthropy is addressing or could address specific SDGs It concludes with key ingredients for good governance in philanthropy The book tackles major challenges such as diversity compensation and data management while tracing the evolution of best practices in foundation governance It identifies areas for improvement and discusses the relationships between governance in philanthropic organizations and important issues such as trust equality and democracy The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

A Companion to the Gilded Age and Progressive Era Christopher McKnight Nichols, Nancy C. Unger, 2022-06-15 *A Companion to the Gilded Age and Progressive Era* presents a collection of new historiographic essays covering the years between 1877 and 1920 a period which saw the U S emerge from the ashes of Reconstruction to become a world power The single definitive resource for the latest state of knowledge relating to the history and historiography of the Gilded Age and Progressive Era Features contributions by leading scholars in a wide range of relevant specialties Coverage of the period includes geographic social cultural economic political diplomatic ethnic racial gendered religious global and ecological themes and approaches In today s era often referred to as a second Gilded Age this book offers relevant historical analysis of the factors that helped create contemporary society Fills an important chronological gap in period based American history collections

Handbook on Corporate Foundations Lonneke Roza, Steffen Bethmann, Lucas Meijs, Georg von Schnurbein, 2019-10-11 Companies increasingly play a meaningful role in civil society and the philanthropic sector through Corporate Social Responsibility CSR and Corporate Philanthropy CP

The most well studied form of allocating these resources is through outright contributions to operating external foundations and other nonprofit organizations. However, far less is known about the use of corporate foundations, separate and independent nonprofit entities aimed at channeling corporate giving to a social mission related to a company. Corporate foundations are often linked to the founding company through their name, funding, trustees, administration, and potential employee involvement. As these foundations are growing in number, size, and importance and becoming increasingly visible in the philanthropic sector, the urgency to understand their role and functioning becomes more important. The primary aim of this volume is to deliver a holistic analysis of the current state of the art on corporate foundations. For that reason, the book includes different perspectives on and uses a hybrid concept of corporate foundations. The book includes three main parts. First, looking further into the organizational processes of corporate foundations, the book analyzes governance and operations as major aspects of organizational performance. Second, it sheds light on the role of corporate foundations in various institutional settings. Lastly, the book includes various stakeholder perspectives on corporate foundations, including corporate employees, beneficiaries, and their nonprofit partners. By reading the book, readers will build a comprehensive understanding of the role and functioning of corporate foundations, understand new avenues for research, and, in case they are practitioners in the field, find practical advice rooted in academic research.

Facilitating Higher Education Growth through Fundraising and Philanthropy Alphin Jr., Henry C., Lavine, Jennie, Stark, Stormy, Hocker, Adam, 2015-12-02. Many institutions facing dwindling state and government funding often rely on the patronage of others in order to establish monetary security. These donations assist in the overall success and development of the institution as well as the students who attend. Facilitating Higher Education Growth through Fundraising and Philanthropy explores current and emergent approaches in the financial development and sustainability of higher education institutions through altruistic actions and financial assistance. Featuring global perspectives on the economics of philanthropy in educational settings and subsequent growth and development within these environments, this book is an exhaustive reference source for professors, researchers, educational administrators, and politicians interested in the effects of altruism on colleges and universities.
