Career and Calling Ginny Ward Holderness, Forrest C. Palmer, 2000-12-01 Career and Calling is an excellent guide to discovering God s calling Written for students young adults and those who work with them it contains a six session small group career counseling program that focuses on God s calling individual s interests gifts and talents and the world of work The program also encourages the development of spiritual disciplines scripture reading and study journaling mentoring and conversations with professionals

Epic Families, Equipping Parents to Inspire Their Children to Know God Beth Meltzer, 2014-09-29 Epic Families not only identifies a problem within today s church but presents suggestions that equip parents to raise kids who are passionate for Jesus and offers ways that churches can partner with and empower parents in this mission Definitely well worth the read Rev Allen Perdue Lead Pastor Jersey Life Church Today s children are not raised in a bubble Daily they are bombarded with worldly wisdom and are tempted at earlier ages with things that would have stunned parents of previous generations Epic Families strives to help parents reclaim their God given mandate to raise their children to know and love Him Developed through more than a decade of ministry experience as well as one on one coaching with parents and church staff this book identifies ways that the church has taken over a role that was designed for parents It offers suggestions to parents to help them confidently teach their children about the God who made them loves them and wants a relationship with them while also suggesting ways that churches can partner with parents while not usurping the parents role Epic Families can empower parents to inspire their children to trust God and make wise choices In the busy and sometimes scary world we live in parents need to intentionally showcase God s presence to their children and let Him permeate their lives this book offers them a valuable resource to do that

An Arrangement of the Psalms, Hymns, and Spiritual Songs of the Rev. Isaac Watts Isaac Watts, James Manning Winchell, 1823

Instructional-design Theories and Models Charles M. Reigeluth, 2013-05-13 Instructional theory describes a variety of methods of instruction different ways of facilitating human learning and development and when to use and not use each of those methods It is about how to help people learn better This volume provides a concise summary of a broad sampling of new methods of instruction currently under development helps show the interrelationships among these diverse theories and

highlights current issues and trends in instructional design It is a sequel to Instructional Design Theories and Models An Overview of Their Current Status which provided a snapshot in time of the status of instructional theory in the early 1980s Dramatic changes in the nature of instructional theory have occurred since then partly in response to advances in knowledge about the human brain and learning theory partly due to shifts in educational philosophies and beliefs and partly in response to advances in information technologies These changes have made new methods of instruction not only possible but also necessary in order to take advantage of new instructional capabilities offered by the new technologies These changes are so dramatic that many argue they constitute a new paradigm of instruction which requires a new paradigm of instructional theory In short there is a clear need for this Volume II of Instructional Design Theories and Models To attain the broad sampling of methods and theories it presents and to make this book more useful for practitioners as well as graduate students interested in education and training this volume contains twice as many chapters but each half as long as the ones in Volume I and the descriptions are generally less technical Several unique features are provided by the editor to help readers understand and compare the theories in this book Chapter 1 which discusses the characteristics of instructional theory and the nature of the new paradigm of instruction helps the reader identify commonalities across the theories Chapter forewords which summarize the major elements of the instructional design theories are useful for reviewing and comparing theories as well as for previewing a theory to decide if it is of interest and for developing a general schema that will make it easier to understand Editor s notes provide additional help in understanding and comparing the theories and the new paradigm of instruction to which they belong Units 2 and 4 have introductory chapters to help readers analyze and understand the theories in those units This is an essential book for anyone interested in exploring new approaches to fostering human learning and development and thinking creatively about ways to best meet the needs of learners in all kinds of learning contexts Readers are invited to use Dr Charles Reigeluth s Web site to comment and to view others comments about the instructional design theories in this book as well as other theories Point your browser to www.indiana.edu/idtheory
