Michael Brake

Sociological Aspects Of Crime And Delinquency Routledge Revivals:

Sociological Aspects of Crime and Delinquency (Routledge Revivals) Michael Phillipson, 2014-10-14 The field of crime and delinquency attracts a great deal of heated and partial opinion prejudice and other forms of mal thinking When there is a scientific approach there tends to be a psychological explanation This book first published in 1971 is a corrective to both trends It is a discussion of criminal behaviour in relation to a wide range of behaviours which could be called deviance and regards the whole field from the sociological point of view The whole discussion is related to social policy and is vital reading for students of sociology and criminology

Sociological Aspects of Crime and Delinquency Michael Phillipson, 1971

Inequality, Crime and Public Policy (Routledge Revivals) John Braithwaite, 2013-09-13 First published in 1979 Inequality Crime and Public Policy integrates and interprets the vast corpus of existing research on social class slums and crime and presents its own findings on these matters It explores two major questions First do policies designed to redistribute wealth and power within capitalist societies have effects upon crime Second do policies created to overcome the residential segregation of social classes have effects on crime The book provides a brilliantly comprehensive and systematic review of the empirical evidence to support or refute the classic theories of Engles Bonger Merton Cloward and Ohlin Cohen Miller Shaw and McKay amongst many others Braithwaite confronts these theories with evidence of the extent and nature of white collar crime and a consideration of the way law enhancement and law enforcement might serve class interest

Progress in Urban Geography (Routledge Revivals) Michael Pacione, 2014-06-23 A substantial proportion of the world's population now live in towns and cities so it is not surprising that urban geography has emerged as a major focus for research This edited collection first published in 1983 is concerned with the effects on the city of a wide range of economic social and political processes including pollution housing health and finance With a detailed introduction to the themes and developments under discussion written by Michael Pacione this comprehensive work provides an essential overview for scholars and students of urban geography and planning

Criminology John Tierney, Maggie O'Neill, 2013-12-16

Criminology theory and context third edition expands upon the ideas presented in previous editions while introducing new material on critical theory feminism masculinities cultural criminology and postmodernism The text has been thoroughly updated throughout to reflect key perspectives in contemporary criminological theory Relevant updates include discussions on New Labour's criminal justice and penal policies in its third term in office and the latest developments in criminal justice and the politics of law and order in the UK and US This edition revisits societal and cultural influences that have shaped the discipline and invites the reader to re-examine the phenomena of crime and deviance *Criminology* theory and context third edition is presented in a logical structure and adopts an accessible framework The text is essential reading for students of criminology criminological theory and criminal justice and will also be of key interest to those studying sociology law and the wider social sciences

The Delinquent Solution (Routledge Revivals) David Downes, 2013-10-30 First published in

1966 *The Delinquent Solution* presents a study of crime associated with the nature of subcultures. The book discusses issues such as the concept and theory of subcultures, the life of delinquent gangs and the English experience of delinquent subcultures. It also takes an in-depth look at the Stepney and Poplar survey on crime from 1960, analysing both statistical data and more informal observations. Although the book was written over forty years ago, the issues discussed remain relevant and strong areas of interest.

The Sociology of Youth Culture and Youth Subcultures (Routledge Revivals) Michael Brake, 2013-10-08. First published in 1980, this book argues that subcultures are formed in defence of collectively experienced problems that arise from defects and contradictions in social structures. Mike Brake looks at the development of post-war youth culture in a sociological context and considers the class base of youth subcultures, showing that they generate a form of collective identity from which an individual identity can be achieved outside that ascribed by class, education or occupation. Black youth and young females are two groups given special attention here, since Brake notes they are prone to particular problems resulting from the racism and sexism inherent in much youth culture.

Crime, Drugs and Social Theory Chris Allen, 2007. Do criminal cultures generate drug use? *Crime, Drugs and Social Theory* critiques conventional academic and policy thinking concerning the relationship between urban deprivation, crime and drug use, and outlines an innovative constructionist phenomenologic.

Perceptions of Female Offenders, Vol. 2 Brenda Russell, Celia Torres, 2023-11-27. This new edition is a nuanced exploration of female involvement in various crimes, from delinquency, domestic violence, sexual assault and homicide, that resonates with the pulse of contemporary society. In an age where many events are tweeted and debated online, this book delves into the intricate ways social media portrays female offenders and how this can distort public perceptions and effect legal outcomes. Volume two includes recent research and theory examining how female perpetration is intricately related to gender roles that persist within the criminal justice system and often lead to gender disparities in treatment, criminal justice response and sentencing, and calls into question long-held beliefs and systems that might not be as impartial as they appear. The compelling nature of this volume addresses the complex relationship between trauma and offending and examines crucial subjects like partner violence, homicide and the unique challenges faced by trans women within the criminal justice system, and examines the myths associated with female offending and how that bleeds into criminal justice response. It addresses theories that provide insight into female offending and sentencing and offers ways to generate gender inclusiveness. This volume invites researchers, practitioners and advocates for justice to join a vital conversation and develop a more informed and equitable criminal justice response.

