

The background of the cover is a dark, grainy photograph. In the upper center, a window is visible, with a bright light source inside, creating a strong glow. Below the window, a dark silhouette of a person is visible, possibly sitting or lying down. In the lower left corner, there is a bright, warm light source, likely a fire or a lamp, which illuminates the surrounding area with a golden-yellow glow. The overall mood is mysterious and intimate.

*Time at Emar* Daniel E. Fleming, 2000 The recent large scale watershed projects in northern Syria where the ancient city of Emar was located have brought this area to light thanks to salvage operation excavations before the area was submerged Excavations at Meskenah Qadimeh on the great bend of the Euphrates River revealed this large town which had been built in the late 14th century and then destroyed violently at the beginning of the 12th at the end of the Bronze Age In the town of Emar ritual tablets were discovered in a temple that are demonstrated to have been recorded by the supervisor of the local cult who was called the diviner This religious leader also operated a significant writing center which focused on both administering local ritual and fostering competence in Mesopotamian lore An archaic local calendar can be distinguished from other calendars in use at Emar both foreign and local A second overlapping calendar emanated from the palace and

represented a rising political force in some tension with rooted local institutions The archaic local calendar can be partially reconstructed from one ritual text that outlines the rites performed during a period of six months The main public rite of Emar's religious calendar was the zukru festival This event was celebrated in a simplified annual ritual and in a more elaborate version of the ritual for seven days during every seventh year probably serving as a pledge of loyalty to the chief god Dagan The Emar ritual calendar was native in spite of various levels of outside influence and thus offers important evidence for ancient Syrian culture These texts are thus important for ancient Near Eastern cultic and ritual studies Fleming's comprehensive study lays the basic groundwork for all future study of the ritual and makes a major contribution to the study of ancient Syria *A Cyclopædia of Biblical Literature* John Kitto, 1865 **A Cyclopaedia of Biblical Literature.**
