Remembering Blue By Connie May Fowler:

Remembering Blue Connie May Fowler, 2000 From the bestselling author of *Before Women Had Wings* comes a beautiful love story set in a North Florida coastal village where a young widow mourns the loss of her fisherman husband Nick Blue

The Last Book Sam Pickering, 2001 Readers familiar with Sam Pickering's delightful essays will certainly hope that the title of his latest collection is not intended as prophecy A true original Pickering offers observation on everyday life that never fail to sparkle with wit insight amusement and wonder Freely blending fact with fiction Writing makes liars of us all he notes Pickering ranges easily and amiably from his home base in Storrs Connecticut to his roots in middle Tennessee with numerous side trips to observe the natural world to reflect on the bonds of family and friends One essay finds him playing auctioneer at a local arts council event jollying the attendees with tattered country tales and fanciful extravagant claims for items being sold In another piece his tongue in cheek remarks about the split infinitive when quoted in a newspaper ignite a small controversy that lands him on radio talk shows and provokes a flood of sometimes angry e mail Yet whenever the irritations of the human world become a bit too wearying Pickering finds ready refreshment in the doings of birds and insects and the splash of sunlight on a tree or flower Throughout these sixteen essays Pickering implicitly heeds the advice he offers his son just before the boy must meet the parents of his prom date The good storyteller I instructed Francis heaps paragraph upon paragraph just like a waitress serving mashed potatoes in a family style restaurant Having dined at the table of a master storyteller readers will depart this collection feeling fully sated indeed well nourished The Author A native of Nashville Sam Pickering is a professor of English at the University of Connecticut and author of eleven previous books of essays His most recent collections are *Living to Prowl* *Deprived of Happiness* and *A Little Fling* **Florida Studies** Keith

Huneycutt, Claudia Slate, 2009-05-27 Included in this volume are essays on various aspects of Florida Literature and history by scholars from across the state representing every kind of institution of higher learning Of special interest are the studies of Florida literature in the 19th Century and in the late 20th and early 21st centuries areas that are generally underrepresented in national journals The papers on the contributions of African America figures such as Zora Neale Hurston are noteworthy Of particular interest are the suggestions for teaching Florida Studies in the classroom which can be adapted for high school as well as college students Florida History & the Arts, 2000 A magazine of Florida's heritage

Florida on the Boil Kenneth F. Kister, 2007 Provides incisive reviews of more than 300 recommended novels and short story collections set in Florida Numerous Florida fiction writers past and present are represented in the book including such diverse talents as Edna Buchanan Harry Crews Connie May Fowler and others Excerpted from book cover The New Yorker, 2001 Crazy from the Heat Jay L. MacDonald, 2023-03-31 What makes Dave Barry funny Stephen King scary Tami Hoag heartbreaking All readily admit that where they live greatly influences what they write Indeed for both writers and readers geography may well be destiny when it comes to fiction Novelists often borrow from their surroundings consciously

or subconsciously to create their imaginative worlds just as we readers are drawn to those works that transport us to more exciting and inspiring locales be it Hemingway's Havana Faulkner's Yoknapatawpha County or McMurtry's Lonesome Dove
