Athletics In The Ancient World Bcp Classical World Series

David Phillips, David Pritchard

Athletics In The Ancient World Bcp Classical World Series:

Athletics in the Ancient World E. Norman Gardiner, 2002-11-01 This comprehensive text focuses mostly on athletics in classical Greece and Rome emphasizing the relationship between athletics and religion art and education Also discussed are such events as throwing the discus and javelin the pentathlon the stadium and the foot race jumping wrestling boxing ball play and a Greek athletic festival According to the Times London Literary Supplement the book should command the attention not only of classical scholars but of all who are interested in athletics for their own sake and for such readers the author has spared no pains to make his work intelligible Unabridged republication of *Athletics of the Ancient World* originally published by the Oxford University Press London 1930 137 black and white illustrations Bibliography Index and Glossary

Athletics in the Ancient World Zahra Newby, 2006-04-20 Offers an introduction to the many forms that athletics took in the ancient world and to the sources of evidence by which we can study it As well as looking at the role of athletics in archaic and classical Greece this book also covers the periods of the Hellenistic and Roman worlds The different aspects of athletics are also considered **JACT Review** ,1999

A Companion to Sport and Spectacle in Greek and Roman Antiquity Paul Christesen, Donald G. Kyle, 2014-01-07 A Companion to Sport and Spectacle in Greek and Roman Antiquity presents a series of essays that apply a socio historical perspective to myriad aspects of ancient sport and spectacle Covers the Bronze Age to the Byzantine Empire Includes contributions from a range of international scholars with various Classical antiquity specialties Goes beyond the usual concentrations on Olympia and Rome to examine sport in cities and territories throughout the Mediterranean basin Features a variety of illustrations maps end of chapter references internal cross referencing and a detailed index to increase accessibility and assist researchers The British National Bibliography Arthur James Wells, 2004

Whitaker's Cumulative Book List ,1933 *The Oxford Handbook of Sport and Spectacle in the Ancient World* Alison Futrell, Thomas Francis Scanlon, 2021 Examines the history of ancient sport and spectacle in Greece and Rome as well as issues of class civic contexts spaces health gender and sexuality Blends Greek and Roman topics to illuminate tensions and complementarities between different social and political contexts Authoritative scholars present novel insights and new avenues of research to give readers contemporary interpretations of Greek sport and Roman spectacle Book jacket

Whitaker's Books in Print ,1998 *The Publisher* ,1919 The Athlete in the Ancient Greek World Reyes Bertolín Cebrián, 2020-07-02 In the world of sports the most important component is the athlete After all without athletes there would be no sports In ancient Greece athletes were public figures idolized and envied This fascinating book draws on a broad range of ancient sources to explore the development of athletes in Greece from the archaic period to the Roman Empire Whereas many previous books have focused on the origins of the Greek games themselves or the events or locations where the games took place this volume places a unique emphasis on the athletes themselves and the fostering of their athleticism Moving beyond stereotypes of larger than life heroes Reyes Bertolín Cebrián examines the experiences of ordinary athletes who

practiced sports for educational recreational or professional purposes According to Bertol n Cebri n the majority of athletes in ancient times were young men and mostly single Similar to today most athletes practiced sport as part of their schooling Yet during the fifth century B C a major shift in ancient Greek education took place when the curriculum for training future leaders became more academic in orientation As a result argues Bertol n Cebri n the practice of sport in the Hellenistic period lost its appeal to the intellectual elite even as it remained popular with large sectors of the population Thus a gap emerged between the higher and lower cultures of sport In looking at the implications of this development for athletes whether high performing or recreational this erudite volume traverses such wide ranging fields as history literature medicine and sports psychology to recreate in compelling detail the life and lifestyle of the ancient Greek athlete *Forthcoming Books* Rose Army,1999 Sport and Spectacle in the Ancient World Donald G. Kyle,2014-12-31 The second edition of Sport and Spectacle in the Ancient World updates Donald G Kyle s award winning introduction to this topic covering the Ancient Near East up to the late Roman Empire Challenges traditional scholarship on sport and spectacle in the Ancient World and debunks claims that there were no sports before the ancient Greeks Explores the cultural exchange of Greek sport and Roman spectacle and how each culture responded to the other s entertainment Features a new chapter on sport and spectacle during the Late Roman Empire including Christian opposition to pagan games and the Roman response Covers topics including violence professionalism in sport class gender and eroticism and the relationship of spectacle to political structures **Combat Sports in the Ancient World** Michael B. Poliakoff,1987-01-01 A comprehensive study of the practice of combat sports in the ancient civilizations of Greece Rome and the Near East Greek Sport and Social Status Mark Golden,2009-09-15 From the ancient Olympic games to the World Series and the World Cup athletic achievement has always conferred social status In this collection of essays a noted authority on ancient sport discusses how Greek sport has been used to claim and enhance social status both in antiquity and in modern times Mark Golden explores a variety of ways in which sport provided a route to social status In the first essay he explains how elite horsemen and athletes tried to ignore the important roles that jockeys drivers and trainers played in their victories as well as how female owners tried to rank their equestrian achievements above those of men and other women In the next essay Golden looks at the varied contributions that slaves made to sport despite its use as a marker of free Greek status In the third essay he evaluates the claims made by gladiators in the Greek east that they be regarded as high status athletes and asserts that gladiatorial spectacle is much more like Greek sport than scholars today usually admit In the final essay Golden critiques the accepted accounts of ancient and modern Olympic history arguing that attempts to raise the status of the modern games by stressing their links to the ancient ones are misleading He concludes that the contemporary movement to call a truce in world conflicts during the Olympics is likewise based on misunderstandings of ancient Greek traditions **The Victor's Crown** David Potter,2012 The Victor s Crown brings to vivid life the signal role of sport in the classical world Ranging over a dozen centuries from Archaic

