**Collective Mobilisations in Africa / Mobilisations collectives en Afrique**,2015-06-02 This book uses empirical research to bring together a broad range of protest contexts in twelve chapters From the formation of Maroon societies in the early colonial period to female mobilisation in authoritarian contexts via urban youth culture women or mineworkers in trade unionism as well as pro and anti gay rights activists the protagonists here all insist upon their rights to protest in a variety of ways Sometimes popular protest is expressed through religion often and sometimes violently by young people exasperated by their long wait for social achievement Electoral wars and the formation of militias reveal a geography of violence in urban areas which in some sectarian excesses can be displaced to rural areas as described in the study on Boko Haram Cet ouvrage regroupe un ventail comprenant douze contextes de contestation De la formation de communautés marronnes au début de la colonisation aux mobilisations des mineurs en contexte autoritaire en passant par les cultures urbaines les cultures syndicales des femmes et des travailleurs dans les mines les contestations pour ou contre la liberté des homosexuels tous font prétendre leur pouvoir de contestation de manière plurielle La voie religieuse est un domaine où s'exerce

parfois de manière violente les protestations de populations souvent jeunes en attente de mobilité sociale. Les guerreslectorales et la constitution de milices dessinent une géographie de la violence en milieu urbain violence qui trouve sa place en milieu rural dans certaines rives sectaires comme en témoigne l'étude sur Boko Haram. [La fabrique de la paix Acteurs, processus, mémoires](#)

Collectif, 2015-04-10T00:00:00-04:00 Ce livre analyse les processus de paix autour de trois questions traitement liées. Est-il possible de dégager un schéma un modèle ou des similitudes dans les façons de parvenir à la paix? A contrario quelle typologie peut-ontablir pour les succès les déraillements et les effondrements du processus de paix? Enfin la paix peut-elle être imposée? La dimension internationale a été valorisée tant par l'origine des auteurs que par les sujets traités dans les textes ici rassemblés. Toutefois la fabrique de la paix ne se cantonne pas dans ces aspects et ces niveaux gouvernementaux. La réflexion est ouverte au vu concret comme la question par exemple de la pacification des mondes. La comparaison des processus de paix sur des périodes très différentes est une façon de faire ressortir les continuités mais aussi les particularités plus marquées ce qui invite alors à rechercher des explications. L'histoire s'ouvre ici d'autres disciplines comme l'histoire de l'art, la philosophie, l'anthropologie. La paix comme division politique n'est pas seulement le résultat d'un rapport de forces militaires; elle exprime une image de soi et des autres. Elle est plus que la fin de la guerre.

### **Bilan de la vie associative 2015-2016**

Haut Conseil à la vie associative, 2017-01-01 L'association au cœur de l'intérêt général est le thème de ce nouveau rapport d'activité. Le bilan du Haut Conseil à la vie associative fait état de la contribution générale des associations en l'illustrant par des témoignages et par quelques données statistiques. Par ailleurs il numerote les différentes dispositions qui ont été prises pour simplifier les démarches administratives et pour faciliter et encourager l'exercice du bivouac. Ces deux dernières années ont ainsi marqué des avancées notables: simplifications de l'accès aux financements publics et privés, encouragements à l'engagement et ce particulièrement pour les jeunes. Des propositions restent encore à développer et notamment en ce qui concerne la scolarisation de la situation des associations qui interviennent auprès des populations les plus fragiles.
