The Other Side Of Israel By Susan Nathan:

The Other Side of Israel Susan Nathan, 2005 The pioneering autobiographical story of a British Zionist in her fifties who moves to Israel and chooses to live among 25 000 Muslims in the all Arab Israeli town of Tamra a few miles from Nazareth Susan Nathan's revelatory book about her new life across the ethnic divide in Israel is already creating international interest At a time when Middle Eastern politics in many ways central to the current world disorder have become mired in endless tit for tat killings Susan Nathan is showing by her own daily example that it is perfectly possible for Jews and Arabs to live peacefully together in a single community recognising their common humanity The author's familiarity with the former injustices of apartheid South Africa enables her to draw telling comparisons with the state of Israel The increasing segregation of and discrimination against the million strong Arabic population of Israel is something she witnesses at first hand but in describing her experiences in Tamra she is as observant of Arab frailties as of Jewish oppression Written with warmth compassion and humour *The Other Side of Israel* is one courageous woman's positive life enhancing response to a situation in which entrenched attitudes lead only to more violence and bloodshed *Women's Writing and Muslim Societies* Sharif Gemie, 2012-11-15 *Women's Writing and Muslim Societies* looks at the rise in works concerning Muslim societies by both western and Muslim women from pioneering female travellers like Freya Stark and Edith Wharton in the early twentieth century whose accounts of the Orient were usually playful and humorous to the present day and such works as Azar Nafisi's *Reading Lolita in Tehran* and Betty Mahmood's *Not Without My Daughter* which present a radically different view of Muslim Societies marked by fear hostility and even disgust The author Sharif Gemie also considers a new range of female Muslim writers whose works suggest a variety of other perspectives that speak of difficult journeys the problems of integration identity crises and the changing nature of Muslim cultures in the process this volume examines varied journeys across cultural political and religious borders discussing the problems faced by female travellers the problems of trans cultural romances and the difficulties of constructing dialogue between enemy camps **The Prison Dance** Denise

O'Brien, 2011-10-28 This memoir was inspired by the author's encounter with Palestinian women political prisoners of NeveTirza Beit Soar It begins with the journey she took through North Africa in 1970 and ends in an Israeli jail It describes a tumultuous era the experiences of women travelling unescorted amidst men and the daily life of an Israeli prison The tales of *The Prison Dance* are poignant sometimes tragic but frequently humorous owing to the often bizarre quality of events that transpired As the author was a dancer the reader experiences these events through the eyes of Dance Powerful and affecting Great subject still current in spite of the intervening years a valuable document of those times Hank Schachte author of *Killing time*

The Islamic Movement in Israel Tilde Rosmer, 2022-02-22 Since its establishment in the late 1970s Israel's Islamic Movement has grown from a small religious revivalist organization focused on strengthening the faith of Muslim Palestinian citizens of Israel to a countrywide sociopolitical movement with representation in the Israeli legislature

But how did it get here How does it differ from other Islamic movements in the region And why does its membership continue to grow Tilde Rosmer examines these issues in *The Islamic Movement in Israel* as she tells the story of the movement its identity and its activities Using interviews with movement leaders and activists their documents and media reports from Israel and beyond she traces the movement s history from its early days to its 1996 split over the issue of its relationship to the state She then explores how the two factions have functioned since revealing that while leaders of the two branches have pursued different approaches to the state until the outlawing of the Northern Branch in 2015 both remained connected and dedicated to providing needed social education and health services in Israel s Palestinian towns and villages The first book in English on this group *The Islamic Movement in Israel* is a timely study about how an Islamist movement operates within the unique circumstances of the Jewish state

Blood and Religion Jonathan Cook, 2006-04-20 This is an account of the Jewish state s motives behind building the West Bank wall arguing that at the heart of the issue is demography Israel fears the moment when the region s Palestinians become a majority The book charts Israel s increasingly desperate responses to its predicament including military repression of Palestinian dissent on both sides of the Green Line accusations that Israel s Palestinian citizens and the Palestinian Authority are secretly conspiring to subvert the Jewish state from within a ban on marriages between Israel s Palestinian population and Palestinians living under occupation to prevent a right of return through the back door the redrawing of the Green Line to create an expanded fortress state where only Jewish blood and Jewish religion count

