## **Approved By Man A Case For Biblical Reasonableness:**

**Approved by Man** Benjamin Townsend, John Wright, 2009-02 *A Handbook of Biblical Difficulties, Or, Reasonable Solutions of Perplexing Things in Sacred Scripture* Robert Tuck, 1889 **The Reasonableness of Scripture-belief** Sir Charles Wolseley (2d bart.), 1672 *The Reasonableness of Scripture-belief; a Discourse Giving Some Account of Those Rational Grounds Upon which the Bible is Received as the Word of God* Sir Charles WOLSELEY, 1672 *The Reasonableness and Certainty of the Christian Religion* Robert Jenkin, 1721 **The Reasonableness of the Christian Religion** Jonathan Dickinson, C. Matthew McMahon, 2022-06-16 Dickinson's work before you is one of fundamentals. He has chosen four areas of the fundamentals of the faith: basic Christian theology to bring to you its reasonableness. It is both a Scriptural and rational endeavor to understand the basics of the Christian faith and jettison you into the larger branches of basic Christian truth. He makes Christians think and while thinking shows them the nature of fundamental Christianity, i.e. that it is reasonable because God is reasonable and it directly distills truth about the perfections and character of the most high God, which is the very reason Jesus came. John 1:18 to declare the Father. Not only does it encapsulate the fundamentals of the faith, but it is rational. The Christian Gospel is rational and can be shown to be rational. Because God is rational. Dickinson, in this cause of showing forth the rational and reasonable aspects of the fundamentals of the faith, will cover in four sermons the being and attributes of God, the rational evidence of man's fall in the garden, the mediation of the man Christ Jesus, the evidence of Christ's work and merit from Old Testament prophecy and the New Testament argument from miracles performed by Jesus Christ. Or as Foxcroft says in the introductory chapter, Dickinson links together a numerous train of arguments drawn together in a comprehensive manner that deserve very attentive consideration. With such attentive consideration by the end of the work, you will come away with the fundamentals of the faith and the reasonableness of the Christian religion. **The Reasonableness and Certainty of the Christian Religion. The third edition, corrected and ... enlarged. (Additions, etc.)** Robert JENKIN, 1715 *The Reasonableness and Certainty of the Christian Religion* Jenkin, 1715 *A View of the Christian Religion. By One of the People, etc. [The preface signed: W. G., i.e. William Godson.]* William Godson, 1864 **The Popular Biblical Educator: Devoted to the Literature, Interpretation, and Right Use of Holy Scriptures, Etc. [By John Blackburn.]**, 1855 *A History of Reasonableness* Rick Kennedy, 2004. A defense of the social operation of thinking with an emphasis on testimony and authority. This book describes a lost tradition that can be called reasonableness. The tradition began with Aristotle, was recommended to Western education by Augustine, flourished in the schools of the Renaissance through the nineteenth century, then got lost in the academic and philosophic shuffles of the twentieth century. Representative of the tradition is John Locke's story of a King of Siam who rejected reports of the existence of ice. The King would have had to risk too much trust in another man whom he did not know too well, a Dutch ambassador, in order to believe that elephants could walk on cold water. John Locke presented the story to encourage his readers to think about

theresponsibilities and risks entailed in what he called the gentle and fair ways of information The art of thinking is largely social Popular textbook writers such as Quintilian Boethius Philipp Melanchthon John of St Thomas Antoine Arnauld Thomas Reid Isaac Watts Richard Whately William Hamilton L Susan Stebbings and Max Black taught strategies of belief trust assent and even submission as part of reasonableness For over two thousand years testimony and authority were at the center of lively discussions about teaching the art of thinking In the twentieth century the tradition faltered largely due to Immanuel Kant s insistence that there should be no distinction between handling testimony and personal experience This book recounts the history of a lively educational tradition and hopes to encourage its revival Rick Kennedy whose previous books and articles have been about Colonial American logic mathematics and science is Professor of History at Point Loma Nazarene University

**The Christian Index** ,1829      **The Bible echo, ed. by W. Kellaway** W Kellaway,1875      **The Political Thought of John Locke** John Dunn,1969 In this analysis Locke emerges as not merely a contributor to English constitutional thought or a reflector of the socio economic change in seventeenth century England but as an essentially Calvinist natural theologian

**The Holy Bible** ,1861      *The Christian treasury (and missionary review).* ,1872      The Japan Daily Mail ,1889      The Lutheran Witness ,1884      **The Columbian Star and Christian Index** ,1829

\_\_\_\_\_ **OR, A DISCOURSE CONCERNING THE HOLY SPIRIT** John Flavel,2016-07-27 A critical work into the working and theology of the most mysterious person of the holy Trinity the Holy Spirit Many times Christians recognize but do not focus on the Holy Spirit even though He is the most active person of the Godhood in our world today This work goes to correct that and delves into Scripture to reveal to us how he works and what he is like so that we can properly revere him as Almighty God
