Lennon, 1991. Matching folio to the soundtrack from the highly publicized documentary on this legendary singer-songwriter. 21 songs including A Day in the Life, The Ballad of John and Yoko, Give Peace a Chance, Jealous Guy, Woman, Just Like Starting Over, Imagine. Understanding John Lennon Francis Kenny, 2020-11-01. This year marks the anniversary not only of what would have been John Lennon's 80th birthday but also the 40th anniversary of his death in New York. Understanding John Lennon takes us back to where it all began. While other writers have only touched on the cause of John's genius, Francis Kenny reveals its roots in the post-war nature of Liverpool, John's family with its complex history, and the pain and hurt John felt during his childhood, revealing how his early life experiences shaped his brilliance as a songwriter and musician. Of all the books on The Beatles, this is the only one by an author who was himself born and raised under the same influences as the band's in the heart of Liverpool and still lives there. From the maritime nature of the city to its blue-collar background and the Irish heritage of its people, this book provides an insight into post-war Liverpool and John's family life, which gave rise to his brilliant but conflicted nature and traces how this ultimately contributed to the fall of The Beatles. Covering Lennon's life from Liverpool to New York, Kenny writes with sympathetic understanding of the confusion, pain, and corrosiveness that can at times accompany the demands and expectations of the creative process at its highest level. With new material revealing the real source of inspiration of Strawberry Fields, we are provided with a thought-provoking insight into a complex mind and a genius in the making. Whilst most books regurgitate the same stories about John's childhood and his time with The Beatles, this book presents an original insight into the founder of a band that was at the forefront of a social and cultural revolution. It is the only work to reveal the true sources of John's genius, which continues to leave an enduring imprint on our everyday life and imagination. Francis Kenny, after spending 20 years in the construction industry in the UK and abroad, was awarded a

degree by Liverpool University and went on to obtain MAs in Social Policy Urban Regeneration and Screenwriting while teaching in special education and the social sciences With extensive research into The Beatles spanning a lifetime he published his first novel Waiting for The Beatles in 2006 including an associated screenplay and television work followed by The Making of John Lennon in 2014 In Understanding John Lennon he takes a deeper look into the formative influences in John Lennon s life
