 Sargent, Denise LaVoie, Murphy, Kristin M., 2024-08-09 In the landscape of global education there is a dire shortage of
 teachers exacerbated by declining enrollment rates and a mass exodus of educators particularly in urban settings UNESCO's
 revelation that millions of teachers are needed by 2030 underscores the critical gaps in our ability to provide quality
 education As the education sector grapples with these challenges Transforming Teacher Preparation Through Identity
 Development and Effective Technologies offers valuable solutions This compilation responds to the pressing need for a
 paradigm shift in teacher preparation offering insights recommendations and diverse perspectives from experts worldwide to
 address the current crisis and shape the future of education Teacher shortages and diminishing enrollment rates coupled
 with the departure of educators pose a significant threat to the quality of education globally Urban areas in particular
 witness a disproportionate exodus of educators creating disparities that impact the most vulnerable students The COVID 19
 pandemic has further emphasized the need for innovative technology driven solutions in teacher preparation As schools deal
 with these issues the imperative is to not only reflect on the current state of teacher preparation but also to set forth
 recommendations that will transform the field ensuring a robust and resilient education system for the years to come