Tikkun , 2006

Zionist Israel and Apartheid South Africa Amneh Badran, 2009-09-10 This book is a comparison of two ethnic national apartheid states South Africa and Israel which have been in conflict and how internal dissent has developed In particular it examines the evolution of effective white protest in South Africa and explores the reasons why comparably powerful movements have not emerged in Israel The book reveals patterns of behaviour shared by groups in both cases It argues that although the role played by protest groups in peace building may be limited a tipping point or magic point can become as significant as other major factors It highlights the role played by intermediate variables that affect the pathways of protest groups such as changes in the international system the visions and strategies of resistance movements and their degree of success the economic relationship between the dominant and dominated side and the legitimacy of the ideology in power apartheid or Zionism Although the politics and roles of protest groups in both cases share some similarities differences remain Whilst white protest groups moved towards an inclusive peace agenda that adopts the ANC vision of a united non racial democratic South Africa the Jewish Israeli protest groups are still by majority entrenched in their support for an exclusive Jewish state And as such they support separation between the two peoples and a limited division of mandatory Palestine Eretz Israel This timely book sheds light on a controversial and explosive political issue Israel being compared to apartheid South Africa

Israeli Apartheid Ben White, 2014-02-20 Shortlisted for the Palestine Book Awards 2012 Since its release in 2009 *Israeli Apartheid A Beginner s Guide* has become an essential primer for

undergraduate students and activists getting to grips with the Palestine Israel conflict for the first time Ben White skilfully distills the work of academics and experts into a highly accessible introduction This new updated and expanded edition includes information on the Israeli blockade and attacks on the Gaza Strip since 2008 new policies targeting Palestinian citizens of Israel and the growth of the global Boycott Divestment Sanctions campaign Packed with vital information quotations and resources Israeli Apartheid never loses the human touch The book is rooted in the author s extensive personal experience in Palestine and includes testimonies by Palestinians describing how Israeli apartheid affects their daily lives

Palestinians in Israel Ben White,2011-12-05 Palestinians in Israel considers a key issue ignored by the official peace process and most mainstream commentators that of the growing Palestinian minority within Israel itself What the Israeli right wing calls the demographic problem Ben White identifies as the democratic problem which goes to the heart of the conflict Israel defines itself not as a state of its citizens but as a Jewish state despite the substantial and increasing Palestinian population White demonstrates how the consistent emphasis on privileging one ethno religious group over another cannot be seen as compatible with democratic values and that unless addressed will undermine any attempts to find a lasting peace Individual case studies are used to complement this deeply informed study into the great unspoken contradiction of Israeli democracy It is a pioneering contribution which will spark debate amongst all those concerned with a resolution to the Israel Palestine conflict

The Shortest History of Israel and Palestine Michael Scott-Baumann,2024-01-09 The ongoing struggle between Israel and Palestine is one of the most bitter conflicts in history with profound global consequences In this book Middle East expert Michael Scott Baumann succinctly describes its origins and charts its evolution from civil war to the present day Each chapter offers a lucid explanation of the politics and ends with personal testimony from Palestinians and Israelis whose lives have been overshadowed by violence While presenting competing interpretations Scott Baumann examines key flash points including the early role of the British the establishment of the state of Israel in 1948 the Six Day War of 1967 the Trump administration s 2020 peace plan and the war ignited by Hamas s surprise attacks on Israel in 2023 He delineates both the nature of Israeli control over the Palestinian territories and Palestinian resistance going to the heart of recent clashes The result is an indispensable history including a time line glossary and analysis of why efforts to restore peace have continually failed at immense human cost on both sides of the conflict and what it will take to succeed

The Zionist Bible Nur Masalha,2014-10-20 Throughout the history of European imperialism the grand narratives of the Bible have been used to justify settler colonialism The Zionist Bible explores the ways in which modern political Zionism and Israeli militarism have used the Bible notably the Book of Joshua and its description of the entry of the Israelites into the Promised Land as an agent of oppression and to support settler colonialism in Palestine The rise of messianic Zionism in the late 1960s saw the beginnings of a Jewish theology of zealotocracy based on the militant land traditions of the Bible and justifying the destruction of the previous inhabitants The Zionist Bible examines how the birth

and growth of the State of Israel has been shaped by this Zionist reading of the Bible how it has refashioned Israeli Jewish collective memory erased and renamed Palestinian topography and how critical responses to this reading have challenged both Jewish and Palestinian nationalism