Greece through to the late Roman and early Byzantine empires David Potter's lively narrative shows how sport to the ancients was not just a dim reflection of religion and politics but a potent social force in its own right The passion for sport among the participants and fans of antiquity has been matched in history only by our own time Potter first charts the origins of competitive athletics in Greece during the eighth century BC and the emergence of the Olympics as a preeminent cultural event He focuses especially on the experiences of spectators and athletes especially in violent sports such as boxing and wrestling and describes the physiology of conditioning training techniques and sport's role in education Throughout we meet the great athletes of the past and learn what made them great The rise of the Roman Empire transformed the sporting world by popularizing new entertainments particularly gladiatorial combat a specialized form of chariot racing and beast hunts Here too Potter examines sport from the perspectives of both athlete and spectator as he vividly describes competitions held in such famous arenas as the Roman Coliseum and the Circus Maximus The Roman government promoted and organized sport as a central feature of the Empire making it a sort of common cultural currency to the diverse inhabitants of its vast territory While linking ancient sport to events such as religious ceremonies and aristocratic displays Potter emphasizes above all that it was the thrill of competition to those who competed and those who watched that ensured sport's central place in the Greco-Roman world Vivid and authoritative Potter skillfully reveals how the gymnasium lay at the heart of Greek life and culture but his passion is clearly for the Olympics When Potter moves on to Roman sport things get livelier still He meticulously traces the origins careers and lifestyles of athletes gladiators and charioteers alike and demolished some cherished myths along the way Most gladiatorial combats apparently ended in surrender not death although a crowd might well call out *ingula* kill running their thousands of thumbs under their throats in the original thumbs up gesture Fascinating and impressive James McConnachie Sunday Times

Sport in the Cultures of the Ancient World Zinon

Papakonstantinou, 2013-09-13 Sport has been practised in the Greco-Roman world at least since the second millennium BC It was socially integrated and was practised in the context of ceremonial performances physical education and established local and international competitions including most famously the Olympic Games In recent years the continuous re-assessment of old and new evidence in conjunction with the development of new methodological perspectives have created the need for a fresh examination of central aspects of ancient sport in a single volume This book fills that gap in ancient sport scholarship When did the ancient Olympics begin How is sport depicted in the work of the fifth century historian Herodotus What was the association between sport and war in fifth and fourth century BC Athens What were the social and political implications of the practice of Greek style sport in third century BC Ptolemaic Egypt How were Roman gladiatorial shows perceived and transformed in the Greek speaking east And what were the conditions of sport participation by boys and girls in ancient Rome These are some of the questions that this book written by an international cast of distinguished scholars on ancient sport attempts to answer Covering a wide chronological and geographical scope ancient Mediterranean from the early first

millennium BC to fourth century AD individual articles re examine old and new evidence and offer stimulating original interpretations of key aspects of ancient sport in its political military cultural social ceremonial and ideological setting This book was previously published as a special issue of the International Journal of the History of Sport **Athletics of the Ancient World** Edward Norman Gardiner,1965 **Athletics of the ancient world** E. Norman Gardiner,1930 **Sport and Festival in the Ancient Greek World** David Phillips,David Pritchard,2003-12-31 How did sport and festival affect the ancient Greek city How did the values of athletics pervade Greek culture This collection of fifteen new studies from an international cast took its inspiration from the exceptional Sydney Olympics of 2000 The focus here is on the ancient world but additionally there is a sophisticated look at how Greek artefacts linked with sport can best be presented to the modern world **Sport in Ancient Times** Nigel B. Crowther,2007-01-30 Crowther offers a fascinating look at the role of sport as practiced in several important civilizations in the ancient world He not only probes the games themselves but explores the ways in which athletics figured into cultural arenas that extended beyond physical prowess to military associations rituals status and politics Sport in Ancient Times has four distinct parts the Prehistoric Age historic Greece ancient Italy and the Byzantine Empire Beginning with the earliest civilizations Crowther examines the military and recreational aspects of sports in prehistoric Egypt with brief references to other river valley cultures in Sumeria Mesopotamia and Persia He looks at the rituals of Cretan bull leaping and boxing in the Bronze Age the high status of sports in Mycenaean Greece and the funeral games in the Trojan War as described by the epic poet Homer In what he terms the historic period Crowther examines the significance of the ancient Olympic Games the events of Greek athletics and the attitude of other civilizations notably Rome towards them He attempts to discover to what extent the Romans believed in the famous ideal of Juvenal a sound mind in a sound body and discusses the significance of the famous Baths not only for sport but also for culture and society He likewise explores the Roman emphasis on spectator sports and the use of gladiatorial contests and chariot racing for political purposes the concept of bread and games The section on the Byzantine Empire focuses notably on chariot racing and the riots at sporting contests riots reminiscent of crowd violence in modern sports such as soccer Crowther closes with perspectives that bring to life some of the issues revealed in previous chapters These include a comparison of the social status and significance of a famous Olympic athlete Milo a Roman gladiator Hermes and a Byzantine chariot racer Porphyrius He also addresses the changing role of women in sports in antiquity Women were prominent in sport in Egypt for example but almost entirely absent from the ancient Olympic Games The final chapter discusses team sports and ball games Although these were comparatively rare in the ancient world one may see in those that did exist the forerunners of modern football and hockey
