reveal rampant corruption among their leaders who for their own selfish ends retard legislations which are absolutely imperative for the general welfare It is not necessary to mention other ways in which the people are being daily betrayed for this is sufficient to render any thinking person despondent and pessimistic The causes of the decadence of nations are not the laws which have been enacted but the flagrant violation of these very laws actuated by greed avarice and commercialism which are generated in the individual in power About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
