The Nature of Shamanism and the Shamanic Story Michael Berman,2009-03-26 The book makes out a case for the introduction of a new genre of tale the shamanic story which has either been based on or inspired by a shamanic journey or contains a number of the elements that are typical of such a journey The stories featured are the Book of Jonah from the Old Testament two traditional stories from the Republic of Georgia The Earth will take its Own and Davit a contemporary German tale Bundles and the Korean story of Shimchong the Blindman s Daughter By making use of textual material from a number of different cultures and times the intention is to highlight the pervasive influence shamanism has had and to show how the new genre being proposed is a universal one The research questions addressed include 1 defining what shamanism is deciding whether it should be classified as a religion a methodology or a way of life 2 considering whether a case can be made out for the introduction of a new genre of tale and if so what its characteristics are It is hoped the book will be of interest not only to those involved in the study of shamanism but also to those whose interest is in the study of literary texts Since the old bearers of shamanic traditions quite often were and even today are illiterate the study of their folklore epic songs laments narratives undoubtedly provides a rich source for research **Slaying the Mouse: A True Story of Healing in the Spiritual Realms (Second Edition)** Wendy Halley,2012-08-28

Divination and the Shamanic Story Michael Berman, 2009-03-26 Stories have traditionally been classified as epics myths sagas legends folk tales fairy tales parables or fables However the definitions of the terms have a tendency to overlap making it difficult to classify and categorize material For this reason a case can be made for the introduction of a new genre termed the shamanic story a story that has either been based on or inspired by a shamanic journey a numinous experience in non ordinary reality or one that contains a number of the elements typical of such a journey Other characteristics include the way in which the stories all tend to contain embedded texts often the account of the shamanic journey itself how the number of actors is clearly limited as one would expect in subjective accounts of what can be regarded as inner journeys and how the stories tend to be used for healing purposes Within this new genre it is proposed that there exists a sub genre shamanic stories that deal specifically with divination and examples are presented and analysed to support this hypothesis By means of textual analysis it can be shown they all share certain attributes in common the identification of which forms the conclusion of the work

The Spirit's Knock Clayton Forrester, 2005-12 The Spirit's

Knock presents stories from Clayton Forrester's life as he awakens to embrace the call to become a shaman. His journey takes him from Ohio to Texas, Switzerland, and Central Mexico. It is a story of possibilities of death and rebirth and of the evolution of consciousness. Through a series of life-changing experiences including challenges, growing up, a major health crisis leading to a near-death encounter, divorce, lucid dreams, out-of-the-body experiences, and visions, Clayton Forrester enters the shamanic world. From these experiences, he comes to understand the power of inner silence and the heart to engage the capacities for perception, waiting to awaken within himself. His experiences also show him that every single human being who is willing to accept the challenge to evolve might also develop these hidden capacities for perception. In accepting the call to become a shaman, Clayton Forrester develops an intimate relationship with the earth. Through this relationship, he learns important lessons about his own journey and about humanity's journey to survive and evolve as a species. Along the way, he discovers a companion that will never leave his side.

Aliya's Dream - A Story of Awakening (+ 100 Soul Paintings)

Alija Ariana Karima, 2024-07-18 Aliya's Dream: A Story of Awakening is a book for all those who are on a journey of awakening, seeking answers to that most important of questions: who am I? For those who want to discover the meaning of their existence, want to better understand themselves, the way they create reality. Perhaps they feel saturated with earthly experiences and already hear the call of their Soul, which invites them to discover their depths. Describing my own process of awakening to enlightenment, I show characteristic stages, challenges, and discoveries. I share the stories and wisdom that led me to recall my true divine nature. This is a sincere, inspiring story about the search for the Holy Grail, which turned out to be my own Soul. I wrote it so that everyone can know his true nature, awaken the Master he already is, leave limitations, and start living for the sheer joy of life. On my way to enlightenment, I was accompanied by Ascended Masters: Adamus, Saint Germain, Tobias Kuthumi, and Crystal Dragon. During your reading, they will be with you as well. Aliya's Dream: A Story of Awakening is available in paperback and e-book versions in 14 languages. The e-book contains more than 100 illustrations, including Aliya's paintings and photos from her fabulous travels around the world.
