Against the State Llewellyn H. Rockwell, 2014-06-01 *Against the State An Anarcho Capitalist Manifesto* diagnoses what is wrong with the American political system and tells us what we need to fix things The cure is a radical one because as the book incontrovertibly shows the many problems that confront us today are no accident They stem from the nature of government itself Only peaceful cooperation based on the free market can rescue us from our present plight *Against the State* is written by Lew Rockwell the founder of the Mises Institute and LewRockwell com and the closest friend and associate of Murray Rothbard the leading theorist of anarcho capitalism Rockwell applies Rothbard s combination of individualist anarchism and Austrian economics to contemporary America The book shows how the government is based on war both against foreign nations and against the American people themselves through massive invasions of our liberties Fueled by an out of control banking system the American State has become in essence fascist We cannot escape our predicament through limited government the government is incapable of controlling itself Only a purely private social order can save us and Rockwell succinctly sets out how an anarcho capitalist order would work *Against the State* Llewellyn

Block,Alan G. Futerman,2021-11-02 This book offers a unique perspective on the State of Israel based on classical liberalism both on a historical and theoretical level Specifically it makes a classical liberal and libertarian analysis based upon homesteading and private property rights to defend the State of Israel As such this work explores the history of the Jewish State both to provide a positive case for its right to exist and to clarify the myths surrounding its origin and development At the same time it deals with other relevant related subjects such as the complex situation between Israel and the Palestinian Arabs the military campaigns against the Jewish State the connection between anti Zionism and anti Semitism and Israel s economic miracle The thorough analysis presented in this work intends to show not only why the voices and movements against Israel are wrong including the Boycott Divestment and Sanctions movement BDS but more importantly why Israel is an example of human flourishing and freedom that every advocate for liberty should celebrate The Classical Liberal Case for

Israel makes the practical and moral case for Israel It is based on truths and facts that need to be repeated over and over Block Futerman understand that the only way to defeat a big lie is with a big truth Benjamin Netanyahu Prime Minister of the State of Israel Jerusalem Israel Classical Liberalism often associated with the spread West from Northern Europe in creating free nations is argued here as applying to Israel with ancient roots in the principles of human freedom Vernon L Smith Ph D Nobel Prize in Economic Sciences 2002 and Professor George L Argyros Endowed Chair in Finance and Economics Professor of Economics and Law Smith Institute for Political Economy and Philosophy at Chapman University □□□□ □□□□ Fouad Sabry,2024-04-20 20 20 I 1 2 3 4 5 6 7 8 9 10 11 12 T 13 14 15 16 17 18 19 20 21 *Hearings* United States. Congress. House,1940 **The Power Matrix** Peter Hetherington,2023-12-13 America seems divided as never before segregated into political tribes with antithetical beliefs But are these sides really that different Does virtue lie at just one political extreme On what are our political opinions and affiliations based Is one side correct and the other wrong Is the divide really a conflict between socialism and capitalism and if so what do these ideologies mean and how did they evolve The Power Matrix attempts to answer these questions graphically using the simple assumption that everything in the universe is based on energy This basic understanding allows one to construct graphs chronicling how different forms of complexity emerged Human society is just another complex system that conforms to the laws of nature Examining the origins and evolution of society allows us to see the modern world in context and explains why our current circumstances are so unique and fragile Perhaps this perspective will make it easier for Americans and to discover that our friends neighbors and fellow citizens who disagree with us are not immoral or ignorant and that maybe everyone has a unique perspective and something worthwhile to say **What Should Philosophy Do?** Steven Yates,2021-07-12 Philosophy as an academic discipline has fallen on hard times Its practitioners might retort that never have there been so many books articles blogs etc But quantity is not quality and while philosophers are graduating with PhDs few are finding adequate employment and this is just the most visible problem The question What Should Philosophy Do is going begging and the social justice warriors have tried to transform it into one of their political platforms right along with the rest of the liberal arts or humanities In this book philosopher Steven Yates revisits the question anew and comes up with a fresh perspective He argues that philosophy is not a mere academic discipline that it has a job to do in civilization that transcends its academic niche He argues that philosophy should identify clarify and evaluate worldviews noting their contributions noticed as such or not to the conversations of civilization examining their capacity to solve problems their consistency and their overall adequacy in helping us live Yates concludes that we should revisit the Christian worldview and perhaps other worldviews as part of an intellectual move towards a philosophical pluralism that emphasizes the freedom and intrinsic value of persons and could provide an alternative to the technocratic world order towards which we are presently heading at breakneck pace *Giving the Devil his Due* Michael Shermer,2020-04-09 Who is the Devil And what is he due The Devil is anyone who disagrees with you And what he is due is

the right to speak his mind He must have this for your own safety s sake because his freedom is inextricably tied to your own If he can be censored why shouldn t you be censored If we put barriers up to silence unpleasant ideas what s to stop the silencing of any discussion This book is a full throated defense of free speech and open inquiry in politics science and culture by the New York Times bestselling author and skeptic Michael Shermer The new collection of essays and articles takes the Devil by the horns by tackling five key themes free thought and free speech politics and society scientific humanism religion and the ideas of controversial intellectuals For our own sake we must give the Devil his due **Hayek: A Collaborative**
