Views Of Jeopardy By Jack Gilbert:

Views of Jeopardy Jack Gilbert, 2020-01-03 A collection that illuminates everyday experience *Views of Jeopardy* is the 58th volume of the Yale Series of Younger Poets In an essay on his own work in *19 New American Poets of the Golden Gate* Jack Gilbert writes that I am by nature drawn to exigence compression selection One of the special pleasures in poetry for me is accomplishing a lot with the least means possible Gilbert's poetry is distinguished by sparse lyricism forthright clarity of tone and controlled emotion regarding everyday life and relationships In his foreword to *Views of Jeopardy* Fitts identifies the origins of this approach calling Gilbert's abrupt hard mode of expression the result of preoccupation with alienation from one's kind the painful throwing back of the artist upon himself the compulsive elaboration of the details of a personal myth

Collected Poems of Jack Gilbert Jack Gilbert, 2012-03-13 Gathered in this volume readers will find more than fifty years of poems by the incomparable Jack Gilbert from his Yale Younger Poets prize winning volume to glorious late poems including a section of previously uncollected work There is no one quite like Jack Gilbert in postwar American poetry After garnering early acclaim with *Views of Jeopardy* 1962 he escaped to Europe and lived apart from the literary establishment honing his uniquely fierce declarative style with its surprising abundance of feeling He reappeared in our midst with *Monolithos* 1982 and then went underground again until *The Great Fires* 1994 which was eventually followed by *Refusing Heaven* 2005 a prizewinning volume of surpassing joy and sorrow and the elegiac *The Dance Most of All* 2009 Whether his subject is his boyhood in working class Pittsburgh the women he has loved throughout his life or the bittersweet losses we all face Gilbert is by turns subtle and majestic he steals up on the odd moment of grace he rises to crescendos of emotion At every turn he illuminates the basic joys of everyday experience Now for the first time we have all of Jack Gilbert's work in one essential volume testament to a stunning career and to his place at the forefront of poetic achievement in our time

Chronicle of the Pulitzer Prizes for Poetry Heinz-D. Fischer, 2010-01-13 Joseph Pulitzer had not originally intended to award a prize for poetry An initiative by the Poetry Society of America provided the initial impetus to establish the prize first awarded in 1922 The supplement volume chronicles the whole history of how the awards for this category developed giving an account based mainly on confidential jury protocols from the Pulitzer Prizes office at New York's Columbia University This volume completes the series *The Pulitzer Prize Archive* [Our Savage Art](#) William Logan, 2009 This collection of essays critically evaluates Robert Lowell's correspondence Elizabeth Bishop's unfinished poems the inflated reputation of Hart Crane the loss of the New Critics and a damning and already highly controversial indictment of an edition of Robert Frost's notebooks The book also includes essays on Derek Walcott and Geoffrey Hill two crucial figures in the divided world of contemporary poetry and an attempt to rescue the reputation of the nineteenth century poet John Townsend Trowbridge Short reviews consider John Ashbery Anne Carson Billy Collins Rita Dove Louise Glück Jorie Graham Robert Hass Seamus Heaney and more **A Reader's Book of Days: True Tales from the Lives and Works of Writers for Every Day of the**

Firsts Carl Phillips, 2019-01-01 A masterfully curated collection drawn from a century of works in the acclaimed Yale Series of Younger Poets. The Yale Younger Poets prize is the oldest annual literary award in the United States. Its winners include some of the most influential voices in American poetry, including Adrienne Rich, John Ashbery, Margaret Walker, Carolyn Forché, and Robert Hass. In celebration of the prize's centennial, this collection presents three selections from each Younger Poets volume. It serves as both a testament to the enduring power and significance of poetic expression and an exploration of the ways poetry has evolved over the past century. In addition to judiciously assembling this wide-ranging anthology, Carl Phillips provides an introduction to the history and impact of the Yale Younger Poets prize and its winners in the wider context of American poetry, including the evolving roles of race, gender, and sexual orientation.

The First Book Jesse Zuba, 2025-07-15 An illuminating look at the poetic debut in twentieth-century American literary culture. We have many poets of the First Book; the poet and critic Louis Simpson remarked in 1957, describing a sense that the debut poetry collection not only launched the contemporary poetic career but also had come to define it. Surveying American poetry over the past hundred years, *The First Book* explores the emergence of the poetic debut as a unique literary production with its own tradition, conventions, and dynamic role in the literary market. Through new readings of poets ranging from Wallace Stevens and Marianne Moore to John Ashbery and Louise Glück, Jesse Zuba illuminates the importance of the first book in twentieth-century American literary culture, which involved complex struggles for legitimacy on the part of poets, critics, and publishers alike. Zuba investigates poets' diverse responses to the question of how to launch a career in an increasingly professionalized literary scene that threatened the authenticity of the poetic calling. He shows how modernist debuts evoke markedly idiosyncratic paths, while postwar first books evoke trajectories that balance professional imperatives with traditional literary ideals. Debut titles ranging from Simpson's *The Arrivistes* to Ken Chen's *Juvenilia* stress the strikingly pervasive theme of beginning, accommodating a new demand for career development even as it distances the poets from that demand. Combining literary analysis with cultural history, *The First Book* will interest scholars and students of twentieth-century literature as well as readers and writers of poetry.
