**A Time to Die** Tom Wicker, 1978 **Pirates, Prisoners, and Lepers** Paul H. Robinson, Sarah M. Robinson, 2015-07-15 It has long been held that humans need government to impose social order on a chaotic dangerous world How then did early humans survive on the Serengeti Plain surrounded by faster stronger and bigger predators in a harsh and forbidding environment *Pirates Prisoners and Lepers* examines an array of natural experiments and accidents of human history to explore the fundamental nature of how human beings act when beyond the scope of the law Pirates of the 1700s the leper colony on Molokai Island prisoners of the Nazis hippie communes of the 1970s shipwreck and plane crash survivors and many more diverse groups they all existed in the absence of formal rules punishments and hierarchies Paul and Sarah Robinson draw on these real life stories to suggest that humans are predisposed to be cooperative within limits What these communities did and how they managed have dramatic implications for shaping our modern institutions Should today's criminal justice system build on people's shared intuitions about justice Or are we better off acknowledging this aspect of human nature but using law to temper it Knowing the true nature of our human character and our innate ideas about justice offers a roadmap to a better society

**A Time to Die** Tom Wicker, 1975 IN 1971 the inmates of Attica revolted took hostages and forced the authorities into four days of desperate negotiation The rebels demanded and were granted the presence of a group of observers to act as unofficial mediators Tom Wicker then the Associate Editor of the New York Times was one of those summoned This is his account

**The Hidden 1970s** Dan Berger, 2010-09-24 The 1970s were a complex multilayered and critical part of a long era of profound societal change and an essential component of the decade before several of the most iconic events of the sixties occurred in the ten years that followed *The Hidden 1970s* explores the distinctiveness of those years a time when radicals tried to change the world as the world changed around them This powerful collection is a compelling assessment of left wing social movements in a period many have described as dominated by conservatism or confusion Scholars examine critical and largely buried legacies of the 1970s The decade of Nixon's fall and Reagan's rise also saw widespread indigenous militancy prisoner uprisings transnational campaigns for self determination pacifism and queer theories of play as political action Contributors focus on diverse topics including the internationalization of Black Power and

Native sovereignty organizing for Puerto Rican independence among Latinos and whites and women's self defense Essays and ideas trace the roots of struggles from the 1960s through the 1970s providing fascinating insight into the myriad ways that radical social movements shaped American political culture in the 1970s and the many ways they continue to do so today

*The Violence of Incarceration* Phil Scraton, Jude McCulloch, 2023-04-21 Conceived in the immediate aftermath of the humiliations and killings of prisoners in Afghanistan and Iraq of the suicides and hunger strikes at Guantanamo Bay and of the disappearances of detainees through extraordinary rendition this book explores the connections between these shameful events and the inhumanity and degradation of domestic prisons within the allied states including the USA Canada Australia the UK and Ireland The central theme is that the revelations of extreme brutality perpetrated by allied soldiers represent the inevitable end product of domestic incarceration predicated on the use of extreme violence including lethal force Exposing as fiction the claim to the political moral high ground made by western liberal democracies is critical because such claims animate and legitimate global actions such as the war on terror and the indefinite detention of tens of thousands of people by the United States which accompanies it The myth of moral virtue works to hide silence minimize and deny the brutal continuing history of violence and incarceration both within western countries and undertaken on behalf of western states beyond their national borders

*A Time to Die* Tom Wicker, 1994 *When the Movies Mattered* Jonathan Kirshner, Jon Lewis, 2019-06-15 In *When the Movies Mattered* Jonathan Kirshner and Jon Lewis gather a remarkable collection of authors to revisit the unique era in American cinema that was New Hollywood Ten eminent contributors some of whom wrote about the New Hollywood movement as it unfolded across the 1960s and 1970s assess the convergence of film industry developments and momentous social and political changes that created a new type of commercial film that reflected those revolutionary influences in American life Even as New Hollywood first took shape film industry insiders and commentators alike realized its significance At the time Pauline Kael compared the New Hollywood to the tangled bitter flowering of American letters in the

1850s and David Thomson dubbed the era the decade when movies mattered Thomson's words provide the impetus for this volume in which a cohort of seasoned film critics and scholars who came of age watching the movies of this era reflect upon and reconsider this golden age in American filmmaking Contributors Molly Haskell Heather Hendershot J Hoberman George Kouvaros Phillip Lopate Robert Pippin David Sterritt David Thomson      **Prelude to Prison** Marsha Weissman, 2015-01-08 By the close of the twentieth century the United States became known for its reliance on incarceration as the chief means of social control particularly in poor communities of color The carceral state has been extended into the public school system in these communities in what has become known as the school to prison pipeline Through interviews with young people suspended from school Weissman examines the impact of zero tolerance and other harsh disciplinary approaches that have transformed schools into penal like institutions In their own words students describe their lives the challenges they face and their efforts to overcome those challenges Unlike other studies this book illuminates the students perspectives on what happens when the educational system excludes them from regular school Weissman draws attention to research findings that suggest punitive disciplinary policies and practices resemble criminal justice strategies of arrest trial sentence and imprisonment She demonstrates how harsh school discipline prepares young people from poor communities of color for their place in the carceral state An invaluable resource for policy makers **Prelude to Prison** presents recommendations for policy practice and political change that have the potential to dismantle the school to prison pipeline      **Break Every Yoke** Joshua Dubler, Vincent W. Lloyd, 2020 Changes in the American religious landscape enabled the rise of mass incarceration Religious ideas and practices also offer a key for ending mass incarceration These are the bold claims advanced by **Break Every Yoke** the joint work of two activist scholars of American religion Once in an era not too long past Americans both incarcerated and free spoke a language of social liberation animated by religion In the era of mass incarceration we have largely forgotten how to dream and organize this way To end mass incarceration we must reclaim this lost tradition Properly conceived the movement we need must demand not prison reform but prison abolition **Break Every Yoke** weaves religion into the stories about race politics and economics that conventionally account for America's grotesque prison expansion of the last half century and in so doing it sheds new light on one of our era's biggest human catastrophes By foregrounding the role of religion in the way political elites religious institutions and incarcerated activists talk about incarceration **Break Every Yoke** is an effort to stretch the American moral imagination and contribute resources toward envisioning alternative ways of doing justice By looking back to nineteenth century abolitionism and by turning to today's grassroots activists it argues for reclaiming the abolition spirit      **The Toughest Beat** Joshua Page, 2013 **The Toughest Beat** uses the rise of the California Correctional Peace Officers Association the state's powerful prison officers union to explore the actors and interests that have created shaped and protected the Golden State's sprawling dysfunctional penal system and how it might yet be transformed      *Making Theatre* Sherrill Grace, 2008 The story of Pollock's life from her family roots in New Brunswick