Disappearing Palestine Jonathan Cook, 2013-04-04 Palestine is fast disappearing Over many decades Israel has developed and refined policies to disperse imprison and impoverish the Palestinian people in a relentless effort to destroy them as a nation It has industrialized Palestinian despair through ever more sophisticated systems of curfews checkpoints walls permits and land grabs It has transformed the West Bank and Gaza into laboratories for testing the infrastructure of confinement creating a lucrative defence industry by pioneering the technologies needed for crowd control surveillance collective punishment and urban warfare In this insightful and authoritative new book leading journalist Jonathan Cook examines the many different guises in which these experiments on the Palestinians are being carried out Accessible and comprehensive this is a powerful analysis of one of the most enduring and entrenched conflicts in contemporary world politics

The Zionist Illusion Haim Ben-Asher, 2010-12-22 What is the use of Zionism To restore our pride as Jews comes the ready answer Now just when did we lose this precious pride Could it be that without the State of Israel Zionists might be ashamed of being Jews And how can one be proud of a country that drops white phosphorous bombs on defenseless civilians Instead of combating anti-Semitism Zionism cultivates it An essential dogma of this new creed is that anti-Semitism is immutable and permanent Zionists claim that we are still in 1938 and that a new Holocaust is in the offing Every passing year becomes a year of broken glass So we must rally around the State of Israel which alone can save us A fear based religion allows Jewish leaders in the Diaspora to retain power over their flock To free themselves from such blackmail to break out of the vicious Auschwitz Israel circle Jews have only to disconnect from Zionism and take up their historic vocation explaining Torah to the nations But first they will have to understand it themselves Haim Ben Asher is a historian

Muslim/Arab Mediation and Conflict Resolution Doron Pely, 2016-02-05 Inter and intra clan conflicts in Northern Israel pit hundreds against each other in revenge cycles that take years to resolve and impact the entire community The Sulha is a Shari'a based traditional conflict resolution process that works independently of formal legal systems and is widely practiced to manage such conflicts in the north of Israel as well as throughout the Muslim and Arab worlds The Sulha process works by effecting a gradual attitudinal transformation from a desire for revenge to a willingness to forgive through restoration of the victim's clan sense of honour Muslim Arab Mediation and Conflict Resolution examines the process of Sulha as practiced by the Arab population of northern Israel where it plays a central role in the maintenance of peace among Muslims Christians and Druze alike It presents detailed analysis of every stage of this at times protracted process It uses interviews with victims perpetrators Sulha practitioners community leaders and lawyers along with statistical analysis to examine how Sulha affects people's lives how various sectors of society impact the practice and how it coexists with Israel's formal legal system Furthermore it examines how Sulha compares to Western

dispute resolution processes This book offers the first comprehensive exploration of the entire Sulha process and is a valuable resource for students and scholars of Middle East studies Islamic studies and conflict resolution

What is Critical Environmental Justice? David Naguib Pellow, 2025-05-14 Human societies have always been deeply interconnected with our ecosystems but today those relationships are witnessing greater frictions tensions and harms than ever before These dynamics mirror those experienced by marginalized communities across the planet but they also provide a foundation for transformative thinking and action to address these challenges In this updated edition of his innovative contribution David Naguib Pellow introduces a new framework for critically analyzing Environmental Justice scholarship and activism In doing so he extends the field's focus to topics not usually associated with environmental justice including policing incarceration the Israel Palestine conflict and the Black Lives Matter movement In doing so he reveals that ecological violence is first and foremost a form of social violence driven by and legitimated by social structures and discourses He enriches this radical approach to Environmental Justice by drawing on Indigenous Studies the Black Radical Tradition Disability Studies Queer and Transgender Studies and Multi Species Justice among others Those already familiar with the discipline will find themselves invited to think about the subject in entirely new ways This book is a vital resource for students scholars and policy makers interested in innovative approaches to one of the greatest challenges facing humanity and the planet

