Brooks, Kathleen M. Brown, Leslie Hazle Bussey, Bonnie Fusarelli, Catherine A. Lugg, Latish C. Reed, George Theoharis, Mark A. Gooden, 2012-11-01 Challenges of work life balance in the academy stem from policies and practices which remain from the time when higher education was populated mostly by married White male faculty Those faculty were successful in their academic work because they depended upon the support of their wives to manage many of the not work aspects of their lives Imagine a tweedy middle aged white man coming home from the university to greet his wife and children and eat the dinner she's prepared for him and then disappearing into his study for the rest of the evening with his pipe to write and think great thoughts If that professor ever existed he is now emeritus Juggling Flaming Chainsaws is the first book in a new series with Information Age Publishing on these challenges of managing academic work and not work It uses the methodology of autoethnography to introduce the work life issues faced by scholars in educational leadership While the experiences of scholars in this volume are echoed across other fields in higher education educational leadership is unique because of its emphasis on preparing people for leadership roles within higher education and for preK 12 schools Authors include people at different places on their career and life course trajectory people who are partnered and single gay and straight with children

can be intimidating topics to teach This practical empathetic book aims to dispel some of the uncertainties that many teachers have and empower them to lead inclusive age appropriate lessons in primary and secondary schools Taking an approach that celebrates the individual identity of all learners and underpinned by an awareness of the complexity of language around these topics this book offers a careful evaluation of the 2020 Relationship and Sex Education policy for schools in England and how schools can offer intelligent socially responsible sex education that goes beyond simply meeting statutory requirements **The Advocate** ,2008-07 [An Introduction to Diverse Literacies in Primary Classrooms](#) Karen Daniels,Marie Helks,2025-04-09 How can teachers be prepared to support all children in becoming literate How can teachers best mediate the technical aspects of literacy and make these meaningful and relevant to their children What kinds of pedagogical practices can enable children to become creative and critical users and producers of digital and non digital texts An Introduction to Diverse Literacies in Primary Classrooms brings together the voices of academics classroom teachers student teachers and children to answer these questions Research into children s literate lives illustrates that literacy is very much integrated into children s ongoing home community and school experiences and these rich and diverse literate lives are very often digitally mediated This essential and practical book explores key themes in literacy education such as diversity drama literacy and play reader response grammar and children s authorship to understand the interrelationship between children s diverse literacy practices and ways that these can be mediated within the English school curriculum Written by a team of outstanding ITE English tutors and esteemed literacy researchers this book is an essential reference for all student and practising teachers and a must read for literacy coordinators and those interested in literacy research **Living On Our Heads** Rod Parsley,2010-08-03 Cultural disorientation has become pandemic Children act like adults and adults act like children Mother Earth is worshiped but motherhood is despised Free speech may get you free room and board in jail Life is denied and death is affirmed Dictators are treasured but duly elected leaders are treated with contempt Honest men are smeared while thugs are celebrated Our nation suffers from an epidemic of upside down thinking and we are poorer and weaker for it That is the central premise of this new book by Rod Parsley With a tone that is mildly satirical Parsley uses humor and good natured mockery liberally to poke fun at the absurdity of the twisted positions held by so many cultural elites Good and evil right and wrong tragic and heroic these were at one time well defined terms in our cultural lexicon Yet what was then obvious has now become obscure and it requires an unashamedly bold and independent observer to point out just how upside down we have become Rod Parsley not only describes a culture that has lost its way but also provides a way forward upright and facing true north **The Hard State, Soft City of Singapore** Simone Shu-Yeng Chung,Mike Douglass,2025-10-01 With Singapore serving as the subject of exploration The Hard State Soft City of Singapore explores the purview of imaginative representations of the city Alongside the physical structures and associated practices that make up our lived environment and conceptualized space engineered into material form by bureaucrats experts and commercial

interests a perceptual layer of space is conjured out of people's everyday life experiences. While such imaginative projections may not be as tangible as its functional designations, they are nonetheless equally vital and palpable. The richness of its inhabitants' memories, aspirations, and meaningful interpretations challenges the reduction of Singapore as a Generic City. Taking the imaginative field as the point of departure, the forms and modes of intellectual and creative articulations of Singapore's urban condition probe the resilience of cities and the people who reside in them through the images they convey or evoke as a means for collective expressions of human agency in placemaking.

LGBTQ Voices in Education Veronica E. Bloomfield, Marni E. Fisher, 2016-04-14 *LGBTQ Voices in Education* Changing the Culture of Schooling addresses the ways in which teachers can meet the needs of LGBTQ students and improve the culture surrounding gender, sexuality, and identity issues in formal learning environments. Written by experts from a variety of backgrounds including educational foundations, leadership, cultural studies, literacy, criminology, theology, media assessment, and more, these chapters are designed to help educators find the inspiration and support they need to become allies and advocates of queer students whose safety, well-being, and academic performance are regularly and often systemically threatened. Emphasizing socially just curricula, supportive school climates, and transformative educational practices, this innovative book is applicable to K-12, college level, and graduate settings and beyond.

Global Perspectives on Same-Sex Marriage Bronwyn Winter, Maxime Forest, Réjane Sénac, 2017-11-08 This book provides a comparative neo-institutionalist approach to the different factors impacting state adoption of, or refusal to adopt, same-sex marriage laws. The now twenty-one countries where lesbians and gay men can legally marry include recent or longstanding democracies, republics, and parliamentary monarchies, and unitary and federal states. They all reflect different positions with respect to religion and the cultural foundations of the nation. Countries opposed to such legalization and those having taken measures in recent years to legally reinforce the heterosexual fundamentals of marriage present a similar diversity. This diversity in a globalized context where the idea of same-sex marriage has become integral to claims for LGBTI equality and indeed LGBTI human rights gives rise to the following question: which factors contribute to institutionalizing same-sex marriage? The analytical framework used for exploring these factors in this book is neo-institutionalism. Through three neo-institutionalist lenses—historical, sociological, and discursive—contributors investigate two aspects of the processes of adoption or opposition of equal recognition of same-sex partnerships. Firstly, they reveal how claims by LGBTIQ movements are being framed politically and brought to parliamentary politics. Secondly, they explore the ways in which same-sex marriage becomes institutionalized or resisted through legal and societal norms and practices. Although it adopts neo-institutionalism as its main theoretical framework, the book incorporates a broad range of perspectives, including scholarship on social movements, LGBTI rights, heterosexuality, and social norms and gender and politics.
