Titus Groan Gormenghast 1 By Mervyn Peake:

Titus Groan Mervyn Peake, 1982-10-26 An undisputed classic of epic fantasy Mervyn Peake's Gormenghast novels represent one of the most brilliantly sustained flights of Gothic imagination **Stuckness in the Fiction of Mervyn Peake** Alice Mills, 2005-01-01 Mervyn Peake has been acclaimed as an author of fantasy and as an illustrator but as yet has received little attention from literary critics This book is the first to analyse all of Peake's works of fiction including his two picture story books and novella as well as the Gormenghast series and *Mr Pye* Alice Mills pinpoints the fictional quirks that render Mervyn Peake such a memorable fantasy writer examining his literary works from Jungian Freudian Kristevan and post Jungian perspectives *Stuckness in the Fiction of Mervyn Peake* will be of interest to fantasy lovers and students of fantasy as a genre as well as those exploring the psychoanalysis of literary texts **Postmodern Existentialism in Mervyn Peake's Titus Books** Lauren R. Moss, 2010-07-05 Much of the discussion about Peake's Titus Books has been about how to place them in the lexicon of English literature I am proposing that these books should be read as works of postmodern existentialism Both postmodern theory and existential theory are interested in the same issues such as the loss of grand narratives the rejection of totalizing world views the subjectivity of truth the nature of one's existence and the search for meaning in an increasingly incomprehensible world Societal issues such as political upheaval the growth of major cities war and advances in science and technology have led both postmodern and existentialist thinkers to view the world as chaotic and intrinsically unknowable and man's place within that world as increasingly unstable All of these concerns are addressed in Peake's texts Peake's novels reflect the existential struggle of its hero Titus Groan to break free of the Hegelian world view represented by Gormenghast and its traditions and into a world in which he is free to be an individual and to find his own truth Peake uses images of solitude and extreme isolation to represent the essential human condition as conceived by existentialist philosophers like Kierkegaard and Nietzsche It is when they are alone that his characters are truly free to be themselves without the social constraints imposed by the history and traditions of the castle Titus's rebellion against Gormenghast represents the rejection of totalizing world views a rejection found at the heart of postmodernism and existentialism Incredulity toward mass society and culture are also central issues in postmodernism and existentialism Nietzsche who is claimed by both existentialists and postmodernists as a forerunner of their respective philosophies claimed that God is dead a belief reflected in the distinct absence of God from the Titus books instead God is replaced by the ritual of Gormenghast In *Titus Alone* He is replaced by technology This also demonstrates the distrust felt by existentialists and postmodernists alike of a mass society in which the individual is consumed and becomes simply a part of the faceless crowd Peake expresses a deep suspicion of technology and scientific advancement a distinctly postmodern suspicion that was not uncommon among writers after the second World War By examining closely the concepts and themes associated with both postmodern and existential theory it is clear that Peake's Titus Books are deeply concerned with both philosophies Though

Peake does not successfully answer the philosophical questions his novels pose it is significant that his work attempts to do so

The Impulse of Fantasy Literature Colin N. Manlove, 2020-06-30 This book grew out of the author's wish to go beyond a formal definition of fantasy to discover a basic urge and interest common to the genre He finds this urge to be the celebration of identity Fantasy is ultimately concerned to heighten and praise being whether that being is God's creation the world or the creations of the fantasy writer themselves This interest can take the form of direct eulogy or of more unconscious fascination It is seen in fantasy's conservatism and its frequently elegiac mode and is demonstrated through its formal characteristics such as circular structure and the use of juxtaposition to heighten individuality It is more overtly present in modern than in pre 1800 fantasy partly because modern fantasy developed as a Romantic reaction against technology and everything that reduced direct contact between people and the environment These aspects of fantasy are illustrated from detailed discussion of the tales of Grimm Walter de la Mare's *Told Again* W M Thackeray's *The Rose and the Ring* Charles Williams's prose fantasies Ursula le Guin's *Earthsea* trilogy E Nesbit's magic books George MacDonald's *Phantastes* and *Lilith* T H White's *The Once and Future King* Mervyn Peake's *Gormenghast* novels William Morris's late romances Lord Dunsany's *The King of Elfland's Daughter* E R Eddison's *The Worm Ouroboros* and Peter Beagle's *The Last Unicorn* Together these authors and works provide a cross section of what is a fundamentally panegyric genre demonstrating its variety its strengths and its limitations

Modern

Fantasy Colin N. Manlove, 2020-04-16 After a decade from 1965 which had seen the growth in Britain and America of an enormous interest in fantasy literature and a rise in its academic repute from cold to lukewarm a serious study of the subject seemed long overdue In this first critical book in its time on modern English fantasy Colin Manlove surveys a representative group of modern fantasies in the Victorian period in the children s scientific and Christian fantasy *The Water Babies* by Charles Kingsley and the mystical fantasy of the Scottish writer George MacDonald and from the twentieth century the interplanetary romances of C S Lewis the post war fantasy of rebellious youth in Mervyn Peake s *Gormenghast* books and the quest to avert apocalypse in J R R Tolkien s *The Lord of the Rings* The aim with all these works is to show the peculiar literary experiences they offer and to assess their strengths and limitations in relation to wider English literature In the introduction to his book Manlove gives a definition of fantasy marking off the genre from its near neighbors science fiction and Gothic or horror story and distinguishing between fantasies that are serious works of imagination and those that are fanciful or escapist Each chapter that follows is primarily a literary analysis set in a context of the writer s life thought and other works As the book proceeds there begins to emerge a picture of the originality and merit of the writers but at the same time the sense of a division in the purpose of each writer whereby their works fail to abide by their own laws In the conclusion to this book Manlove draws the different types of division found into one and argues that the problem is one that is endemic to the writing of modern fantasy
