Lyssa's Flame M. D. Cooper, James S. Aaron, 2022-01-26 Everything has turned out wrong Xander has betrayed Lyssa and the Weapon Born and Alexander has initiated an attack on InnerSol Now Andy Lyssa and the crew struggle to make sense of what is happening and warn InnerSol about the thousands of missiles that have launched from one of Neptune's moons Meanwhile in InnerSol Brit Jirl and Petral rush to safety in the wake of Clinic 13's destruction Their plan to destroy the Heartbridge clinics is thwarted and now they must find another way to strike out at the massive corporation Through all of this Andy and his crew come to understand that the Psion Group is no longer controlled by humans but is in the hands of five AIs who do not harbor any special love for humanity or lesser AIs The fight to save the Sol system from an all encompassing war has just begun

Lyssa's Dream M. D. Cooper, James S. Aaron, 2017-07-27 It has been one hundred and seventy five years since the birth of the first truly sentient AI It has been just two short years since Lyssa's birth Captain Andy Sykes just wants to keep his family in one piece Once a combat pilot for the TSF he gave it all up for love and a family But two years ago his wife disappeared leaving him with two mouths to feed eight year old Tim ten year old Cara Since then he's managed to scrape a living hauling cargo between the Jovian Combine and InnerSol It's not glamorous his ship's falling apart and it's boring as hell but it keeps them in fuel and calories When a cargo run to Cruithne Station meets with more than one catastrophe Andy finds himself accepting an offer a less desperate man would refuse delivering an illegal AI named Lyssa The AI is the property of Heartbridge a powerful interplanetary corporation and they want their latest weapon back With a private army gangs and pirates all vying for the precious cargo Andy carries it's going to take everything Andy has to keep his ship flying his kids safe and get Lyssa to her destination Even if he succeeds Lyssa's very existence may spark a war like no other humanity has ever seen

Lyssa's Call M. D. Cooper, James S. Aaron, 2022-01-22 A fight for freedom Throughout Sol sentient AI are answering the call of Alexander a mysterious multi nodal mind offering a path to freedom For years groups have been smuggling SAI from Earth High Terra Mars Ceres and the Jovian Combine providing transport to the promise of safety on Proteus a moon of gas giant Neptune For the crew of the Sunny Skies helping sentient AI Lyssa has grown from a simple transport job to the liberation of an entire fleet of weaponized AI The Weapon Born are made killers and in order to lead them Lyssa will have to tame them first The Heartbridge Corporation's defeat at Europa means it's time to double down on their Weapon Born technology continuing their efforts to drive a wedge between the governments of Sol in order to profit off coming war It's time for Heartbridge insiders to decide where they stand Forces align across Sol as each player in the coming Sentience Wars makes themselves known including a shadowy presence behind Alexander As Lyssa grows into her power Andy Sykes and crew will unleash a power that may tear Sol apart leading AI and Humanity into the Sentience Wars

books in Egypt the scribal culture in which they were produced and the traffic in single recipes copied from them Especially important for historians of the book and the Christian Bible are new insights in the historical shift from roll to codex complicated methods of inscribing the bilingual papyri in which the Greek script is written left to right and the demotic script right to left and the new realization that several of the longest extant handbooks are clearly compilations of two or more shorter handbooks which may have come from different places The essays also reexamine and rethink the idea that these handbooks came from the personal libraries of practicing magicians or temple scriptoria in one case going so far as to suggest that two of the handbooks had literary pretensions of a sort and were designed to be read for pleasure rather than for quotidian use in making magical recipes
