The Falling of a Star ,1965 The Destroyer and the Lamb Matthias Reinhard Hoffmann,2005 Matthias Reinhard Hoffmann identifies an angelomorphic portrait of Christ in certain passages of Revelation and provides possible reasons for the inclusion of an angelomorphic Christology Angelomorphic Christology is not regarded as an isolated christological concept In turn the author compares angelomorphic Christology with the prominent Lamb Christology of Revelation A comparison of these concepts reveals that both Lamb and angelomorphic Christology serve the purpose of contrasting different functions of Christ The functions correspond with the implied perception of Christ by his followers on the one hand and his opponents on the other Accordingly Christ appears to be an eschatological juridical figure described in

angelomorphic patterns to his opposition while he is perceived as salvific redeemer in form of the Lamb by those who believe in him. Such a christological perspective draws on traditions from the Exodus narrative, namely the features of the Passover Lamb and the Destroying Angel. Further equality between God and Christ is established despite an angelomorphic portrait of Christ, especially those passages describing Christ as the Lamb put him on par with God. But also within visions with an angelomorphic description of Christ, his status as superior to angels and as an equal to God is displayed.

Reverence Duralle S. Hare, 2023-03-16. About the Book: *Reverence* Reawakening follows a young fallen angel who must endure a series of trials in order to maintain her position in the heavens. Throughout this story, she struggles to process an overflow of information, emotions, and revelations; she was not prepared for it. Duralle S. Hare hopes this story encourages people to remain strong and press on even when life gets confusing and difficult to keep up with. About the Author: Growing up, Duralle S. Hare watched a lot of cartoons and anime and spent a majority of the time reading fiction. As Hare got older, he decided to write stories of his own so he could entertain people and make them think about the challenges we face in life. Hare attended a Baptist church for the majority of his life, leading to a great understanding of the faith he practices. Though he would never claim to know everything, he has learned a lot from meeting and interacting with people from several different walks of life.

Benjamin and Adorno on Art and Art Criticism Thijs Lijster, 2025-10-01. This book brings together two of the most important figures of twentieth-century criticism, Walter Benjamin and Theodor Adorno, to consider a topic that was central to their thinking: the place of and reason for art in society and culture. Thijs Lijster takes us through points of agreement and disagreement between the two on such key topics as the relationship between art and historical experience, between avant-garde art and mass culture, and between the intellectual and the public. He also addresses the continuing relevance of Benjamin and Adorno to ongoing debates in contemporary aesthetics, such as the end of art, the historical meaning of art, and the role of the critic.