Israel and South Africa Ilan Pappé, 2015-10-15 Within the already heavily polarised debate on the Israeli Palestinian conflict parallels between Israel and apartheid South Africa remain highly contentious A number of prominent academic and political commentators including former US president Jimmy Carter and UN Special Rapporteur John Dugard have argued that Israel's treatment of its Arab Israeli citizens and the people of the occupied territories amounts to a system of oppression no less brutal or inhumane than that of South Africa's white supremacists Similarly boycott and disinvestment campaigns comparable to those employed by anti apartheid activists have attracted growing support Yet while the apartheid question has become increasingly visible in this debate there has been little in the way of genuine scholarly analysis of the similarities or otherwise between the Zionist and apartheid regimes In Israel and South Africa Ilan Pappé one of Israel's preeminent academics and a noted critic of the current government brings together lawyers journalists policy makers and historians of both countries to assess the implications of the apartheid analogy for international law activism and policy making With contributors including the distinguished anti apartheid activist Ronnie Kasrils Israel and South Africa offers a bold and incisive perspective on one of the defining moral questions of our age

What is Modern Israel? Yakov M. Rabkin, 2016-05-20 Few countries provoke as much passion and controversy as Israel What is Modern Israel convincingly demonstrates that its founding ideology Zionism is anything but a simple reaction to antisemitism Dispelling the notion that every Jew is a Zionist and therefore a natural advocate for the state of Israel Yakov Rabkin points to the Protestant roots of Zionism in order to explain the particular support Israel musters in the United States Drawing on many overlooked pages of

history including English French Hebrew Yiddish and Russian sources Yakov Rabkin shows that Zionism was conceived as a sharp break with Judaism and Jewish continuity Israel's past and present must be seen in the context of European ethnic nationalism colonial expansion and geopolitical interests rather than as an incarnation of Biblical prophecies or a culmination of Jewish history

Popular Resistance in Palestine Mazin B. Qumsiyeh, 2010-11-05 Armed resistance suicide bombings and rocket attacks populate the Western media's depiction of Palestinian resistance Synthesising data from hundreds of original sources Dr Mazin Qumsiyeh provides the most comprehensive study of the always creative often peaceful civil resistance in Palestine Successes failures missed opportunities and challenges are chronicled through hundreds of stories from over 100 years of Palestinian resistance The book critically and comparatively surveys uprisings under Ottoman rule against the Balfour Declaration and the Oslo Accords all the way up to the Boycotts Divestments and Sanctions movement The compelling human stories told in this book will inspire people of all faiths and political backgrounds to chart a better and more informed direction for a future of peace with justice

Sufism and Jewish-Muslim Relations Yafia Katherine Randall, 2016-03-31 In Israel there are Jews and Muslims who practice Sufism together The Sufi activities that they take part in together create pathways of engagement between two faith traditions in a geographical area beset by conflict Sufism and Jewish Muslim Relations investigates this practice of Sufism among Jews and Muslims in Israel and examines their potential to contribute to peace in the area It is an original approach to the study of reconciliation situating the activities of groups that are not explicitly acting for peace within the wider context of grass roots peace initiatives The author conducted in depth interviews with those practicing Sufism in Israel and these are both collected in an appendix and used throughout the work to analyse the approaches of individuals to Sufism and the challenges they face It finds that participants understand encounters between Muslim and Jewish mystics in the medieval Middle East as a common heritage to Jews and Muslims practising Sufism together today and it explores how those of different faiths see no dissonance in the adoption of Sufi practices to pursue a path of spiritual progression The first examination of the Derekh Avraham Jewish S f Order this is a valuable resource for students and scholars of Sufi studies as well as those interested in Jewish Muslim relations

Humanistic Judaism , 2005

Whispering the Secrets of Language: An Emotional Journey through **The Other Side Of Israel By Susan Nathan**

In a digitally-driven world wherever screens reign great and immediate connection drowns out the subtleties of language, the profound secrets and mental nuances concealed within words often move unheard. However, set within the pages of **The Other Side Of Israel By Susan Nathan** a interesting literary treasure pulsating with natural emotions, lies a fantastic quest waiting to be undertaken. Written by a skilled wordsmith, that charming opus invites visitors on an introspective trip, softly unraveling the veiled truths and profound influence resonating within the very fabric of each and every word. Within the mental depths of this emotional evaluation, we shall embark upon a sincere exploration of the book is primary styles, dissect its interesting publishing type, and fail to the powerful resonance it evokes heavy within the recesses of readers hearts.
