Justice in Young Adult Speculative Fiction Marek C. Oziewicz, 2015-04-17 This book is the first to offer a justice focused cognitive reading of modern YA speculative fiction in its narrative and filmic forms It links the expansion of YA speculative fiction in the 20th century with the emergence of human and civil rights movements with the communitarian revolution in conceptualizations of justice and with spectacular advances in cognitive sciences as applied to the examination of narrative fiction Oziewicz argues that complex ideas such as justice are processed by the human mind as cognitive scripts that scripts when narrated take the form of multiply indexable stories and that YA speculative fiction is currently the largest conceptual testing ground in the forging of justice consciousness for the 21st century world Drawing on recent research in the cognitive and evolutionary sciences Oziewicz explains how poetic retributive restorative environmental social and global types of justice have been represented in narrative fiction from 19th century folk and fairy tales through 21st century fantasy dystopia and science fiction Suggesting that the appeal of these and other nonmimetic genres is largely predicated on the dream of justice Oziewicz theorizes new justice scripts as conceptual tools essential to help humanity survive the qualitative leap toward an environmentally conscious culturally diversified global world This book is an important contribution to studies of

children's and YA speculative fiction adding a new perspective to discussions about the educational as well as social potential of nonmimetic genres. It demonstrates that the justice imperative is very much alive in YA speculative fiction creating new visions of justice relevant to contemporary challenges. **The New Routledge Companion to Science Fiction** Mark

Bould, Andrew M. Butler, Sherryl Vint, 2024-06-13 The New Routledge Companion to Science Fiction provides an overview of the study of science fiction across multiple academic fields. It offers a new conceptualisation of the field today marking the significant changes that have taken place in sf studies over the past 15 years. Building on the pioneering research in the first edition, the collection reorganises historical coverage of the genre to emphasise new geographical areas of cultural production and the growing importance of media beyond print. It also updates and expands the range of frameworks that are relevant to the study of science fiction. The periodisation has been reframed to include new chapters focusing on science fiction produced outside the Anglophone context including South Asian, Latin American, Chinese and African diasporic science fiction. The contributors use both well-established critical and theoretical approaches and embrace a range of new ones including biopolitics, climate crisis, critical ethnic studies, disability studies, energy humanities, game studies, medical humanities, new materialisms and sonic studies. This book is an invaluable resource for students and established scholars seeking to understand the vast range of engagements with science fiction in scholarship today. Couch hits on an improbable even fantastic premise and then rigorously hews to the logic that it generates, keeping it afloat at times literally to the end. Los Angeles Times. Delightfully lighthearted writing. Occasionally laugh out loud funny, the enthusiastic prose carries readers through sporadic dark moments. Parzybok's quirky humor recalls the flaws and successes of early Douglas Adams. Publishers Weekly. The book succeeds as a conceptual art piece, a literary travelogue and a fantastical quest. Willamette Week. Hundreds of writers have slavishly imitated or outright ripped off Tolkien in ways that connoisseurs of other genres would consider shameless. What Parzybok has done here in adapting the same old song to a world more familiar to the reader is to revive the genre and make it relevant again. The Stranger. Beyond the good old-fashioned story, Couch meditates on heroism and history but above all it's an argument for shifting your life around every now and then for getting off the couch and making something happen. The L Magazine. Elevates this common piece of furniture from the stuff of everyday magic to something much more powerful. Jessica Schubert McCarthy. The Daily Evergreen. Couch follows the quirky journey of Thom Erik and Tree as they venture into the unknown at the behest of a magical orange couch which has its own plan for their previously boring lives. Parzybok's colorful characters, striking humor and eccentric magical realism offer up an adventuresome read. Christian Crider. Inkwood Books. Tampa, FL. This funny novel of furniture moving gone awry is a magical realism quest for modern times. Parzybok's touching story explores the aimlessness of our culture, a society of jobs instead of

callings replete with opportunities and choices but without the philosophies and vocations we need to make meaningful decisions Josh Cook Porter Square Books Cambridge MA A lot of people are looking for magic in the world today but only Benjamin Parzybok thought to check the sofa which is I think the place it's most likely to be found Couch is a slacker epic a gentle funny book that ambles merrily from Coupland to Tolkien and gives couch surfing among other things a whole new meaning Paul La Farge One of the strangest road novels you'll ever read It's a funny and fun book and it's also a very smart book Fans of Tom Robbins or Christopher Moore should enjoy this Handee Books It is an upholstered Odyssey unlike any other you are likely to read It is funny confusing in places wild and anarchic It is part Quixote part Murakami part Tom Robbins part DFS showroom It has cult hit written all over it Scott Me and My Big Mouth The King's Last Song Geoff Ryman, 2008-09-01 Ryman has not so much created as revealed a world in which the promise of redemption takes seed even in horror The Boston Globe Sweeping and beautiful The complex story tears the veil from a hidden world The Sunday Times Inordinately readable extraordinary in its detail color and brutality The Independent Ryman has crafted a solid historical novel with an authentic feel for both ancient and modern Cambodia Washington DC City Paper Another masterpiece by one of the greatest fiction writers of our time Kim Stanley Robinson Ryman's knack for depicting characters his ability to tell multiple interrelated stories and his knowledge of Cambodian history create a rich narrative that looks at Cambodia's killing fields both recent and ancient and Buddhist belief with its desire for transcendence Recommended for all literary fiction collections Library Journal Archeologist Luc Andrade discovers an ancient Cambodian manuscript inscribed on gold leaves but is kidnapped and the manuscript stolen by a faction still loyal to the ideals of the brutal Pol Pot regime Andrade's friends an ex Khmer Rouge agent and a young motoboy embark on a trek across Cambodia to rescue him Meanwhile Andrade bargaining for his life translates the lost manuscript for his captors The result is a glimpse into the tremendous and heart wrenching story of King Jayavarman VII his childhood rise to power marriage interest in Buddhism and the initiation of Cambodia's golden age As Andrade and Jayavarman's stories interweave the question becomes whether the tale of ancient wisdom can bring hope to a nation still suffering from the violent legacy of the last century Geoff Ryman is the author of the novels Air winner of Arthur C Clarke and James Tiptree awards and The Unconquered Country a World Fantasy Award winner Canadian by birth he has lived in Cambodia and Brazil and now teaches creative writing at the University of Manchester in England **Lady Churchill's Rosebud Wristlet No. 27** Carol Emshwiller, Joan Aiken, 2016-08-22 As is traditional in the world of zines we apologize for the lateness of the current issue to appear This er tradition goes back to Bob the first caveman Damn his late eyes Also we introduce a new columnist Nicole Kimberling who will write about food This time she starts us off with that most delightful of comestibles brownies *Poets & Writers*, 2002 **Mothers & Other Monsters** Maureen F.
