Haruki Murakami Matthew C. Strecher, Paul L. Thomas, 2016-03-22 Japanese writer Haruki Murakami has achieved incredible popularity in his native country and world wide as well as rising critical acclaim Murakami in addition to receiving most of the major literary awards in Japan has been nominated several times for the Nobel Prize Yet his relationship with the Japanese literary community proper known as the *Bundan* has not been a particularly friendly one One of Murakami's central and enduring themes is a persistent warning not to suppress our fundamental desires in favor of the demands of society at large Murakami's writing over his career reveals numerous recurring motifs but his message has also evolved creating a catalogue of works that reveals Murakami to be a challenging author Many of those challenges lie in Murakami's blurring of genre as well as his rich blending of Japanese and Western mythologies and styles all while continuing to offer narratives that attract and captivate a wide range of readers Murakami is as e Kenzabur once contended not a Japanese writer so much as a global one and as such he merits a central place in the classroom in order to confront readers and students but to be challenged as well Reading teaching and studying Murakami serves well the goal of rethinking this world It will open new lines of inquiry into what constitutes national literatures and how some authors in the era of blurred national and cultural boundaries seek now to transcend those boundaries and pursue a truly global mode of expression

Beats: Book Reviews 2014 Manuel Augusto Antão,2015-03-06 What it means to me to be a critic reviewer For a lot of readers a reviewer or critic is an embittered failed novelist or worse a barely restrained serial rapist Book critics may take the form of a dilettante theorist essayist or even historian but almost never reviewers who sometimes lack the distancing from the text required by the demands of academia synthesis

Haruki Murakami and the Search for Self-Therapy Jonathan Dil, 2022-02-24 Haruki Murakami a global literary phenomenon has said that he started writing fiction as a means of self therapy What he has not discussed as much is what he needed self therapy for This book argues that by understanding more about why Murakami writes and by linking this with the question of how he writes readers can better understand what he writes Murakami s fiction in other words can be read as a search for self therapy In five chapters which explore Murakami s fourteen novels to date this book argues that there are four prominent therapeutic threads woven through Murakami s fiction that can be traced back to his personal traumas most notably Murakami s falling out with his late father and the death of a former girlfriend and which have also transcended them in significant ways as they have been transformed into literary fiction The first thread looks at the way melancholia must be worked through for mourning to occur and healing to happen the second thread looks at how symbolic acts of sacrifice can help to heal intergenerational trauma the third thread looks at the way people with avoidant attachment styles can begin to open themselves up to love again the fourth thread looks at how individuation can manifest as a response to nihilism Meticulously researched and written with sensitivity the result is a sophisticated exploration of Murakami s published novels as an evolving therapeutic project that will be of great value to all scholars of Japanese literature and culture

Spirit Matters Philip Gabriel, 2006-01-01 Spirit Matters is a ground breaking work the first to explore a broad range of writings on spirituality in contemporary Japanese literature It draws on a variety of literary works from enormously popular fiction Miura Ayako s HyEten and Shirokari Pass and the novels of Murakami Haruki to more problematic serious fiction Ee KenzaburE s Somersault to nonfiction meditations on martyrdom and miracles Sono Ayako s Kiseki and the dynamics of religious cults Murakami s interviews with members of Aum ShinrikyE in Underground The first half of the volume focuses on the work of two women Christian writers Miura Ayako and Sono Ayako Combining a decidedly evangelistic bent with the formulas of the popular novel Miura s 1964 novel HyEten Freezing Point and its sequel are entertaining perennial bestsellers but also treat spiritual issues like original sin that are largely unexplored in modern

Japanese literature Sono's Kiseki Miracles and Miura's Shiokari Pass focus on the meaning of self sacrifice and the miraculous and survey both the paths by which people come to faith and the spiritual doubts that assail them Perhaps most striking for Western readers Gabriel reveals how Miura's novel shows the lingering resistance to Christianity and its oppositional nature in Japan and how in Kiseki Sono considers the kind of spiritual struggles many Japanese Christians experience as they try to reconcile their belief in a minority faith

Multimodal Stylistics of the Novel Nina Nørgaard, 2018-10-08 This book advocates for a new analytical framework that extends our understanding of multimodal meaning making in the novel Integrating theoretical traditions from stylistics and the influential social semiotic approach to multimodal communication developed by Kress and van Leeuwen Nørgaard applies this method of analysis in order to build on existing stylistic practices that look at linguistic features in the novel to encompass other semiotic resources found in the form such as typography layout images paper and book cover design The volume grounds the discussion with supporting examples from novels that feature experimentation with multiple semiotic resources as well as more traditional novels furthering the argument that all novels are inherently multimodal Offering new insights and tools for unpacking multimodal meaning making in this critical literary genre this volume is an indispensable resource for graduate students and researchers in multimodality stylistics and literary studies

Talking Book Topics, 2015-07 **Sublime Voices** Christopher Bolton, 2020-03-17 Since the 1950s Abe Kōbō 1924-1993 has achieved an international reputation for his surreal or grotesque brand of avant garde literature From his early forays into science fiction to his more mature psychological novels and films and finally the complicated experimental works produced near the end of his career Abe weaves together a range of voices the styles of science and the language of literary forms In Abe's oeuvre this stylistic interplay links questions of language and subjectivity with issues of national identity and technological development in a way that ultimately aspires to become the catalyst for an artistic revolution While recognizing the disruptions such a revolution might entail Abe's texts embrace these disjunctions as a way of realizing radical new possibilities beyond everyday experience and everyday values By arguing that the crisis of identity and postwar anomie in Abe's works is inseparable from the need to marshal these different scientific and literary voices Christopher Bolton explores how this reconciliation of ideas and dialects is for Abe part of the process whereby texts and individuals form themselves a search for identity that must take place at the level of the self and society at
