

I thought nothing of it at first.
The ocean looked a little closer
to our hotel than usual. That was
all. It was our friend Orlantha who
alerted me. A short while before,
she'd knocked on our door to
ask if we were ready to leave.

We almost were.

Wave By Sonali Deraniyagala:

Wave Sonali Deraniyagala, 2013-03-05 A brave intimate beautifully crafted memoir by a survivor of the tsunami that struck the Sri Lankan coast in 2004 and took her entire family On December 26 Boxing Day Sonali Deraniyagala her English husband her parents her two young sons and a close friend were ending Christmas vacation at the seaside resort of Yala on the south coast of Sri Lanka when a wave suddenly overtook them She was only to learn later that this was a tsunami that devastated coastlines through Southeast Asia When the water began to encroach closer to their hotel they began to run but in an instant water engulfed them Sonali was separated from her family and all was lost Sonali Deraniyagala has written an extraordinarily honest utterly engrossing account of the surreal tragedy of a devastating event that all at once ended her life as she knew it and her journey since in search of understanding and redemption It is also a remarkable portrait of a young family's life and what came before with all the small moments and larger dreams that suddenly and irrevocably ended

Wave Sonali Deraniyagala, 2013-03-12 The book opens and we are inside the wave thirty feet high moving at twenty five mph racing two miles inland And from there into the depths of the author's despair how to live now that her life has been undone Sonali Deraniyagala tells her story the loss of her two boys her husband and her parents without artifice or sentimentality In the stark language of unfathomable sorrow anger and guilt she struggles through the first months following the tragedy someone always at her side to prevent her from harming herself her whole being furiously clenched against the reality she can't face and then reluctantly emerging and over the ensuing years slowly allowing her memory to function again Then she goes back through the rich and joyous life she's mourning from her family's home in London to the birth of her children to the year she met her English husband at Cambridge to her childhood in Colombo while learning the balance between the almost unbearable reminders of her loss and her fundamental need to keep her family somehow still with her

Discrepant Solace David James, 2019 Consolation has always played an uncomfortable part in the literary history of loss But in recent decades its affective meanings and ethical implications have been recast by narratives that appear at first sight to foil solace altogether Illuminating this striking archive *Discrepant Solace* considers writers who engage with consolation not as an aesthetic salve but as an enduring problematic one that unravels at the centre of emotionally challenging works of late twentieth and twenty-first century fiction and life writing The book understands solace as a generative yet conflicted aspect of style where microelements of diction rhythm and syntax capture consolation's alternating desirability and contestation With a wide angle lens on the contemporary scene David James examines writers who are rarely considered in conversation including Sonali Deraniyagala Colson Whitehead Cormac McCarthy W G Sebald Doris Lessing Joan Didion J M Coetzee Marilynne Robinson Julian Barnes Helen Macdonald Ian McEwan Colm Toibin Kazuo Ishiguro Denise Riley and David Grossman These figures overturn critical suppositions about consolation's kinship with ideological complaisance superficial mitigation or dubious distraction producing unsettling perceptions of solace that shape the formal and political contours of their writing Through intimate readings of novels and memoirs that explore seemingly indescribable experiences of grief trauma remorse and dread James demonstrates how they turn consolation into a condition of expressional possibility without ever promising us relief He also supplies vital traction to current conversations about the stakes of thinking with contemporary writing to scrutinize affirmative structures of feeling revealing unexpected common ground between the operations of literary consolation and the urgencies of cultural critique *Discrepant Solace* makes the close reading of emotion crucial to understanding the work literature does in our precarious present
