"*If I Die . . .*" Michael Fleeman, 2025-06-25 He d been shot in the head decapitated and set on fire Who could have turned on the real estate ace with such bloodthirsty fury Even before the remains were found circumstantial evidence was building against Rudin s 52 year old wife Margaret who stood to inherit a handsome share of her husband s fortune Rudin s friends also suspected Margaret and the victim has thought that his wife was trying to poison him when he was alive Then a chilling caveat was discovered in Rudin s living trust should he die under violent circumstances an investigation should be conducted By the time authorities closed in on Margaret Rudin she d disappeared It would take two and a half years to hunt the Black Widow down and to discover the secrets at the heart of poisonous marriage Now reporter Michael Fleeman delivers a startling glimpse into the mind of a woman who would stop at nothing to get what she wanted Fleeman also details the relentless pursuit of justice that would lead authorities from the glamorous facade of Las Vegas to a squalid apartment on the outskirts of Boston to hold the remorseless wife accountable for her shocking crimes Speech Acts in Literature Joseph Hillis Miller, 2001 This book demonstrates the presence of literature within speech act theory and the utility of speech act theory in reading literary works Though the founding text of speech act theory J L Austin s *How to Do Things with Words* repeatedly expels literature from the domain of felicitous speech acts literature is an indispensable presence within Austin s book It contains many literary references but also uses as essential tools literary devices of its own imaginary stories that serve as examples and imaginary dialogues that forestall potential objections *How to Do Things with Words* is not the triumphant establishment of a fully elaborated theory of speech acts but the story of a failure to do that the story of what Austin calls a bogging down After an introductory chapter that explores Austin s book in detail the two following chapters show how Jacques Derrida and Paul de Man in different ways challenge Austin s speech act theory generally and his expulsion of literature specifically Derrida shows that literature cannot be expelled from speech acts rather that what he calls iterability means that any speech act may be literature De Man asserts that speech act theory involves a radical dissociation between the cognitive and positing dimensions of language what Austin calls language s constative and performative aspects Both Derrida and de Man elaborate new speech act theories that form the basis of new notions of responsible and effective politico ethical decision and action The fourth chapter explores the role of strong emotion in effective speech acts through a discussion of passages in Derrida Wittgenstein and Austin The final chapter demonstrates through close readings of three passages in Proust the way speech act theory can be employed in an illuminating way in the accurate reading of literary works **The Offshore Advantage** Terry Neal, 1998 An explanation of how and why people go offshore Where to Stash Your Cash ...
