**African Religions** Jacob K. Olupona, 2014 This book connects traditional religions to the thriving religious activity in Africa today *African Religions: A Very Short Introduction* Jacob K. Olupona, 2014-02-14 What are African religions African Religions A Very Short Introduction answers this question by examining primarily indigenous religious traditions on the African continent as well as exploring Christianity and Islam It focuses on the diversity of ethnic groups languages cultures and worldviews emphasizing the continent's regional diversity Olupona examines a wide range of African religious traditions on their own terms and in their social cultural and political contexts For example the book moves beyond ethnographic descriptions and interpretations of core beliefs and practices to look at how African religion has engaged issues of socioeconomic development and power relations Olupona examines the myths and sacred stories about the origins of the universe that define ethnic groups and national identities throughout Africa He also discusses spiritual agents in the African cosmos such as God spirits and ancestors In addition to myths and deities Olupona focuses on the people central to African religions including medicine men and women rainmakers witches magicians and divine kings and how they serve as authority figures and intermediaries between the social world and the cosmic realm African Religions A Very Short Introduction discusses a wide variety of religious practices including music and dance calendrical rituals and festivals celebrations for the gods birthdays and rituals accompanying stages of life such as birth puberty marriage elderhood and death In addition to exploring indigenous religions Olupona examines the ways Islam and Christianity as outside traditions encountered indigenous African religion He shows how these incoming faith traditions altered the face and the future of indigenous African religions as well as how indigenous religions shaped two world religions in Africa and the diaspora Olupona draws on archaeological and historical sources as well as ethnographic materials based on fieldwork He shows that African religions are not static traditions but have responded to changes within their local communities and to fluxes caused by outside influences and spread with diaspora and migration

**Philosophy of Religion: A Very Short Introduction** Tim Bayne, 2018-01-25 What is the philosophy of religion How can we distinguish it from theology on the one hand and the psychology sociology of religious belief on the other What does it mean to describe God as eternal And should religious people want there to be good arguments for the existence of God or is religious belief only authentic in the absence of these good arguments In this Very Short Introduction Tim Bayne introduces the field of philosophy of religion and engages with some of the most burning questions that philosophers discuss Considering how religion should be defined and whether we even need to be able to define it in order to engage in the philosophy of religion he goes on to discuss whether the existence of God matters Exploring the problem of evil Bayne also debates the connection between faith and reason and the related question of what role reason should play in religious contexts Shedding light on the relationship between science and religion Bayne finishes by considering the topics of reincarnation and the afterlife ABOUT THE SERIES The Very Short Introductions

world today      **African Indigenous Religious Traditions in Local and Global Contexts** Ogungbile, David O.,2015-09-23

This volume honours one of the great scholars of our era Professor Jacob Olupona Although he has conducted significant portions of his career outside of Nigeria he has not separated himself from his colleagues or from interests in religions in Nigeria and elsewhere in Africa His publications and presentations offer the international scholarly community important critical insights into a range of religious activities life ways and ideas originating in Africans and the African Diaspora In spite of the diversity in the thoughts and opinions expressed and equally of the range of disciplines and topics contained in the book one can say that the contributors have developed a shared concern about the role of African Indigenous Religious Traditions in the processes of development and the context within which it development had or is taking place The book guides us to a deep understanding and appreciation of how Africans in their varied situations grapple with existential problems through philosophical ruminations complex ritual processes cultivated memory and organized coping strategies

Spirit(s) in Black Religion Kurt Buhring,2022-09-10 In this book Kurt Buhring explores concepts of spirit s within various Black religions as a means to make a constructive theological contribution to contemporary Black theology in regard to ideas of the Holy Spirit or pneumatology He argues that there are rich resources within African and African based religions to develop a more robust notion of the Holy Spirit for contemporary Black liberation theology In so doing Buhring offers a pneumatology that understands divine power and presence within humanity and through human action The theology offered maintains the fundamental claim that God acts as liberator of the oppressed while also calling for greater human responsibility and capability for bringing about liberation      **Religious Plurality in Africa** Marloes Janson,Kai

Kresse,Benedikt Pontzen,Hassan Mwakimako,2024 Grounded in ethnographic and historiographic research and taking a cross regional approach this book explores the complex dynamics of similarity and difference rapprochement and detachment and divergence and competition between practitioners of Christianity Islam and African religious traditions Across Africa Muslims Christians and practitioners of African religious traditions live in shared settings demarcating themselves in opposition to one another and at times engaging in violent conflicts but also being entangled in complex ways and showing unexpected similarities and mutual cross overs However while encounters and entanglements of African religious traditions with either Islam or Christianity have long been a central research issue the configuration as a whole has barely been taken into account even though Muslims Christians and practitioners of African religious traditions have long co existed and still co exist more or less peacefully in many settings in Africa Building on recent interventions to move beyond the compartmentalization of the study of religion in Africa this edited volume will spotlight why and how an integrated approach to Islam Christianity and African religious traditions is important Bringing together stimulating case studies from Kenya Nigeria Zanzibar Ghana and Mozambique that offer new directions for ethnographic and historical research the volume will not only shed light on an important phenomenon out there in the world the long overlooked ways in which

Muslims Christians and practitioners of African religious traditions interact with one another in various majority minority configurations but will also engage with a critical rethinking of the study of religion in Africa and beyond
