The UAW's Southern Gamble Stephen J. Silvia, 2023-05-15 The UAW's Southern Gamble is the first in depth assessment of the United Auto Workers efforts to organize foreign vehicle plants Daimler Chrysler Mercedes Benz Nissan and Volkswagen in the American South since 1989 an era when union membership declined precipitously Stephen J Silvia chronicles transnational union cooperation between the UAW and its counterparts in Brazil

France Germany and Japan and documents the development of employer strategies that have proven increasingly effective at thwarting unionization Silvia shows that when organizing unions must now fight on three fronts at the worksite in the corporate boardroom and in the political realm The UAW s Southern Gamble makes clear that the UAW s failed campaigns in the South can teach hard won lessons about challenging the structural and legal roadblocks to union participation and effectively organizing workers within and beyond the auto industry *The Engineer's Guide to Materials* K. America's Other Automakers Timothy J. Minchin, 2021-04 In 2018 almost half of all vehicles made in North America were produced at foreign owned plants and the sector was on track to monopolize the market Despite this the industry has been overlooked compared with its domestic counterpart both in scholarship and popular memory Redressing this neglect America s Other Automakers provides a new history of the foreignowned auto sector the first to extensively draw on archival sources and to articulate the human agency of participants including workers managers and industry recruiters Timothy J Minchin challenges the view that the

industry's growth primarily reflected incentives stressing human agency and the complexity of individual stories instead. Deeply human in its approach, the book also explores the industry's impact on grassroots communities, showing that it had more costs than supporters acknowledged. Drawing on a wide range of primary and secondary sources, *America's Other Automakers* uncovers significant tensions over unionization, reports of discriminatory hiring, and unease about the industry's rapid growth, critically exploring seven large assembly facilities and their impact on the communities in which they were built.
