A Thoughtful Soul Reflections From Swedenborg:

A Thoughtful Soul Emanuel Swedenborg,1995 George Dole has translated and arranged by theme a selection of passages from Emanuel Swedenborg's works on life heaven and hell and the nature of God An accessible introduction for the reader new to Swedenborg **A Scientist Explores Spirit** George F. Dole,Robert H. Kirven,1992 , *Sorting Things Out* George F. Dole,2005 Exploring Biblical themes concepts from the writings of Emanuel Swedenborg and scientific advances in fields such as holography and chaology to help seekers to sort things out along life's path drawing out purpose from the confusion of the human drama **Embodied Imaginations** Chidambaram Ramesh,2023-06-05 The science behind the writers experience of characters developing their own will and taking objective forms Many writers have the experience that their characters have evolved their own personalities They start to tell their own stories and sometimes they could even rebel against the author's ideas for them and change the course of the whole plot That is not all though Sometimes literary characters assume objective appearances which are visible not just to the creators but also to others and manifesting in the real world These experiences raise several interesting philosophical and scientific questions Have the writers unwittingly created quasi conscious entities by the power of their minds Can thoughts manifest as something tangible that can be seen heard or even touched How genuine are the contents of the mind Embodied Imaginations explores these questions highlighting the results of an investigation on this fascinating topic stemming from personal anecdotes of many writers Providing scientific evidence for the existences of these mental constructs the goal is to collect robust and reliable building blocks that may help to deconstruct perceptions and provide answers to this phenomenon The book attempts to give modern science a place where spiritual philosophical and mystical threads can be interwoven Efforts have been made to corroborate theoretical claims with experimental evidence contributing to research in cognitive psychology to determine the role of imagination in creating external reality This book will introduce you to the mysterious and profound part of creative writing that you never knew existed before **The Enlightenment and the Intellectual Foundations of Modern Culture** Louis Dupre,2008-10-01 The prestige of the Enlightenment has declined in recent years Many consider its thinking abstract its art and poetry uninspiring and the assertion that it introduced a new age of freedom and progress after centuries of darkness and superstition presumptuous In this book an eminent scholar of modern culture shows that the Enlightenment was a more complex phenomenon than most of its detractors and advocates assume It includes rationalist as well as antirationalist tendencies a critique of traditional morality and religion as well as an attempt to establish them on new foundations even the beginning of a moral renewal and a spiritual revival The Enlightenment's critique of tradition was a necessary consequence of the fundamental modern principle that we humans are solely responsible for the course of history Hence we can accept no belief no authority no institutions that are not in some way justified This foundation for better or for worse determined the course of the following centuries Despite contemporary reactions against it the Enlightenment continues to shape our own

time and still distinguishes Western culture from any other **Developing Spiritual Success** Arthur Jaggard,2011-12-02
How does one write about Spiritual Success and preserve any sense of humility Spiritual Success and How I Achieved It has been the tongue in cheek working title of this book It serves to remind me that I know so very little The irreverence serves to caution against the arrogance of pretending to know anything at all None of this book is actually new As Robert Webber used to remind us the ancient is the future 1 Those to whom I am indebted include a long line of teachers reaching back to the early church fathers I have had several excellent mentors and many tremendous teachers and professors They all have helped connect me to the rich heritage that we have in Jesus Christ **God and Dreams** John Pratt Bingham,2010-01-01 At one time when an individual wanted a direct personal experience of God that person turned to his or her dreams The early third century Christian defender of the faith Tertullian observed Is it not known to all people that the dream is the most usual way that God reveals himself to man Yet by the eleventh century King William II of England states They are not good Christians that regard dreams Why did this reversal of opinion occur not only in Christian thinking but in Jewish and Islamic attitudes also God and Dreams Is There a Connection traces the historic connection between God and dreams and examines why this shift happened While particular attention is given to Jewish Christian and Islamic thought several secular disciplines are discussed also After investigating the different points of view an argument is made that the connection between God and dreams still exists **The Universe and I** George F. Dole,2018 The Universe and I Where Science Spirituality Meet joins the science and religion debate with engaging and insightful dialogue from lifelong theological scholar George F Dole Exploring the ideas of many of our greatest minds including Stephen Hawking Richard Dawkins and eighteenth century polymath Emanuel Swedenborg Dole responds to the scientific community with a theory of consciousness and existence that incorporates spiritual and religious wisdom He argues that to fully shape our understanding of our relationship with the universe we need not only the grounding of science but also the insights of spirit Join Dole on a journey that investigates our origins our complex present and how we can continue to advance humanity and goodwill for all both as a species and as conscious individuals striving for deeper access to self awareness and personal growth *An Introduction to Swedenborg's Theological Latin* George F. Dole,1984-09 A primer and workbook designed either for classroom use or for individual study The work concentrates on grammar and syntax in the Latin used by Emanuel Swedenborg 1688 1772 It contains brief Latin English and English Latin glossaries 書籍 / 書籍 書籍 書籍 書籍 書籍 :書籍 書籍 21-03-2017,書籍 書籍,書籍 *A Brief Guide to Beliefs* Linda Edwards,2001-01-01 Coves the major faiths including alternative movements neo paganism and New Age offering a comprehensive introduction to each that covers contemporary issues regarding God and the supernatural Original **With Absolute Respect** Gottlieb Florschütz,George F. Dole,Charles Carroll Bonney,1993 George F Dole discusses the religious background of Charles Carroll Bonney the lawyer who organized the 1893 Parliament of World Religions at the Chicago World s Fair **The New Philosophy** John Whitehead,Lewis Pyle

Mercer, John Reed Swanton, Harvey Farrington, 2008 The Journal of Transpersonal Psychology, 1996 *A Hindu Gentleman's Reflections Respecting the Works of Swedenborg and the Doctrines of The New Jerusalem Church* Rao Bahadur Dadoba Pandurung, 1879 *The Secret of Swedenborg* Henry James, 1869 **Livro Aventuras na História apresenta Espiritismo - A trajetória de uma doutrina** Grupo Perfil, 2024-09-24 Destaques As origens da crença e sua expansão Perfis de Allan Kardec e Bezerra de Menezes André Luiz quem foi esse espírito E mais os fenômenos da literatura espírita como Zíbia Gasparetto Reimagining God and Resacralisation Alexa Blonner, 2019-05-14 This book shows that widespread resacralisation has been taking place which is producing new ways of perceiving God and the divine The last century has seen unmistakable changes in religious practices and the concept of spirituality right across the world There was a broad expectation for much of the twentieth century that religious worldviews would eventually succumb to the challenge of secularist materialism but this process of secularisation has yet to occur as predicted The book begins by contrasting theories of secularisation and resacralisation Throughout the book conceptual threads or new religious themes related to this resacralisation are discussed in terms of three main categories reimagining God's nature substance and location reimagining human value and purpose and reimagining modes of redemption Finally the book considers how these threads are moving in various different directions and what the religious future might hold This is a bold examination of contemporary spirituality that will appeal to academics and scholars of religious studies new religious movements and the sociology of religion **A New Translation of Some Part of Swedenborg's Theological Works. [By George Harrison.]** Emanuel Swedenborg, 1858
