The Oxford Handbook of the Latin American Novel Juan E. De Castro, Ignacio López-Calvo, 2023 The Latin American novel burst onto the international literary scene with the Boom era led by Julio Cortázar, Gabriel García Márquez, Carlos Fuentes and Mario Vargas Llosa and has influenced writers throughout the world ever since. García Márquez and Vargas Llosa each received the Nobel Prize in literature and many of the best known contemporary novelists are inspired by the region's fiction. Indeed, magical realism, the style associated with García Márquez, has left a profound imprint on African American, African, Asian, Anglophone, Caribbean and Latinx writers. Furthermore, post-Boom literature continues to garner interest from the novels of Roberto Bolaño to the works of César Aira and Chico Buarque to those of younger novelists such as Juan Gabriel Vásquez, Alejandro Zambra and Valeria Luiselli. Yet for many readers, the Latin American novel is often read in a piecemeal manner, delinked from the traditions, authors and social contexts that help explain its evolution. The Oxford Handbook of the Latin American Novel draws literary, historical and social connections so that readers will come away understanding this literature as a rich and compelling canon. In forty-five chapters by leading and innovative scholars, the Handbook provides a comprehensive introduction helping readers to see the region's intrinsic heterogeneity; for only with a broader view can one fully appreciate García Márquez or Bolaño. This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century, and its flourishing from the 1960s onward. Furthermore, the Handbook explores the regions' representations of identity, narrative trends and authors that make this literature so diverse and fascinating, reflecting on the Latin American novel's position in world literature.

[The All Saints' Day Lovers](#) Juan Gabriel Vásquez, 2015-05-21 An extraordinarily rich and powerful collection of seven thematically linked stories from the acclaimed prize-winning author of *The Sound of Things Falling*. The narrative escalates, the mystery deepens and the scope of the story widens with each page. Terrific. Khaled Hosseini Books of the Year One of the most original new writers of Latin American literature. Mario Vargas Llosa A Colombian writer is witness to a murder which will mark him forever. A woman sits alone in her house waiting for her husband to return while he lies in another woman's bed, twenty kilometres away. Through blood-soaked betrayal, a love affair, murder and long meditated revenge, Vásquez achieves an extraordinary unity of emotion, morality and landscape with these fragmented lives. Aching, sad and beautifully crafted. *The All Saints' Day Lovers* is a remarkable and intense collection of stories that explores the depths of relationships, loneliness and cruelty.

The New Cambridge Companion to Joseph Conrad J. H. Stape, 2014-09-29 Joseph Conrad's centrality to modern literature is well established. *The New Cambridge Companion to Joseph Conrad* provides essential guidance to varied developments in the field of Conrad studies since the publication of *The Cambridge Companion to Joseph Conrad* 1996. The volume's thirteen chapters offer diverse perspectives on emergent areas of interest including canon formation, postcolonialism, gender, critical reception and adaptation. Likewise, chapters on Conrad's autobiographical writings, *Heart of Darkness* and *The Secret Sharer* consider recent trends in both literary and cultural studies. A chronology and an updated guide to further reading serve to provide essential orientation to a large and complex field. This volume is the ideal starting point for students new to Conrad's work as well as for scholars wishing to keep abreast of current issues. **Out of Context**

Michaela Bronstein, 2018 *Out of Context* disrupts the notion of static context, instead proposing a transhistorical approach to literature, revealing that the significance of literature is in its moments of surprising reception. [The Real "long War"](#) Geoffrey Till, 2013 The 21st century has seen the growth of a number of nontraditional threats to international stability on which trade and thus U.S. peace and security depends and for the moment at least a reduced likelihood of continental-scale warfighting operations and something of a de-emphasis on major involvement in counterinsurgency operations. These nontraditional threats are however very real and should command a higher priority than they have done in the past, even in a period of budgetary constraint. The military have cost-effective contributions to make in countering the manufacture and distribution of illicit drugs and in many cases can do so without serious detriment to their main warfighting role. Successfully completing this mission, however, will require the military to rethink their integration with the nonmilitary aspects of a whole-of-government approach and almost certainly their institutional preference for speedy victories in short wars.
