Vampires Are Us Margot Adler, 2014-03-01

The author of *Drawing Down the Moon* offers a literate imaginative and just plain fascinating exploration of the enduring allure of vampires. Whitley Strieber author of *The Hunger* Author and NPR correspondent Margot Adler found herself newly drawn to vampire novels while sitting vigil at her dying husband's bedside. Intrigued by the way this ever evolving myth lets us contemplate mortality she embarked on a years long journey of reading hundreds vampire novels from teen to adult from gothic to modern from detective to comic. She began to see just how each era creates the vampires it needs. Dracula an Eastern European monster was the perfect vehicle for 19th century England's fear of outsiders and of disease seeping in through its large ports. In 1960s America the television show *Dark Shadows* gave us the morally conflicted vampire struggling against his own predatory nature who still enthralls us today. From Bram Stoker to Ann Rice from vampire detective thrillers to lesbian vampire fiction and from *Buffy the Vampire Slayer* to *Twilight* and *True Blood* *Vampires Are Us* explores the issues of power politics morality identity and even the fate of the planet that show up in vampire novels today. Perhaps Adler suggests our blood is oil perhaps our prey is the planet. Perhaps vampires are us.

Literature for Young Adults Joan L. Knickerbocker, 2017-03-15

Young adults are actively looking for anything that connects them with the changes happening in their lives and the books discussed throughout *Literature for Young Adults* have the potential to make that connection and motivate them to read. It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers. It also looks at the ways in which contemporary readers access and share the works they're reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs. In addition to traditional genre chapters *Literature for Young Adults* includes chapters on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film. It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with. The book's discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books. It will help readers teach young adults the language they need to articulate their responses to the books they are reading.
