**The Dark Side of the Publishing Industry** Samuel River, Discover the Dark Side of the Publishing Industry and Uncover the Biggest Scams in the Business of Self Publishing with Famous Publishers and Distributors Only a fraction of authors can truly make a living from their books and even fewer understand the inner workings of the publishing industry With my experience of publishing 230 books and establishing my own publishing company I've witnessed how certain companies manipulate and control the market to their advantage But don't be discouraged this book will provide you with the knowledge to fight back and position yourself among the top 0.1% of successful authors While many authors have chosen to stay silent out of fear that speaking up would harm their image and sales I believe in sharing the truth In this eye opening book I expose the widespread cowardice within the industry and shed light on the harsh reality that most authors are merely writers seeking self esteem rather than delivering quality content I delve deep into the publishing world unveiling the secrets that few are brave enough to confront This is not a book filled with baseless accusations or unfounded claims Instead it is a reflection of my personal struggle and a decade long journey to overcome the odds and achieve success as an author As I uncovered the truth I realized that it's our choices that define us not the forces that stand against us Within these pages you'll find raw truth and an unfiltered account of my experiences Though some information may be difficult to prove due to the secretive nature of the industry the data and logical analysis presented will allow you to draw your own conclusions It's time to expose the illusion created by bestseller lists and empower both insiders and outsiders to see the publishing world for what it truly is Join me in this important battle for fairness and transparency Whether you're an author a publisher or an avid reader let the truth guide your decisions As Theodore

Roosevelt said In any moment of decision the best thing you can do is the right thing and the worst thing you can do is nothing Take action now and uncover the dark secrets of the publishing industry *Naughty Ink* Jamie Fuchs,2014-06-23 Readers who want to better understand the business side of erotica publishing won't be disappointed Jeanne Amazon customer I went into reading this thinking I knew all I needed to know about self publishing erotica and actually realized I had more to learn Definitely a worthwhile investment Jesse Amazon customer It's no secret that the erotica industry has boomed in the last few years due to the runaway success of 50 Shades of Grey There are more readers than ever but how can you stand out in the crowd of thousands of other authors That's exactly what this guide will teach you to accomplish Some of the topics include Building a mailing list The proper use of free books Keywords Pricing Using a website Avoiding the adult filter How to promote your story How to list your story for sale on Amazon Google Play Kobo Smashwords and All Romance Ebooks And more With real examples of exactly what I've done it's the only book you'll need to take yourself from an undiscovered erotic author to a self employed erotic author Following this method I got there writing less than 500 words per day The best part is that everything I did is completely replicable Another author is following my method with the exact same success She literally writes just a scratch over 300 words per day and is on her way to full time status This book even includes a keyword secret that more than doubled my sales overnight Don't spend six months learning the ropes like I did Let me teach them to you today *The Ultimate Guide to Singing* TC-Helicon,Greg A.
