**Voices from the Vietnam War** Xiaobing Li, 2010-05-07 Some of this book is heartrending some of it is as gripping as a thriller and all of it will add to our understanding of the war Booklist The Vietnam War's influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in *Voices from the Vietnam War* Stories from American Asian and Russian Veterans Li spent seven years gathering hundreds of personal accounts from survivors accounts that span continents nationalities and political affiliations The twenty two intimate stories in this book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a KGB spy These narratives humanize and contextualize the war's events while shedding light on aspects of the war previously unknown to Western scholars providing fresh perspectives on a long discussed topic Li's achievement is most remarkable for the window he opens onto the lives of Chinese and Russian veterans their rare accounts appear here for the first time in English Publishers Weekly

White, 2005 This bibliography is a supplement to the Special Bibliography Series Number 80 compiled in 1990 to support the 14th Military History Symposium It is primarily intended as a listing of scholarly works completed since 1990 on the Vietnam War although some works prior to that date are included The bibliography is selected from the holdings on that war housed in the McDermott library United States Air Force Academy and includes books journal articles government publications and technical reports Newspaper articles works of fiction collections of poetry and most personal narratives are not included The Clark Special Collections Branch of the library has extensive primary source materials and artifacts focused on American POW experiences in Southeast Asia Those items are also excluded from this bibliography since they are limited to in house use only Individuals wanting information about that collection should contact the Special Collections Curator and Academy Archivist [Beyond Combat](#) Heather Marie Stur, 2011-09-26 Beyond Combat investigates how the Vietnam War both reinforced and challenged the gender roles that were key components of American Cold War ideology Refocusing attention onto women and gender paints a more complex and accurate picture of the war's far reaching impact beyond the battlefields Encounters between Americans and Vietnamese were shaped by a cluster of intertwined images used to make sense of and justify American intervention and use of force in Vietnam These images included the girl next door a wholesome reminder of why the United States was committed to defeating Communism and the treacherous and mysterious dragon lady who served as a metaphor for Vietnamese women and South Vietnam Heather Stur also examines the ways in which ideas about masculinity shaped the American GI experience in Vietnam and ultimately how some American men and women returned from Vietnam to challenge homefront gender norms **Tragedy of Vietnam** Patrick J.

Hearden,2016-05-23 For courses on the Vietnam War 20th century world history and American diplomatic history Also appropriate as a supplemental text for U S history survey courses and history of Asia courses Brief and accessible text that provides comprehensive coverage of the causes and consequences of the Vietnam War The Tragedy of Vietnam provides extensive background on the Vietnam War the relevant history of Southeast Asia and the consequences of the Vietnam conflict on the region Author Patrick Hearden examines the key decisions and questions surrounding the tragic American entanglement in Vietnam providing readers with a fascinating discussion of why the United States became involved in this war and why this involvement persisted for nearly a quarter of a century This book covers the social economic ideological diplomatic and military aspects of the Vietnam War      *Special Bibliography Series* ,1957      **The Girls Next Door** Kara Dixon Vuic,2019-02-04 The story of the intrepid young women who volunteered to help and entertain American servicemen fighting overseas from World War I through the wars in Afghanistan and Iraq The emotional toll of war can be as debilitating to soldiers as hunger disease and injury Beginning in World War I in an effort to boost soldiers morale and remind them of the stakes of victory the American military formalized a recreation program that sent respectable young women and famous entertainers overseas Kara Dixon Vuic builds her narrative around the young women from across the United States many of whom had never traveled far from home who volunteered to serve in one of the nation s most brutal work environments From the Lassies in France and mini skirted coeds in Vietnam to Marlene Dietrich and Marilyn Monroe Vuic provides a fascinating glimpse into wartime gender roles and the tensions that continue to complicate American women s involvement in the military arena The recreation program heightened the passions of troops but also domesticated everyday life on the bases Their presence mobilized support for the war back home while exporting American culture abroad Carefully recruited and selected as symbols of conventional femininity these adventurous young women saw in the theater of war a bridge between public service and private ambition This story of the women who talked and listened danced and sang adds an intimate chapter to the history of war and its ties to life in peacetime      *War Stories* Gary Kulik,2009-10-31 War stories are mostly innocent fables and understood as such by both the teller and the hearer However they have long been used for political and national purposes and those about the war in Vietnam were no exception as painfully evidenced in the 2004 presidential campaign John Kerry campaigned as a war hero His opponents cast him as a liar and a traitor and their war story prevailed War Stories delves into the myths associated with the Vietnam veteran s experience and looks at them through the war stories they told and continue to tell Kulik conducts an extremely thorough review of the Vietnam literature and interviews participants wherever possible poking holes in the war myths of people throughout the political spectrum War Stories discusses how returning Vietnam vets were treated and delves into the myths that atrocities were commonplace that all veterans of that war suffer from PTSD and that all are guilt ridden Kulik s research and analysis of such stories lies at the heart of this book s originality and provides a new perspective on the Vietnam War for scholars students and general readers

