Jon Gordon, Best selling author of *The Energy Bus* and *Soup*, This is a smart thought provoking approach to leadership and how to create the ideal environment for bringing about positive change and achieving meaningful results.

Mitt Romney, Former Governor of Massachusetts, Gary Chartrand's *Unreasonable Leadership* provides a blueprint for leaders who are driving change not only in the corporate sector but in the social sector as well. Gary describes what it takes to be a true pioneer to achieve unprecedented ground breaking results despite the complexity of the work and the enormity of the challenges.

We've learned through Teach for America that *Unreasonable Leadership* is exactly what is required to transform our entrenched public education systems.

Wendy Kopp, CEO and Founder of Teach For America, Achieving a vision that seemed nearly impossible, having the courage to make difficult decisions and leading with conviction transformed a company and its entire industry.

Unreasonable Leadership charts the growth of Acosta Sales and Marketing, a food brokerage firm that grew from a one state operation employing 11 people to an international sales and marketing agency employing a staff of more than 16 000 in the US and Canada.

During a 12 year span, company sales grew from 3 billion to 60 billion. How did this happen?

Acosta Chairman Gary Chartrand followed the advice of George Bernard Shaw: All progress comes from unreasonable people. Chartrand's success as an unreasonable leader testifies to the value of setting a bold agenda, never being afraid to ask, and the critical importance of molding a corporate culture.

His personal saga shows what can be accomplished no matter the odds of what conventional wisdom labels as impossible. *Billboard*, 2011-07-02

For over a century now America has dominated global politics and the global imagination Yet as the dollar declines inequality increases rates of consumption are unprecedented and American unilateralism comes under fire such hegemony is increasingly unsustainable In this provocative new book leading sociologist Jan Nederveen Pieterse asks whether it's possible for America to chart a different course Nederveen Pieterse argues that correcting the course of decline would mean taking drastic steps Only a reinvention of New Deal politics could address social inequality whilst repositioning itself in world politics would mean adopting genuine multilateralism In the current American bubble however political and corporate unaccountability are so entrenched and the constants of policy support for Wall Street the Pentagon and Israel are so widely accepted by powerful elites that change is unlikely to come from within Is there Hope for Uncle Sam is a clear and provocative look at one of the big questions facing us in this century No Sex Please, I'm Menopausal!
