God's Sacred Occasions John R. Oliver MD, 2023-06-14 The Feasts of the Lord or God's Appointed Times first appear in the Bible during the Exodus There are three aspects to the Feasts of the Lord 1 Agricultural 2 Memorial and 3 Prophetic They are prophetic about both the First Advent and the Second Advent which means that some events prophesied have not happened yet The Jewish calendar was to be determined by the New Moons and the ripening of barley in Israel and consisted of twelve or thirteen months The first of the Appointed Times was Passover and the Feast of Unleavened Bread Unfortunately the Hebrews rarely observed the Feasts of the Lord and this ultimately led to their division and the Babylonian captivity In Babylon they began to rely upon the Babylonians astronomical calculations as well as

observations to try to determine when the Feasts of the Lord would occur Finally in the fourth century they began to rely solely on calculations to determine the dates of the Feasts of the Lord The Feasts of the Lord played an important role during Christ s time on earth There were four Passovers during His ministry culminating in His crucifixion at the time of the fourth Passover After His resurrection the Holy Spirit was poured out upon His followers in Jerusalem on the day of Pentecost The early Christian Church continued observance of the Feasts of the Lord Paul observed Passover and the Feast of Unleavened Bread in Philippi He was arrested at the time of Pentecost The first breaks from the Feasts of the Lord began in the second century CE The Feasts of the Lord are still important today because they were part of an oath from God and He never breaks His oaths Furthermore we will be observing Feasts of the Lord in the New Earth *Southwestern Journal of Anthropology* ,1964 *Chicago Mini Wall Calendar 2017: 16 Month Calendar* David Mann,2016-10-11 Fill your upcoming 2017 with 16 months of Chicago all year round This beautiful mini calendar contains 16 months and 3 mini 2016 2017 and 2018 year calendars *The Renaissance of the Saints After Reform* Gina M. Mortals, Deities and Divine Symbols: Rethinking Ancient Images from the Levant to Mesopotamia Benjamin Sass,Laura Battini,2025-05-29 Dedicated to Tallay Ornan a scholar distinguished in ancient Western Asian iconographic studies It is divided into her major themes New Discoveries and Approaches The Human World The Divine World This discusses iconological and textual problems in a chronological span from the third to first millennia BCE *Chicago Commerce* ,1914 *Public Medievalists, Racism, and Suffrage in the American Women's College* Mary Dockray-Miller,2017-11-13 This study part of growing interest in the study of nineteenth century medievalism and Anglo Saxonism closely examines the intersections of race class and gender in the teaching of Anglo Saxon in the American women s colleges before World War I interrogating the ways that the positioning of Anglo Saxon as the historical core of the collegiate English curriculum also silently perpetuated mythologies about Manifest Destiny male superiority and the primacy of northern European ancestry in United States culture at large Analysis of college curricula and biographies of female professors demonstrates the ways that women used Anglo Saxon as a means to professional opportunity and political expression especially in the suffrage movement even as that legitimacy and respectability was freighted with largely unarticulated assumptions of racist and sexist privilege The study concludes by connecting this historical analysis with current charged discussions about the intersections of race class and gender on college campuses and throughout US culture

Predatory Value Extraction William Lazonick,Jang-Sup Shin,2019-12-04 Predatory Value Extraction explains how an ideology of corporate resource allocation known as maximizing shareholder value MSV that emerged in the 1980s came to dominate strategic thinking in business schools and corporate boardrooms in the United States Undermining the social foundations of sustainable prosperity it resulted in employment instability income inequity and slow productivity growth In explaining what happened to sustainable prosperity William Lazonick and Jang Sup Shin focus on the growing imbalance between value creation and value extraction in the U S economy and the corporate governance institutions that determine this balance in the nation s major business corporations The imbalance has become so extreme that predatory value extraction is now a central economic activity to the point at which the U S economy as a whole can be aptly described as a value extracting economy Balancing the contributions

of economic actors to value creation with their power to extract value provides the foundation for stable and equitable economic growth When certain economic actors are able to assert their power to extract far more value than they contribute to the value creation process an imbalance occurs which when extreme leads to dire economic political and social consequences This book not only explores these consequences but also sets out an agenda for restoring sustainable prosperity
