What Is Property Pierre-Joseph Proudhon, 2015-05-17 What is Property from Pierre Joseph Proudhon French politician 1809 1865 **What is Property?** Pierre-Joseph Proudhon, 1876 **What Is Property?; Or, an Inquiry Into the Principle of Right and of Government** Pierre-Joseph Proudhon, 2007-12 Pierre Joseph 1809 1865 was a French mutualist political philosopher of the socialist tradition He was the first individual to call himself an anarchist and is considered among the first anarchist thinkers Proudhon is most famous for his assertion that Property is theft in What is Property Or an Inquiry into the Principle of Right and Government The publication of What is Property attracted the attention of the French authorities and also of Karl Marx who started up a correspondence with Proudhon The two men influenced each other and their friendship ended completely when Marx wrote a response to Proudhon's The System of Economic Contradictions or The Philosophy of Poverty entitled The Poverty of Philosophy Their dispute was one of the origins to the split between the anarchists and the Marxists in the International Working Men's Association In his earliest works Proudhon analyzed the nature and problems of the capitalist economy While deeply critical of capitalism he also objected to those contemporary socialists who idolized association **What is Property?** P. J. Proudhon, 2018-11-23 The letters of Proudhon even outside

the circle of his particular friends will always be of value we can always learn something from them and here is the proper place to determine the general character of his correspondence It has always been large especially since he became so celebrated and to tell the truth I am persuaded that in the future the correspondence of Proudhon will be his principal vital work and that most of his books will be only accessory to and corroborative of this At any rate his books can be well understood only by the aid of his letters and the continual explanations which he makes to those who consult him in their doubt and request him to define more clearly his position Proudhon: What is Property? Pierre-Joseph
