Evans, 2005-06 *Ripper Notes Suspects Witnesses* is a collection of essays about the famous unidentified serial killer Jack the Ripper and related topics focusing on a number of people who have been accused of the crimes Andrew J Spallek starts things off with a comprehensive look at the reasons why Montague John Druitt was named as the top suspect by a high ranking police official at the time as well as new information that has been discovered since then Stewart P Evans author of several of the most respected books on the case and a former police officer takes an in depth professional look at George Hutchinson who is sometimes considered a suspect because of the puzzling aspects of the witness statement he gave of a man seen with Mary Jane Kelly the last of the Ripper's known victims shortly before her death Leanne Perry follows with details on Kelly's former lover Joseph Barnett also believed by some to have been her killer and the job he lost as a fish porter at Old Billingsgate Market Wolf Vanderlinden tackles another high profile suspect Dr Francis Tumblety while trying to get to the truth about some of the stories of his life that have always been considered to be damning evidence against him but appear to be quite different from how they have been previously portrayed Jeffrey Bloomfield comes next with the life and crimes of Dr Thomas Neill Cream the man whose executioner claimed was trying to admit to being Jack the Ripper while being hanged for the poisoning deaths of prostitutes in London's East End Don Souden critically examines all the major witness to see how reliable they were in offering clues to the murderer's identity Des McKenna compares the two different versions of Tom Slemen's claims that Claude Reignier Conder should be considered to be Jack the Ripper Tom Wescott then brings the main section to a close with a bang by revealing a largely forgotten contemporary suspect who has not been mentioned in print since the 19th century There are also short pieces on various claims that the killer was locked up in an asylum and not prosecuted because of being insane a look at the current state of Ripperology and reviews of recent books *Ripper Notes* is a nonfiction anthology series covering all aspects of the Jack the Ripper case      *Sex, Lies, and Handwriting* Michelle Dresbold, James Kwalwasser, 2008-07-22 Explains how to use handwriting analysis to interpret people's character traits personalities and backgrounds and examines the handwriting of such dangerous individuals as Ted Bundy Jack the Ripper and Osama bin Laden      [The Ripper's Victims in Print](#) Rebecca Frost, 2018-01-12 Mary Ann Nichols Annie Chapman Elizabeth Stride Katherine Eddowes and Mary Jane Kelly the five known victims of Jack the Ripper are among the most written about women

**Ripperology** Robin Odell,2006 Ripperology a sometimes obsessive interest in studying the crimes of Jack the Ripper is a subject of timeless interest that has suffered from confusion exaggeration and hyperbole for over a century Jack the Ripper was probably the first serial killer to appear in a large metropolis at a time when the general populace was literate and the press was a force for social change The press was also partly responsible for creating many myths surrounding the Ripper

**The Ascent of the Detective** Haia Shpayer-Makov,2011-09-29 The figure of the detective has long excited the imagination of the wider public and the English police detective has been a special focus of attention in both print and visual media Yet while much has been written in the last three decades about the history of uniformed policemen in England no similar work has focused on police detectives The Ascent of the Detective redresses this by exploring the diverse and often arcane world of English police detectives during the formative period of their profession from 1842 until the First World War with special emphasis on the famed detective branch established at Scotland Yard The book starts by illuminating the detectives socioeconomic background how and why they became detectives their working conditions the differences between them and uniformed policemen and their relations with the wider community It then goes on to trace the factors that shaped their changing public image from the embodiment of un-English values to plebeian knights in armour investigating the complex and symbiotic exchange between detectives and journalists and analysing their image as it unfolded in the press in literature and in their own memoirs
