Then Mira's business partner is brutally murdered, her nude body found posed in the dappled, coloured light of the magnificent Mary Magdalene window. As evidence mounts against her, Mira must prove she's neither a murderer nor losing her grip on sanity and escape a psychopath who will stop at nothing until he possesses her body and soul. *The Other Girl* Erica Spindler, 2017-10-26 Pulse-pounding page-turning absolutely can't put it down. Spindler is master of classic crime fiction and the twist you won't see coming. A horrific crime with one witness, a fifteen-year-old girl from the wrong side of the tracks, one known for lying, and her own brushes with the law. Is it any surprise no one believed her? Officer Miranda Rader has worked hard to earn the respect of her co-workers and the community and is known for her honesty and integrity. But that wasn't always so. She grew up on the wrong side of the tracks in a small town that didn't believe she could change, and she's spent fifteen years trying to forget about her past. When Miranda and her partner are called to investigate the murder of one of the town's most beloved college professors, they're unprepared for the brutality of the scene. Just when Miranda thinks she's seen the worst of it, she finds a piece of evidence that chills her to the core: a faded newspaper clipping about a terrible night fifteen years ago. The night she'd buried along with the girl she'd been back then, and until now, that grave had stayed sealed. Then another man turns up dead: this one, a retired cop. Not just any cop, the one who took her statement that night. Two murders, two very different men, two killings that on the surface have nothing in common. Except Miranda. The outstanding new thriller from New York Times bestselling author Erica Spindler, *The Other Girl*, is a chilling novel about a ritualistic murder that sends a small town cop back into the trauma she thought she'd put behind her. Praise for Erica Spindler: Pulse-pounding, page-turning, absolutely can't put it down. Lisa Gardner. Neat, taut, and written with panache that forces you to turn each page. Daily Mail. Absolutely can't put it down. Lisa Gardner. Face your fear. Uncover the truth. It's been three months since that night, the night that Detective Micki Dare almost died. Physically, she's healed, but the nightmares remain, and she can't shake the feeling that more happened that night than her partner, Detective Zach Harris, is telling her. The only thing she can do is try to carry on as normal and solve the latest case. She and Zach have been assigned to a string of brutal home invasions that are rocking the city, and the families targeted have nothing in common. Why were these victims chosen? The deeper Micki and Zach go into the case, the more they realise something isn't right. There's something familiar about the person doing this, and it's a familiarity Micki has been trying to forget. Suddenly, this case is hitting too close to home, and Micki has to decide if she really wants to learn the truth about that night.
