Source: "The Calamity," New York Times, 1911

"The building in which the fire occurred, was unexceptionably of fireproof construction. It stands to-day, intact, a blackened and awful monument to the nearly 170 persons who were alive and hopeful yesterday. The fire, discovered as a thin column of smoke, was an impassable wall of flames by the time the first alarm was sounded. Scores of working girls were hemmed in when formed by wooden sewing machines and filled with flimsy materials. More than fifty jumped from the windows, to be picked up either dead or fearfully injured. Many others were literally scorched to death. The Fire Department has been demanding the building of fire escapes on all sides of factory buildings. An expert lately alluded the establishment of a fire drill in this particular building. Whether or not his advice was heeded, all or nearly all the human beings who were in it when the fire was discovered are now dead. It is a calamity to put the whole town in a sorrowful mood."

Step 3: Categorize documents and write a thesis statement.

Step 4: Draft your essay.