His purpose in exposing such stories is not to deny or minimize American war crimes in Vietnam but to cut through the cant of false stories so that we retain our outrage at those that are true As we are faced with future war stories from Iraq and Afghanistan and their likely exploitation the moral stance and the lessons learned in this book will be especially important

**Officer, Nurse, Woman** Kara Dixon Vuic,2010 Drawing on more than 100 interviews Vuic allows the nurses to tell their own captivating stories from their reasons for joining the military to the physical and emotional demands of a horrific war and postwar debates about how to commemorate their service Vuic also explores the gender issues that arose when a male dominated army actively recruited and employed the services of 5 000 women nurses in the midst of a growing feminist movement and a changing nursing profession Women drawn to the army s patriotic promise faced disturbing realities in the virtually all male hospitals of South Vietnam Men who joined the nurse corps ran headlong into the army s belief that women should nurse and men should fight

**Vietnam** George Donelson Moss,2016-07-01 This book provides a comprehensive narrative history of U S involvement in Southeast Asia from 1942 to 1975 with a concluding section that traces U S Vietnam relations from the end of the war in 1975 to the present Unlike most general histories of U S involvement in Vietnam which are either conventional diplomatic or military histories this volume synthesizes the perspectives to explore both dimensions of the struggle in greater depth elucidating more of the complexities of the U S Vietnam entanglement It explains why Americans tried so hard for so long to stop the spread of Communism into Indochina and why they failed Key topics The Fall of Saigon The End as Prelude Vietnam A Place and A People The Elephant and the Tiger An Experiment in Nation Building Raising the Stakes Going to War The Chain of Thunders The Year of the Monkey A War to End a War The End of the Tunnel Market For anyone curious to know about the long American involvement in Southeast Asia 1942 1975 *Racial*

*Asymmetries* Stephen Hong Sohn,2014-01-17 Challenging the tidy links among authorial position narrative perspective and fictional content Stephen Hong Sohn argues that Asian American authors have never been limited to writing about Asian American characters or contexts *Racial Asymmetries* specifically examines the importance of first person narration in Asian American fiction published in the postrace era focusing on those cultural productions in which the author s ethnoracial makeup does not directly overlap with that of the storytelling perspective Through rigorous analysis of novels and short fiction such as Sesshu Foster s *Atomik Aztex* Sabina Murray s *A Carnivore s Inquiry* and Sigrid Nunez s *The Last of Her Kind* Sohn reveals how the construction of narrative perspective allows the Asian American writer a flexible aesthetic canvas upon which to engage issues of oppression and inequity power and subjectivity and the complicated construction of racial identity Speaking to concerns running through postcolonial studies and American literature at large *Racial Asymmetries* employs an interdisciplinary approach to reveal the unbounded nature of fictional worlds **Family Values** Isabel

Heinemann,2023-10-04 Clashes over the American family and its values have always implicitly or explicitly addressed issues of gender and highlighted the significance of present and future families to American society This is the insight underpinning

Isabel Heinemann's groundbreaking study which traces over the course of the twentieth century debates on the family and its role the relationship between the individual and society and individual decision making rights as well as their denial or curtailment Unpacking these issues in a vivid and innovative analysis the book recounts the prehistory of current conflicts over the family and gender while illuminating the relationship between social change normative shifts and the counter movements spawned in response to them
