A STUDY ON EMPLOYEE RETENTION PRACTICES IN THE 'IT' SECTOR Dr. Ch. Munendar Reddy, (De)mobilizing the Entrepreneurship Discourse Frederic Bill, Anders W. Johansson, 2010-01-01 This book is a banquet for readers who are open to a broader menu of ideas and insights into the nature of entrepreneurship how it occurs and the circumstances by which it manifests itself By seeing the phenomenon of entrepreneurship in new and intriguing ways the authors in this book helped me re imagine the many different kinds of entrepreneurs that exist I m very impressed with the creativity and scope of this book and the cleverness of these scholars to bring so many delicious perspectives to the table A book that is challenging and enjoyable to read William B Gartner Clemson University US This unique and fascinating book takes a critical look at aspects of the prevalent entrepreneurship discourse and presents several substantive new theories prescribing what should be abandoned demobilization and what should be adopted or given a more central position mobilization The contributors contend that entrepreneurship is not only an economic matter that it is not a predominantly male gender issue and that it is not only done by heroes or extraordinary efforts but rather that it is as much a matter of ordinary routine activities They conclude that the entrepreneurship literature could greatly benefit from including the concepts of space and place that resistance to it is an important aspect of its success and that it is just as much about imitation as about creativity Finally they address the issue that what should be demobilized or mobilized in the entrepreneurship discourse might actually be the wrong question since entrepreneurship is arguably a way of life At the cutting edge of entrepreneurship research this thought provoking book will prove a stimulating read for entrepreneurship academics students and researchers in the fields of entrepreneurship and business and management

List, Alexander Ruser, Stefan Toepler, 2022-05-10 This volume is a collection of original essays prepared by colleagues collaborators and former students on the occasion of Helmut K Anheier's 65th birthday and retirement from the University of Heidelberg An internationally recognized pioneer of nonprofit and civil society studies Anheier focused his work on providing clarity around 1 civil society local and global observing its origins and trajectory and developing theories to explain it 2 the nonprofit sector and institutions within and extending from it including nonprofit organizations philanthropy and social investment and 3 culture as it relates to democracy and back to civil society The essays in this volume refer to these concepts and position them in the context of developments over the last two to three decades The volume is arranged in three sections The first section comprises essays that elucidate concepts and probe theories in the field The second section presents chapters discussing current global challenges and trends in the focal areas The third and final section then comprises country and regional case studies illustrating important aspects of the global challenges or theoretical issues of the two preceding sections A fascinating and up to date overview of key issues and trends in civil society and nonprofit research by an international collection of eminent scholars in these fields this book will be attractive to civil society and nonprofit sector researchers as well as a broader academic community of political scientists sociologists economists and cultural experts

Administrative Culture in Developing and Transitional Countries Ishtiaq Jamil, Steinar Askvik, Farhad Hossain, 2016-03-17 The book explores theoretical methodological and empirical underpinnings of administrative culture as well as prospects and challenges associated with it in the context of and across developing and transitional countries Referring to dominant norms and values in public organizations administrative culture is about the attitudes and perceptions of public officials In many countries civil servants are criticised for being corrupt incompetent unreliable and self centred Their attitudes norms and values and the way they act are in constant conflict with rule of law Recently the virtues of the Weberian model of bureaucracy have been reclaimed as an alternative to New Public Management NPM i.e. as a model which emphasizes impartiality rule following expertise and hierarchy rather than manipulation of incentive structures and market competition In particular it has been argued that a system of meritocratic recruitment and predictable long term careers increases the professional competence of the bureaucrats and fosters a culture of professionalism among them Still it is unclear how and under what conditions such a model can be adopted Among main hindrances seems to be established power structures and the existing political and societal culture which undermine the effective implementation of the Weberian model This book was published as a special issue of the International Journal of Public Administration **Global Opportunities for Entrepreneurial Growth** Stavros Sindakis, Panagiotis Theodorou, 2017-12-07 This book investigates

compares and contrasts the theoretical and practical elements of business concepts and models that are acclimated to the dynamic changes of our modern era Furthermore it describes and analyzes the current cooperative interactions among firms and evaluates the contribution of knowledge dynamics in coopetition
