Gismonauts the action jumps farther into the future with Jerry Cole's grandson Chris encountering an alien way station set up by Monaal and his people on the moon. Monaal is still studying Earth. Can Chris keep the aliens secret and prove humanity is ready to join the galactic Federation? In A Message from Monaal the aliens have a last test for humanity and Chris may be the only one who can prove we are ready for galactic citizenship. The Gismo and its sequels are not well known beyond a generation of American kids who found them in their school classrooms and libraries. They were published for the educational market and were designed to be read by 4th to 8th grade readers in the 1970s and 1980s. Am I dating myself if I admit to reading and loving The Gismo in school? I don't think any copies were sold commercially. That doesn't stop this whole series from being exciting fun books which hold up exceptionally well to this day. John Gregory Betancourt