Time and Punishment Nicola Carr, Gwen Robinson, 2022-11-02. This book provides a novel exploration of time and temporality in relation to punishment and criminal sanctioning. It goes beyond focussing on the prison to address punishment more broadly, with contributions on punishment in the community, including after periods of imprisonment and in areas of the criminal justice system which have typically received less attention, such as prison transportation between prisons. The collection also includes a focus on

temporality in criminal justice policy and its potential impacts on speeding up justice as well as the experiential nature of punishment The book includes contributions from scholars in UK and Europe with largely original research and draws on the international literature It hopes to encourage punishment scholars to consider how ideas from the sociology of time can inform their own research **The Handbook of the History and Philosophy of Criminology** Ruth Ann

Triplett,2018-01-04 Featuring contributions by distinguished scholars from ten countries The Wiley Handbook of the History and Philosophy of Criminology provides students scholars and criminologists with a truly a global perspective on the theory and practice of criminology throughout the centuries and around the world In addition to chapters devoted to the key ideas thinkers and moments in the intellectual and philosophical history of criminology it features in depth coverage of the organizational structure of criminology as an academic discipline world wide The first section focuses on key ideas that have shaped the field in the past are shaping it in the present and are likely to influence its evolution in the foreseeable future Beginning with early precursors to criminology s emergence as a unique discipline the authors trace the evolution of the field from the pioneering work of 17th century Italian jurist philosopher Cesare Beccaria up through the latest sociological and biosocial trends In the second section authors address the structure of criminology as an academic discipline in countries around the globe including in North America South America Europe East Asia and Australia With contributions by leading thinkers whose work has been instrumental in the development of criminology and emerging voices on the cutting edge The Wiley Handbook of the History and Philosophy of Criminology provides valuable insights in the latest research trends in the field world wide the ideal reference for criminologists as well as those studying in the field and related social science and humanities disciplines Essential Criminology Stuart Henry,Desiré J. M. Anastasia,2025-04-09 This significantly expanded edition of Essential Criminology covers the broadest range of criminological theories the essential criminological theories from longstanding ones such as classical theory and strain theory to recently introduced ones such as ultra realism and green cultural criminology Whether all are essential depends on one s theoretical stance The value of this text is its carefully designed comparative analysis which helps readers consider their relative contribution to the field Originally designed as an alternative to lengthy and expensive introductory texts Essential Criminology provides a concise yet comprehensive overview of the field The book offers a clear structured student friendly critical analytical examination of the nature of crime theories of crime causation and their criminal justice policy implications Causal theories covered range from micro level classical and rational choice to biological psychological social learning social control and interactionist perspectives to macro level social ecology anomie strain conflict Marxist feminist and postmodernist theories Over its 26 year history the book has added new theoretical perspectives as these have gained prominence New to this edition are chapters on critical and ultra realism and critical green criminology and discussions of zemiology critical race theory and quantum holographic criminology The authors have also expanded some theoretical frameworks that had previously been underdeveloped such as opportunity

theory subcultural theory and social constructionism Essential Criminology contextualizes criminology in the globally interdependent 21st century addressing the crimes of terrorism global pandemics and climate change With its cutting edge updates illustrative real world examples and student friendly study tools including analytically comparable summary charts exposing each theory s ontological assumptions this text was designed primarily for undergraduate criminology courses but has also been adopted by community colleges and graduate programs in criminology sociology and political science *The Oxford Handbook of Criminology* Rod Morgan, Mike Maguire, Robert Reiner, 2012-04-12 The approach of the year 2000 has made the study of apocalyptic movements trendy But groups anticipating the end of the world will continue to predict Armageddon even after the calendar clicks to triple Os Green Harms and Crimes R. Sollund, 2016-01-12 The book presents discussions of the application of Stan Cohen s theories alongside empirical contributions in the fields of critical and green criminology Taken together the authors critically address harms and crimes against the environment as well as against human and nonhuman victims **Marginalised Voices in Criminology** Kelly J. Stockdale, Michelle Addison, 2024-03-11 This book is about people who are marginalised in criminology it is an attempt to make space and amplify voices that are too often overlooked spoken about or for In recognising the deep seated structural inequalities that exist within criminal justice higher education and the field of criminology we offer this text as a critical pause to the reader and invite you to reflect and consider within your studies and learning experience your teaching and your research whose voices dominate and whose are marginalised or excluded within criminology and why This edited collection offers chapters from international criminology scholars activists and practitioners to bring together a range of perspectives that have been marginalised or excluded from criminological discourse It considers both obscured and marginalised criminological theorists and schools of thought presents alternative viewpoints on traditional criminal justice themes and considers how marginalisation is perpetuated through criminological research and criminological teaching Engaging with debates on power colonialism identity hegemony and privilege and bringing together perspectives on gender race and ethnicity indigenous knowledge s queer and LGBTQ issues disabilities and class this concise collection brings together key thinkers and ideas around concerns about epistemological supremacy Marginalised Voices in Criminology is crucial reading for courses on criminological theory and concerns diversity gender race and identity Key Contested Issues in Criminology and Criminal Justice Anthony Walsh, 2025-09-24 Key Contested Issues in Criminology and Criminal Justice addresses the key issues within criminology and criminal justice that are strongly contested among scholars in the field Covering 18 different themes the book identifies the ways in which different issues are contested and demonstrates how biopsychosocial concepts and methods can inform most of them It is divided into four broad sections The first section examines philosophical issues such as the value of philosophy in criminology criminal justice the role of ideology in our disciplines and the issues of human nature and free will versus determinism The second section explains the biopsychosocial perspective that provides the framework used in exploring the

various issues It explores the possibility of integrating the natural sciences with criminology behavioral and molecular genetics evolutionary theory and neuroscience It also considers issues related to child maltreatment brain development and the role of rationality vis vis emotion in decision making The third section examines crime causation and contains chapters on social learning versus control theories radical critical theories the relationship between intelligence and criminal behavior issues of socioeconomic status SES poverty and crime and whether religion is a barrier or bridge to antisocial behavior The final section looks at four issues in criminal justice the police abolition movement the nature of punishment and its justifications by the criminal justice system and issues in sentencing and the death penalty Key Contested Issues in Criminology and Criminal Justice will be of value to students and scholars in criminology and criminal justice as well as to criminal justice practitioners
